Guild of Honor Andrew Collins,2002-12-01 Our Goal is God is a unique book in the body mind and spirit market in that it covers a variety of topics in an easy to read and easy to understand way that encourages the reader to challenge the established views of the society by listening to the inner voice the intuition In order to answer the three most frequently asked questions throughout history Who are we Where did we come from and Where are we going the book covers topics like our physical astral an causal body reincarnations cause and effect realms of heaven human abilities creation of the universe meditation and entering into this new age we are standing at the threshold of The book is divided into three sections each for one of the above questions By asking who we are the book takes a look at the present moment and gives a description of our physical astral and causal body works how the universe work and what our relationship is to God The second part takes the reader through time from the dawn of creation to the present moment The third part shows the reader the way into the future by giving advise on how to change our life through awareness and meditation A lot of people all over the world and young people in particular have experiences with the astral world or the spirit world that is hard for them to comprehend and even harder to talk about to their peers and mentors It is my sincere hope that this book will be of comfort to them It will also serve as a guide on how to live more in tune with ourself and our creation Fabricating Women Clare Haru

petitions sent by those condemned for serious crimes to monarchs and princes in France and the Low Countries in the hopes of receiving a full pardon The fifteenth century Burgundian Low Countries and duchy of Burgundy produced a large cache of these petitions from both major cities Bruges Ghent Antwerp and Dijon and rural communities In *Honor Vengeance and Social Trouble* Peter Arnade and Walter Prevenier present the first study in English of these letters to explore and interrogate the boundaries between these sources internal discursive properties and the social world beyond the written text *Honor Vengeance and Social Trouble* takes the reader out onto the streets and into the taverns homes and workplaces of the Burgundian territories charting the most pressing social concerns of the day everything from family disputes and vendettas to marital infidelity and property conflicts and more generally the problems of public violence abduction and rape and the role of honor and revenge in adjudicating disputes Arnade and Prevenier examine why the right to pardon was often enacted by the Burgundian dukes and how it came to compete with more traditional legal means of resolving disputes In addition they consider the pardon letter as a historical source highlighting the limitations and pitfalls of relying on documents that are by their very nature narratives shaped by the petitioner to seek a favored outcome The book also includes a detailed case study of a female actress turned prostitute An example of microhistory at its best *Honor Vengeance and Social Trouble* will challenge scholars while being accessible to students in courses on medieval and early modern Europe or on historiography
