## **Guillaume Groen Van Prinsterer Selected Studies:**

Guillaume Groen Van Prinsterer Jantje Lubbegiena van Essen, Herbert Donald Morton, 1990      **The Antirevolutionary** Roel Kuiper, 2025-06-03 Groen van Prinsterer 1801-1876 born in an aristocratic family became a dedicated Protestant in his younger years and one of the leaders of Dutch and European Christianity gaining an influential role as pioneer in international Christian thought and parliamentary action He criticized the secular ideas of the French Revolution in his **Unbelief and Revolution** 1847 This book has been and still is widely read Two years later he was elected in the Dutch parliament where he became the leader of his Antirevolutionary Party He fought for Christian education and democratic rights As a historian he wrote several books highlighting the merits of the Reformation and God's guidance in the lives of the nations He became the spiritual father of many Christian leaders especially of Abraham Kuyper who shaped this Protestant political movement to be one of the most influential in Dutch history His legacy shaped thinkers like Herman Bavinck and Herman Dooyeweerd the founder of reformational philosophy      **Unbelief and Revolution** Groen van Prinsterer, 2018-11-28 God's word illumines the darkness of society Groen van Prinsterer's **Unbelief and Revolution** is a foundational work addressing the inherent tension between religion and modernity As a historian and politician Groen was intimately familiar with the growing divide between secular culture and the church in his time Rather than embrace this division these lectures originally published in 1847 argue for a renewed interaction between the two spheres Groen's work served as an inspiration for many contemporary theologians and as a mentor to Abraham Kuyper he had a profound impact on Kuyper's famous public theology Harry Van Dyke the original translator reintroduces this vital contribution to our understanding of the relationship between religion and society      In the Phrygian Mode Robert Sweetman, 2007 This volume has emerged from a small scholarly conference on the relationship between Christianity and Greco-Roman civilization above all that civilization's characteristic patterns of philosophical thought The field of investigation is the neo-Calvinist current within Dutch protestantism and the elaboration in the 1920s and 1930s of Calvinistic philosophy as one of its most distinctive effects this parish tale has more to recommend it than might appear at first blush For there is a good argument to be made why such a thoroughly local study can benefit a much broader segment of contemporary Protestantism      Narratives of Low Countries History and Culture Jane Fenoulhet, Lesley Gilbert, Ulrich Tiedau, 2016-11-07 This edited collection explores the ways in which our understanding of the past in Dutch history and culture can be rethought to consider not only how it forms part of the present but how it can relate also to the future Divided into three parts The Uses of Myth and History The Past as Illumination of Cultural Context and Historiography in Focus this book seeks to demonstrate the importance of the past by investigating the transmission of culture and its transformations It reflects on the history of historiography and looks critically at the products of the historiographic process such as Dutch and Afrikaans literary history The chapters cover a range of disciplines and approaches some authors offer a broad view of a particular period such as Jonathan Israel's

contribution on myth and history in the ideological politics of the Dutch Golden Age while others zoom in on specific genres texts or historical moments such as Benjamin Schmidt s study of the doolhof a word that today means labyrinth but once described a 17th century educational amusement park This volume enlightening and home to multiple paths of enquiry leading in different directions is an excellent example of what a past present doolhof might look like
