century Out of Athens Page duBois,2010 Out of Athens sets ancient Greek culture next to the global ancient world of Vedic India the Han dynasty in China and the empires that survived Alexander the Great Publisher description **The Factory Girl and the Seamstress** Amal Amireh,2021-12-24 This book studies the representations of working class women in canonical and popular American fiction between 1820 and 1870 These representations have been invisible in nineteenth century American literary and cultural studies due to the general view that antebellum writers did not engage with their society s economic and social realities Against this view and to highlight the cultural importance of working class women this study argues that in responding to industrialization middle class writers such as Melville Hawthorne Fern Davies and Phelps used the figures of the factory worker and the seamstress to express their anxieties about unstable gender and class identities These fictional representations were influenced by and contributed to an important but understudied cultural debate about wage labor working women and class *The Publishers Weekly* ,1924 Appreciations and Criticisms of the Works of Charles Dickens G.K. Arthur Conan Doyle's Art of Fiction Nils Clauss, 2019-01-22 This groundbreaking book rescues Arthur Conan Doyle from the sub-literary category of popular fiction and from the myth of Sherlock Holmes Instead of following new historicists and postcolonialists and asking what Conan Doyle's fiction reveals about its author and what it tells us about Victorian attitudes to crime class Empire and gender this provocative and convincingly argued literary study shifts the critical emphasis to the neglected art of the novel's tales and stories It demonstrates through close reading that they can be read the same way as canonical literary fiction Unapologetically polemical and written in an accessible jargon-free style this book will stimulate debate and provoke counterarguments but most importantly it will send readers both within and outside the academy back to the fiction with heightened understanding and renewed pleasure At a time when evaluation has virtually disappeared from literary studies this iconoclastic book returns it to the centre
