Unrepentant Peter Edwards, 2014-04-01 In this explicit first hand account a biker who spent 46 years as a member of the Hells Angels and Satan's Choice invites bestselling author Peter Edwards into the story of life lived as we've only imagined it A kid raised by his father's fists on the wrong side of a blue collar town Lorne Campbell grew up watching the local bikers ride past making him wonder what that kind of freedom and power would feel like He soon found out At the age of 17 he became the youngest ever member of the Satan's Choice Motorcycle Club and spent the next 5 decades living a life for which he does not ask forgiveness only that his story finally be told and that his family finally understand what drove him to live the way he did With moments of terror and humour great sadness and the simple pleasures of camaraderie and the open road *Unrepentant* is a book like none other

**The Sexual Person** Todd A. Salzman, Michael G. Lawler, 2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality

theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity's historically and culturally conditioned understanding of human sexuality The *Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium

**Fallen Angel** Jerry Langton, 2009-12-17 Walter Stadnick is not an imposing man At five foot four his face and arms scarred by fire in a motorcycle accident he would not spring to mind as a leader of Canada's most notorious biker gang the Hells Angels yet through sheer guts and determination intelligence and luck this Hamilton born youth who had the nickname of Nurget rose in the Hells Angels ranks to become national president Not only did he lead the Angels through the violent war with their rivals the rock machine in Montreal in the Nineties Stadnick saw opportunity to grow the Hells Angels into a national criminal gang he was a visionary and a highly successful one Bikers are not known for their fondness for rival gangs Stadnick and the Angels fought and defeated rival gangs or used power of persuasion to patch them over As Stadnick's influence spread law enforcement took notice of the growing presence of the Angels in Ontario Manitoba and British Columbia However Stadnick's success did not come without a price Arrested and charged with 13 counts of first degree murder stadnick beat the murder charges but was convicted of gangsterism and is currently serving time *Fallen Angel* details one man's improbable rise to power in one of the world's most violent organizations while shedding light on how this enigmatic and dangerous biker gang operated and why it remains so powerful

**Leadership in Disaster** Raymond Murphy, 2009-04-01 Murphy explores whether technological development inadvertently constructed new vulnerabilities thereby manufacturing a natural disaster As the extreme weather in the ice storm may foreshadow what will occur with global warming *Leadership in Disaster* also explores the politics economics ethics and cultural predispositions involved in climate change investigating how modern societies create both the risks they assume are acceptable and the burden of managing them An innovative comparison with Amish communities where the same extreme weather had trivial consequences is instructive for avoiding future socio economic catastrophes
