want to miss But who are the others Didn't I say there are two kinds of people who won't want to miss reading this book Yes I did The others of course are those who have been to Ireland      The Cumulative Book Index ,1979 A world list of books in the English language      **Guide to Basic Reference Materials for Canadian Libraries** Patricia Fleming, University of Toronto. through the various intermediate level commands at operational and tactical headquarters until it became the orders that sent the infantry forward into the attack In so doing it provides a unique insight into the strengths and weaknesses of British command structure allowing a much more scholarly judgement of its overall effectiveness **The Publishers' Trade List Annual** ,1882 *Basic Reference Sources* Margaret Taylor,Ronald R. Powell,1990 A perennial favorite invaluable as a learning tool I highly recommend it **PREVIEW** **British Sport** Richard William Cox,2003 Volume three of a bibliography documenting all that has been written in the English language on the history of sport and physical education in Britain It lists all secondary source material including reference works in a classified order to meet the needs of the sports historian
