Big Feelings Dan DiPiero,2025-10-07 In the past decade a distinctive resurgence of indie music has seen young queer and feminist artists reformulating the genre with strategic reappropriations of 90s grunge and 2000s era pop Big Feelings offers a nuanced analysis of these musicians and the socio political crises informing their sounds Dan DiPiero situates this new wave of indie music within the context of the emotional sensibilities and social orientations of a young generation flattened by an endless stream of everyday traumas Listening closely to Soccer Mommy Indigo De Souza Jay Som SASAMI The Ophelias Vagabon boygenius and more Big Feelings traces points of resonance and connection that help fans perceive politics where it might first appear absent By bringing listeners experiences into the analysis DiPiero shows how indie rock feminisms have shifted since the 1990s rejecting overt political messages in favor of sonic catharsis and reflecting the complex ambivalent feeling of being young while the world burns In reprising the sounds of an alt rock associated in public consciousness with white male pain Big Feelings doubles down on the stereotypical association between femininity and

emotionality to perform whole spectrums of feeling in varied states of overwhelm In doing so these artists draw attention to overlooked histories of women and queer musicians who have been forging indie rock all along while also remaking how the music matters in the present Rip it Up!
