Guitar World Presents Classic Rock Various Authors, 1999 GUITAR WORLD PRESENTS CLASSIC ROCK Before Elvis Larry Birnbaum, 2013 An essential work for rock fans and scholars, *Before Elvis: The Prehistory of Rock n Roll* surveys the origins of rock n roll from the minstrel era to the emergence of Bill Haley and Elvis Presley. Unlike other histories of rock, *Before Elvis* offers a far broader and deeper analysis of the influences on rock music. Dispelling common misconceptions, it examines rock's origins in hokum songs and big band boogies as well as Delta blues, detailing the embrace by white artists of African American styles long before rock n roll appeared. This unique study ranges far and wide, highlighting not only the contributions of obscure but key precursors like Hardrock Gunter and Sam Theard, but also the influence of celebrity performers like Gene Autry and Ella Fitzgerald. Too often, rock historians treat the genesis of rock n roll as a bolt from the blue, an overnight revolution provoked by the bland pop music that immediately preceded it and created through the white appropriation of music till then played only by and for black audiences. In *Before Elvis*, Birnbaum daringly argues a more complicated history of rock's evolution from a heady mix of ragtime, boogie, wogie, swing, country music, mainstream pop, and rhythm and blues, a melange that influenced one another along the way from the absorption of blues and boogies into jazz and pop to the integration of country and Caribbean music into rhythm and blues. Written in an easy style, *Before Elvis* presents a bold argument about rock's origins and required reading for fans and scholars of rock n roll history. **Carlos Santana** Marc Shapiro, 2000-11-05 Carlos Santana took the music world by storm back in 1969 with his thrilling performance at the Woodstock festival. He was the first guitarist to skillfully blend fiery rock riffs with Latin blues and sensuous Afro-Cuban rhythms to create a unique and unforgettable sound. His vision to create innovative melodies has earned him a magnitude of critical praise and acclaim over his illustrious career. But the road to success has been a rocky uphill climb. The middle child of seven children, Carlos Santana was born on July 20

1947 in a tiny Mexican village where the homes were comprised of brick and mud and there was no running water or lights But what his parents couldn't give in material wealth they heaped upon their children in love It was after the family moved to Tijuana that twelve year old Carlos developed his talent for the guitar and his reputation as a formidable musician spread In 1968 Columbia Records signed on the Santana Blues Band and they began in earnest to work on an album that would include such popular Latin and soul favorites as Black Magic Woman Evil Ways and Oye Como Va On August 15 1969 the Santana band was given the opportunity to play Woodstock before the release of their first album and this performance would forever be etched in fans minds as a key moment in rock history The Santana Blues Bands went from obscurity to instant recognition Shortly thereafter rumblings of discontent were echoed within the group with the volatile mixture of drug abuse personality clashes and the frustrations over the musical direction the band ultimately leading to the demise of the group Following the breakup Carlos Santana delved deeper into the meditative arts and spirituality The succession of albums that followed were greeted with critical acclaim but moderate success In the late 90 s Santana begin working on a new album under the creative direction of Clive Davis head of Arista Records In a brilliant union of collaborating with younger artists as Lauryn Hill Wyclef Jean and Rob Thomas the album Supernatural was a commercial smash It sold over thirteen million copies and appealed to both the baby boomers and the teenage crowd Carlos Santana became the star of the 2000 Grammys and Supernatural won several awards including Best Rock Album of the Year Song of the Year for Smooth and Album of the Year With a career that spans three decades Carlos Santana p0has proven that talent determination and passion are the keys to longevity in a business that is obsessed with youth and beauty Against the odds he has defied the rule of convention and made an incredible comeback His story is timeless inspirational and he has undoubtedly proven himself to be the king of the guitar

artlessness Scanlan describes how they characterize what historian Kevin Starr terms Zen California a state of mind and way of being that above all celebrates the now and in rock and roll terms refers to the unregulated expenditure of energy and youthful exuberance destined to extinguish itself Scanlan sheds light on key events and influences the decaying of Hollywood in the 1970s Ted Templeman's work as a producer at Sunset Sound Studios Top Jimmy a blues rock singer who performed at the Zero Zero club and the building of Eddie Van Halen's Hollywood Hills studio in 1983 that show how 1970s California was the only time and place that Van Halen could have emerged Along the way Scanlan also explores the relationship between David Lee Roth and Eddie Van Halen the climate of Southern California and its relation to a sense of cultural exuberance the echoes of Beat aesthetics in David Lee Roth's attitude to time Eddie Van Halen's bebop sensibility and the real roots of the so called Brown sound An illuminating look at a classic rock group and the cultural moment in which they came of age Van Halen is a book for fans of the band and the history of rock and roll
