C. Lockwood's Atchafalaya C. C. Lockwood, 2007-09-01 At nearly 1 4 million acres the Atchafalaya Basin in south central Louisiana comprises America s largest swamp wilderness Award winning nature photographer C C Lockwood is the foremost chronicler of this natural treasure What began as a curious side trip in 1973 became a decades long love affair and for more than thirty years Lockwood has explored the Atchafalaya s waters and captured its haunting beauty on film Now twenty five years after the publication of his first book he returns to his favorite subject in C C Lockwood s Atchafalaya His passion for the Atchafalaya as expressed in his photographs can be compared to John James Audubon s exuberant appreciation for the state s abundant bird life as depicted in his prints more than 150 years ago The art of both exalts Louisiana s wildlife and cautions against taking it for granted Lockwood revisits and reflects on the places he has frequented most in the swamp recalling his escapades both long past and recent among gators and skeeters He shares the thoughts of basin residents about how the Atchafalaya has changed over time for better and for worse Increases and decreases in various bird and other

animal populations changes in water levels and consistency flora mainstays and trees gone missing burgeoning aquatic vegetation all are keenly observed by this explorer Lockwood finds undiminished the seductive seasonal and diurnal moods of the swamp autumn and spring sunset and moonrise as breathtaking now as in the past In nearly one hundred dazzling color photographs Lockwood brilliantly documents the Atchafalaya s timeless beauty He shows amazingly diverse and abundant wildlife rookeries with thousands of egrets and herons waters with billions of crawfish and ridges with deer squirrel and woodcock Waters run deep in Lockwood s soul as evidenced in his intimate treatment of the meandering bayous fringed with bald cypress trees the many glassy lakes reflecting vegetation into double images and the mighty Atchafalaya River the lifeline of the swamp No place in the world gives me such a feeling of peace as America s largest river basin swamp writes Lockwood In these pages he pays homage to the queen of U S wetlands *Discovering Louisiana* C. C.

Lockwood,1986-07-01 *Discovering Louisiana* is a beautiful paean to the state s diverse natural habitats from the hills and piney woods in the north to the thousands of miles of shoreline in the south As the book s 150 color photographs reveal Louisiana is much more than the swamps and marshes with which it is most often associated C C Lockwood one of the nation s outstanding nature and wildlife photographers and the premier chronicler of the natural wonders of Louisiana and the Gulf region captures splendid views both panoramic and intimate the jagged bluffs of the Tunica Hills in West Feliciana Parish cascading waterfalls and winding creeks in the Kisatchie National Forest in central Louisiana and unobstructed autumnal vistas from the summit of Bates Mountain near Shreveport Lockwood travels along many of the state s scenic rivers and lakes photographing the mist shrouded Bogue Chitto River at dawn the steep sandy banks of Saline Bayou which is bordered by towering hardwood trees and the vast blue expanse of Lake Pontchartrain the state s largest lake He returns to his beloved Atchafalaya the swamp area that is home to a teeming abundance of wildlife including raccoons nutria alligators snakes turtles egrets herons owls and eagles He travels to the state s prairies bogs and cheniers which though small in size nonetheless are very important for the state s wildlife community Finally he visits the coast where he photographs an amazing array of birds on the barrier islands Lockwood augments his breathtaking photographs with an engaging first person narrative account of his adventures He describes the idyllic pleasures of a hundred mile five day canoe trip down the Bogue Chitto and West Pearl rivers the anticipation of climbing the state s highest peak Driskill Mountain and the dangers of trying to navigate five foot swells in Terrebonne Bay Throughout the book Lockwood skillfully conveys the magic that he finds in all of Louisiana and the concern he feels for the state s fragile ecosystem *Where River Meets Sea* Lynne
