**Gulliver of Mars** Edwin Arnold, 2018-12-02 In 1905 Edwin Arnold adapted the classic Gulliver character and story into the adventures of Gullivar Jones Like Washington Irving and Mark Twain did with Rip Van Winkle and Hank Morgan Arnold employs an abstract device to explain how his hero is able to instantaneously be transported to a magical world but instead of being displaced in time he finds himself on Mars Jones is actually carried there by means of a magic carpet making his novel the first significant contribution to what will become the space fantasy genre Gullivar Jones is the perfect unifying idea between Jonathan Swift's hero and his more recognizable descendants Like Lemuel Gulliver Gullivar Jones employs his courtesies to gain the goodwill of the Martian society Arnold's novel calls back to Swift's also because it takes a satirical look at society and its irrational particularities of structure The new element it introduces to that concept is that of swashbuckling space adventure Jones finds himself in a world of weaklings where he an average man of our own world is now superior both in physical strength and mental resolve This is reminiscent of *THE TIME MACHINE* published ten years prior which thrust its protagonist into a world of soft and simple people who were helpless to defend themselves whenever a threat was introduced into their peaceful primitive lives Inspired quite generously by *GULLIVER OF MARS* Edgar Rice Burroughs crafted his own Mars epic the Barsoom stories of John Carter Burroughs must have been directly influenced by Arnold's story because John Carter's adventures follow the same basic framework Unlike Gullivar Jones Carter finds himself on Mars after a run in with Apaches ends with his death Much like Twain's Hank Morgan Carter inexplicably wakes up to find himself on the alien world of Barsoom which he in time comes to learn is the planet Mars Like its predecessors *A PRINCESS OF MARS* makes no effort to explain in rational terms how this is possible

*Gulliver of Mars* Edwin L. **Gulliver of Mars** Edwin Lester Arnold, 2020-11-17 Action romance fantastic creatures and a bit of satire distinguish this groundbreaking novel of adventure fantasy By incredible accident Gulliver Jones finds himself on Mars interacting with strange beings and stranger societies and embarked on a quest to save a beautiful princess from a cruel tyrant First published in England in 1905 under

the title *Lt Gullivar Jones His Vacation* the book was re titled *Gulliver of Mars* when first published in the USA in 1964 The novel can be seen as an example of both early science fiction and the genre of Planetary Romance made popular by Edgar Rice Burroughs and later carried on by C S Lewis Michael Moorcock Jack Vance Anne McCaffrey and others The author shows the influence of H G Wells and supplies a bit of satire in the vein of Jonathan Swift as might be suspected from the title *Gulliver Jones* is a unique character brave but slightly out of his depth in a new world and his adventures among the crumbling cities dense jungles and strange beasts of Mars are distinctively his own Although no sequels to *Gulliver of Mars* were written the character has lived on in several comic books With an eye catching new cover and professionally typeset manuscript this edition of *Gulliver of Mars* is both modern and readable **Gulliver of Mars** Edwin Arnold, 2012-12-16

*Gulliver of Mars* is a novel by Edwin Lester Arnold combining elements of both fantasy and science fiction first published in 1905 The last of Arnold's novels its lukewarm reception led him to stop writing fiction It has since become his best known work and is considered important in the development of 20th century science fiction in that it is a precursor and likely inspiration to Edgar Rice Burroughs's classic *A Princess of Mars* 1911 which spawned the sword and planet genre **Edwin Lester Arnold** Edwin Lester Arnold, 2016-08-19 Many believe that Edgar Rice Burroughs' inspiration to create his world of Barsoom came from this novel Transported to Mars in a most unexpected fashion Lieutenant Gulliver Jones U S N promptly found himself head over heels in adventure and romance Mars was a planet of ruined cities ancient peoples copper skinned swordsmen and weird and awesome monsters There was a princess to be rescued a River of Death to be navigated and a strange prophecy to be fulfilled *Gulliver of Mars (Annotated Edition): Lt. Gullivar Jones: His Vacation* Edwin L. Arnold, 2019-01-20 In 1905 Edwin L Arnold adapted the classic Gulliver character and story into the adventures of Gullivar Jones Like Washington Irving and Mark Twain did with Rip Van Winkle and Hank Morgan Arnold employs an abstract device to explain how his hero is able to instantaneously be transported to a magical world but instead of being displaced in time he finds himself on Mars Jones is actually carried there by means of a magic carpet making this novel the first significant contribution to what will become the space fantasy genre Gullivar Jones is the perfect unifying idea between Jonathan Swift's hero and his more recognizable descendants Like Lemuel Gulliver Gullivar Jones employs his courtesies to gain the goodwill of the Martian society Arnold's novel calls back to Swift's also because it takes a satirical look at society and its irrational particularities of structure The new element it introduces to that concept is that of swashbuckling space adventure Jones finds himself in a world of weaklings where he an average man of our own world is now superior both in physical strength and mental resolve This is reminiscent of *THE TIME MACHINE* published ten years prior which thrust its protagonist into a world of soft and simple people who were helpless to defend themselves whenever a threat was introduced into their peaceful primitive lives But Gullivar's adventures have long reaching effects beyond the modest boundaries of this single book Just as he was inspired by those who came before him he in turn serves as inspiration for the most popular space heroes

that came after In this annotated edition we will explore Gullivar Jones Martian adventure Footnotes will be provided within the text where particular lines or passages are individually worthy of mention but a post script to each chapter will review the story s impacts and influences along the way You are probably familiar with more popular variants of this concept such as those Edgar Rice Burroughs offered in the Barsoom adventures of John Carter but Gullivar is a worthy predecessor and his story stands on its own as a swashbuckling fairy tale of otherworldly adventure If you haven t had the opportunity to experience this book before I think you re in for a treat *Gulliver of Mars Illustrated* Edwin Arnold,2020-02-03 Lieutenant Gulliver Jones U S N arrived on Mars in a most unexpected fashion and promptly found himself head over heels in adventure For Mars was a planet of ruined cities ancient peoples copper skinned swordsmen and weird and awesome monsters There was a princess to be rescued a River of Death to be navigated and a strange prophecy to be fulfilled Here is a long lost classic of inter planetary adventure which some science fiction experts think may have helped to inspire the immortal Edgar Rice Burroughs Though by no means a Burroughs novel everyone who has ever enjoyed a novel of Barsoom will find Edwin L Arnold s GULLIVER OF MARS a special reading delight Gulliver of Mars Edwin Lester Arnold,2018-08-19 Gulliver of Mars is the tale of Lieutenant Gulliver Jones of the United States Navy who magically appears on Mars In a fortunate incident he manages to save the life of Martian Princess Heru who sticks with him as his quick return to Earth is not possible Gulliver learns a lot about the culture of Martian society as they get through many adventures going down a River of Death
