Gun Grabbers:

First They Came for the Gun Owners Mark W. Smith, 2019-10-29 Bestselling author and attorney Mark W Smith exposes the all encompassing nature of the anti gun lobby s attack on the right to keep and bear arms and how it serves as a proxy to empower government to control other important aspects of our lives Smith notes that it s no accident that the people who oppose the Second Amendment also argue for bigger government in other areas as well as favoring sharp limits on free speech and property rights Taken together it is an all encompassing attack on individual liberties by those who consider themselves intellectually and morally superior to average Americans Smith makes a compelling and urgent case that protecting and preserving our right to bear arms is an imperative for all who value freedom whether you own a gun or not

Respected conservative talk show host blogger and TV commentator Dana Loesch gives her views on the history and intent of the Second Amendment and discusses what she believes gun confiscation would mean to Americans basic rights as citizens How many people in America today are truly well versed in the history of the Second Amendment and why it was included in the Bill of Rights In *HANDS OFF MY GUN* Dana Loesch explains why the Founding Fathers included the right to bear arms in the Bill of Rights and argues that gun control regulations throughout history have been used to keep minority populations under control She also contends that current arguments in favor of gun control are primarily based on emotions and fear This narrative is a must read for every Second Amendment supporter Dana Loesch is a determined and fierce advocate for those rights and shouts out hands off my gun **#Duped** Mark W. Smith, 2018-06-15 *Guncrazy America* Frank N.

Egerton, 2018-10-06 The conclusion of this professor historian emeritus is that our gun culture had its uses in establishing American civilization as slavery did But we came to recognize after a bloody civil war that slavery was a gigantic mistake and now I think it s time to realize that our gun culture was a similarly gigantic mistake though of a different kind And we need to do what we can to minimize its horrible impacts and move on to a more positive development of a humane civilization

Gun Country Andrew C. McKevitt, 2023-09-18 Just as World War II transformed the United States into a global military and economic superpower so too did it forge the gun country America is today After 1945 war ravaged European nations possessed large surpluses of mass produced weapons and American entrepreneurs seized the opportunity to buy used munitions for pennies on the dollar and resell them stateside A booming consumer market made cheap guns accessible to millions of Americans and rates of gun ownership and violence began to climb Andrew C McKevitt tells the history of this gun boom through the dynamics of consumer capitalism and Cold War ideology the combination of which resulted in a vast

number of Americans arming themselves to the teeth and centering their political identity on their guns When gun control legislation emerged in the 1960s many Americans accustomed to the unregulated postwar bounty of cheap guns and fearful of Soviet invasion domestic subversion and urban uprisings fiercely challenged it Meanwhile gun control groups were diverted from their abolitionist roots toward a conciliatory fundraising focused strategy that struggled to limit the stockpiling of firearms Gun Country recasts the story of guns in postwar America as one of Cold War and racial anxieties unfettered capitalism and exceptional violence that continues to haunt us to this day

Gunfight: The Battle Over the Right to Bear Arms in America Adam Winkler, 2011-09-06 Gunfight is a timely work examining America's four centuries long political battle over gun control and the right to bear arms In this definitive and provocative history Adam Winkler reveals how guns not abortion race or religion are at the heart of America's cultural divide Using the landmark 2008 case District of Columbia v Heller which invalidated a law banning handguns in the nation's capital as a springboard Winkler brilliantly weaves together the dramatic stories of gun rights advocates and gun control lobbyists providing often unexpected insights into the venomous debate that now cleaves our nation

Emily Gets Her Gun Emily Miller, 2013-09-03 In the wake of tragic shootings in Newtown and Aurora the anti gun lobby has launched a campaign of lies distortion misrepresentation and emotional manipulation that is breathtaking in its vitriol and its denial of basic facts Their goal is to take away our Second Amendment rights and then disarm law abiding Americans Emily Miller tells her personal story of how being a single female victim of a home invasion drove her to try to obtain a legally registered gun in Washington D C The narrative sometimes shocking other times hilarious in its absurdity gives the reader a real life understanding of how gun control laws only make it more difficult for honest law abiding people to get guns while violent crime continues to rise Using facts and newly uncovered research Miller exposes the schemes politicians on Capitol Hill in the White House and around the country are using to deny people their Second Amendment rights She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on our right to keep and bear arms The gun rights debate isn't just about firearms It's about protecting a fundamental right that is enshrined in the U S Constitution It's about politicians who lie manipulate and outright break existing laws to get what they want It's about President Obama wanting a bigger federal government to control you Not just your guns you The fight for gun rights is the fight for freedom Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go

Gun Rights The New York Times Editorial Staff, 2020-07-15 As the Second Amendment to the U S Constitution the right to bear arms may be considered a founding tenet of American life The expression of that right however has generated no end of debate The association of guns with injury murder suicide and accidents has prompted activists and lawmakers alike to propose and pass regulations about who can buy guns and how they can be used While one segment of the population wants to ban guns altogether another bristles at any infringement at all In between both extremes are multiple issues and perspectives that this thought provoking collection of articles examines in

depth Media literacy questions and terms are included to help readers further analyze news coverage and reporting styles
