O'Dell, 2025-06-10 Most equine authorities consider Alexander Keene Richards 1827 1881 one of the nineteenth century's most significant Thoroughbred importers and breeders Born in Georgetown Kentucky and orphaned as a toddler Richards was adopted by his grandfather from whom he inherited not only the family farm in Georgetown but also Transylvania a cotton plantation in East Carroll Parish Louisiana Horses fascinated Richards from an early age and as his passion deepened he became convinced that the key to improving the stamina of the

Thoroughbred in an era when American racing consisted of grueling long distance competitions was to crossbreed American horses with the magnificent steeds of the Middle East As Reinventing the American Thoroughbred recounts Richards traveled thousands of miles on expeditions into the heart of Syria to obtain Arabian stock of the purest blood He became the first American indeed the first Westerner to venture into the desert to bargain directly with nomadic tribesmen for their horses Richards transported the animals back to his grandfather s farm near Georgetown which he transformed into a premier breeding establishment called Blue Grass Park He also used his Transylvania plantation in Louisiana for similar purposes Richards relied on Ansel Williamson an enslaved horse trainer to prepare his Thoroughbreds for racing Williamson developed a reputation as one of the best handlers in the nation The Civil War interrupted Richards s equine breeding experiment Dependent on southern cotton produced by enslaved labor for his wealth Richards sided with the Confederacy and was appointed volunteer aide de camp by General John C Breckinridge During his brief military career he served at Vicksburg and later in the attack on Baton Rouge In late 1862 he received Breckinridge s permission to travel to England to purchase artillery for the general s Kentucky brigade Richards remained in London for the remainder of the war returning to the United States after receiving amnesty Bankrupt he spent the rest of his life attempting to rebuild Blue Grass Park as a nationally recognized Thoroughbred facility Richards s life story chronicled here for the first time by Gary A O Dell is an epic tale of adventure experimentation and devastation that illuminates the grand history of the American Thoroughbred industry in fresh and fascinating ways

Tragedy in Aurora Tom Diaz, 2019-10-31 *Tragedy in Aurora* is about the 2012 murder of budding sports journalist Jessica Jessi Redfield Ghawi in a public mass shooting and the widening circle of pain it inflicted on her family friends police medical first responders and others The book is at the same time a deep examination of the causes and potential cures of the quintessential 21st century

American sickness public mass shootings At the heart of that examination is an unpacking of America's deep polarization and political gridlock It addresses head on the question of why Why is American gun violence so different from other countries Why does nothing seem to change The Parkland kids inspired hope of change But the ultimate questions stubbornly remain what should what can and what will Americans do to reduce gun violence Tragedy in Aurora argues that the answer lies in a conscious cultural redefinition of American civic order Over recent decades America has defined a cultural new normal about guns and gun violence Americans express formalistic dismay after every public mass shooting But many accept gun violence as an inevitable even necessary and to some laudable part of what it means to be American Although Americans claim to be shocked with each new outrage so far they have failed to coalesce around an effective way to reduce gun death and injury The debate is bogged down in polarized and profoundly ideological political and cultural argument Meanwhile America continues to lead the globe in its pandemic levels of gun deaths and injuries Combined with the cynical learned helplessness of its politicians the result is gridlock and a growing roll of victims of carnage Is there a path out of this cultural and political gridlock Tragedy in Aurora argues that if America is to reduce gun violence it must expand the debate and confront the fundamental question of who are we Tom Diaz gives a new understanding of American culture and the potential for change offered by the growing number and ongoing organization of victims and survivors of gun violence Without conscious cultural change the book argues there is little prospect of effective laws or public policy to reduce gun violence in general and public mass shootings in particular
