Campbell,2021-08-09 This work provides readers with an authoritative resource for understanding the true extent and nature of gun violence in America examining the veracity of claims and counterclaims about mass shootings gun laws and public attitudes about gun control This work is part of a series that uses evidence based documentation to examine the veracity of claims and beliefs about high profile issues in American culture and politics Each book in the Contemporary Debates series is intended to puncture rather than perpetuate myths that diminish our understanding of important policies and positions to provide needed context for misleading statements and claims and to confirm the factual accuracy of other assertions This particular volume examines beliefs claims and myths about gun violence gun laws and gun rights in the United States Issues covered in the book include trends in firearm violence mass shootings the impact of gun ownership on rates and types of crime regulations and Supreme Court decisions regarding gun control and the Second Amendment and the activities and influence of organizations ranging from the National Rifle Association to Everytown for Gun Safety All of these topics are examined in individualized entries with objective responses grounded in up to date evidence      **My Covenant** James Robert Sabolick,2013 Most Christians have it all mixed up about Jesus Christ and the church out of Peter s rock For James Robert Sabolick the truth and the way started quite inconspicuously It all started at Fort Pitt Bridge in 1976 Since then his life had been nothing but an unending shredding of sinful ways revelations through dreams and messages out of distinct events in his life and family members There were those countless times he had drowned in alcohol and attempted to end his life while in the US Navy A marriage brought forth the death of a son a few days after birth Yet not even the end of the marriage and life on the streets of Florida could sway his growing faith which started in 1976 all the way to Mount Olives to bury his covenant a Hebrew bullet on the way to Mount Tsijon Zion      *The North British Review* ,1858      *Trust Misplaced* Christopher Flory,2021-08-17 Paul Dodge is no stranger to the dark side of crime As a parole agent and a member of the local Sex Crimes Task Force he knows what depravity lies in the shadows But when an investigation into a local sexual predator leads him to a photo of a judge s daughter and another young girl ends up dead Dodge quickly realizes he doesn t know who to trust In the most dangerous case of his career Dodge races to detangle a growing web of lies and corruption His life and career are both on the line in this high stakes case and a single misstep could end them both      *Shooting Straight* Wayne Lapierre,James Jay Baker,2002-07-25 If the Second Amendment your right to own a gun collapses so does the entire Bill of Rights And there are powerful organized political forces that want to take away your gun rights and shove the Second Amendment into the ashcan of history This is the message of LaPierre and Baker both officers of the National Rifle Association Here the authors break down the agenda of the antigun lobby point by point and provide a strategy for defeating the enemies of your gun rights Freedom and security are not an either or proposition they go together In America they always have with citizens taking responsibility for themselves That s the spirit that has made the NRA the number one champion of freedom for gun owners and all Americans From publisher description      *Supreme Court State of New York* ,      **Building Your Own Emergency**
