## **Guns Of Freedom:**

Guns, Freedom, and Terrorism Wayne R. LaPierre, 2003 On September 11 2001 America was defiled by terror our people mass murdered by fanatics willing to forfeit their own lives to kill as many innocent civilians as they could The horrific evil inflicted on America that day was also a frontal assault on the very values that have made this nation a power house liberty democracy justice and decency To the nation s gun ban lobby however the mindless tragedy was seen as an opportunity to seize on terrorism as an excuse to launch a new wave of harsh gun laws against peaceable citizens But their antidefense dogma fell on deaf ears Citizens quickly decided to assume responsibility for their own protection Homeland security meant exercising Second Amendment rights it meant common sense gun ownership It meant Americans fighting back from airline pilots to average citizens **Guns Freedom and Terrorism** exposes the myths of those who demand we give up the liberties our forefathers fought valiantly to protect It s about the true meaning of an armed citizenry and the nation s bedrock belief in preserving freedom This fact filled book provides forceful and convincing arguments on all the current issues facing firearms ownership in America including arming airline pilots animal rights extremists extortion of firearms manufacturers gun show prohibition international disarmament self defense and right to carry laws media bias and the historical and legal foundations affirming an individual s right to keep and bear arms Book jacket

**First Freedom** David Harsanyi, 2019-10-22 From one of America s smartest political writers comes a captivating and comprehensive journey 1 New York Times bestselling author David Limbaugh of the United States unique and enduring relationship with guns For America the gun is a story of innovation power violence character and freedom From the founding of the nation to the pioneering of the West from the freeing of the slaves to the urbanization of the twentieth century our country has had a complex and lasting relationship with firearms In **First Freedom** nationally syndicated columnist and veteran writer David Harsanyi explores the ways in which firearms have helped preserve our religious economic and cultural institutions for over two centuries From Samuel Colt s early entrepreneurship to the successful firearms technology that helped make the United States a superpower the gun is inextricably tied to our exceptional rise In the vein of popular histories like *American Gun* Salt and Seabiscuit Harsanyi takes us on a captivating and thrilling ride of Second Amendment history that demonstrates why guns are not only an integral part of America s past but also an essential part of its future **First Freedom** is a briskly paced journey a welcome lesson on how guns and America have shaped each other for four hundred years National Review

**Androids, Humanoids, and Other Science Fiction Monsters** Per Schelde, 1994-07 Unlike science fiction literature science fiction film has until now been largely neglected as a genre worthy of study and scholarship **Androids Humanoids and Other Folklore Monsters** explores science fiction sf film as the modern incarnation of folklore emblematic of the struggle between nature and culture but with a new twist

**Guns on the Internet** Connie Hassett-Walker, 2018-07-24 Gun rights and control are well trodden subjects with prior work supporting the right of citizens to own firearms discussing the failure of gun control efforts or warning about

or exhorting citizen gun ownership among other things Although social media in their many forms have only come to dominate modern U S life during the past decade there has been little academic exploration of gun owner communities on the Internet and social media How do gun owners use social media How do they meet other gun owners online What do they talk about as relates to guns With a massive and well organized collection of support material Guns on the Internet faces these questions with an unbiased approach that seeks a foundation for mutual understanding Also available as an audiobook

Freedom's Triumph Magazine Circulation Company,1919      **Pictorial History of Our War with Spain for Cuba's Freedom ...** Trumbull White,1898      *America, Guns, and Freedom* Miguel a Faria Jr M D,2019-10 Dr Miguel Faria s journey into politics and the public health and gun control movements began when as editor of the Journal of the Medical Association of Georgia he studied the problem of gun violence and discovered the gun research conducted by the medical establishment was not scientific research as claimed but politicized result oriented propaganda designed to bolster the preordained conclusion that guns should be eradicated from the general population Faria and three other experts testified before a congressional subcommittee exposing the pseudoscience of the gun research conducted by the Center for Disease Control CDe and proposing the elimination of funds for such research Congress agreed and passed the Dickey Amendment restricting CDC gun research that advocates for gun control Faria relates his adventures during his stint within the belly of the public health establishment that is his appointment by President George W Bush as a member of a grant review committee at the National Center for Injury Prevention and Control NCIPe of the CDC the very institution he had criticized for nearly a decade He criticizes some of the methodology used by the NCIPC and militates for a more rigorous scientific process for approval of grants in the area of injury prevention He exposes specific flaws in several gun violence studies that attempted to link lawful gun ownership to violent crime He argues that gun violence is not merely a consequence of easy gun availability but due to the cycle of government dependency broken families the failure of public education and the cultural disintegration that has been taking place for decades particularly in the poorer southern states and for which the federal government welfare policies have been largely responsible *America Guns and Freedom* outlines why the Second Amendment and armed self defense are still needed in modern society debunks the arguments that the U S should follow the path of European social democracies by enforcing draconian gun control and expounds on how civilian disarmament in Australia and Great Britain despite media hype has not decreased violent crime in those countries In *America Guns and Freedom* the author warns us of the five essential ingredients required for the creation and sustenance of tyrannical governments one of which has been civilian disarmament via gun registration followed by gun bans and confiscation Faria discusses mass shooting incidents and the role of mental illness Special attention is given to the problem of how media sensationalism may encourage deranged individuals and madmen to become mass shooters seeking celebrity status even in death While gun control advocates decry America s gun culture Faria informs us of the significant role that this gun culture played in saving England during World

War II American traditions have been and remain beacons of liberty and this is most evident in America Guns and Freedom  
 Totalitarian governments that deny their citizens the right to keep and bear arms are a threat to life liberty property and the  
 pursuit of happiness *Japan's Fight for Freedom* Herbert Wrigley Wilson,1904 **PICTORIAL HISTORY. OF OUR WAR

 Gordon,1898 A book of heroes or Great victories in the fight for freedom Henry Johnson (Novelist),1902 The Future  
 of the Gun Frank Miniter,2014-08-11 The history of the American gun is intricately entwined with the history of America  
 itself Promising developments in gun technology could change not only America s future but the future of the world  
 Unfortunately the radical anti gun lobby is standing between innovation and the American people Bestselling author Frank  
 Miniter details the amazing breakthroughs waiting to happen in gun technology that could make today s firearms  
 exponentially safer and smarter if the anti gun lobby weren t halting progress in its tracks In *The Future of the Gun* you will  
 learn Why anti gun groups often oppose gun safety features How guns and gun education for young people cut crime How  
 federalism could save your gun rights New trends in gun technology that will make guns safer and more effective Why most  
 talk about assault rifles is bogus How military and civilian gun technology have always advanced in tandem for the benefit of  
 soldiers and private citizens What guns could look like in just a few years Want to know about the future of guns There is no  
 better place to start than here **Emily Gets Her Gun** Emily Miller,2013-09-03 In the wake of tragic shootings in Newtown  
 and Aurora the anti gun lobby has launched a campaign of lies distortion misrepresentation and emotional manipulation that  
 is breathtaking in its vitriol and its denial of basic facts Their goal is to take away our Second Amendment rights and then  
 disarm law abiding Americans Emily Miller tells her personal story of how being a single female victim of a home invasion  
 drove her to try to obtain a legally registered gun in Washington D C The narrative sometimes shocking other times hilarious  
 in its absurdity gives the reader a real life understanding of how gun control laws only make it more difficult for honest law  
 abiding people to get guns while violent crime continues to rise Using facts and newly uncovered research Miller exposes the  
 schemes politicians on Capitol Hill in the White House and around the country are using to deny people their Second  
 Amendment rights She exposes the myths that gun grabbers and liberal media use to get new laws passed that infringe on  
 our right to keep and bear arms The gun rights debate isn t just about firearms It s about protecting a fundamental right that  
 is enshrined in the U S Constitution It s about politicians who lie manipulate and outright break existing laws to get what

they want It s about President Obama wanting a bigger federal government to control you Not just your guns you The fight for gun rights is the fight for freedom Emily Miller says stand up and fight back now because your Second Amendment will only be the first to go

*America and Its Guns* James E. Atwood,2012-06-01 James Atwood contends that the thirty thousand gun deaths America suffers every year cannot be understood apart from our national myth that God has appointed America as the trustee of the civilization of the world and even Christ s light to the nations Because these purposes are noble and we are supposedly a good and trustworthy people violence is sometimes required and gives license to individuals to carry open or concealed weapons which save lives and can even be redemptive Atwood an avid hunter cautions that an absolute trust in guns and violence morphs easily into idolatry Having spent thirty six years as a Presbyterian pastor fighting against the easy access to firearms one of which took the life of a friend he uses his unique experience and his biblical and theological understanding to graphically portray the impact guns have on our society He documents how Americans have been deceived into believing that the tools of violence whether they take the form of advanced military technology or a handgun in the bedside stand will provide security He closes with a wake up call to the faith community which he says is America s best hope to unmask the extremism of the Gun Empire
