G nther F rg 1952 2013 was a German painter sculptor and photographer with an irreverent approach to abstraction F rg s project tackled the latent instability between image and reality His painterly surfaces may appear exquisitely sensitive his installations elegantly precise but these are mastered and executed with a cold detachment His deft manipulations of the languages of abstraction obscured a darker message This publication the most comprehensive to date offers an important new understanding of this extraordinary and complex artist Three years in the making it reinterprets F rg s oeuvre to reveal an artistic project that raises important questions about the traditional role of an object as a conveyor of fixed meaning The book s subtitle *A Fragile Beauty* is an indication of how F rg successfully manipulated what is behind and beyond an object s appearance *Günther Förg* Günther Förg, Paul Schimmel, Bonnie Clearwater, 1989 Exhibition tour January 20 April 2 1989 Newport Harbor Art Museum Newport Beach Calif April 30 June 24 1989 San Francisco Museum of Modern Art San Francisco Calif July 14 September 3 1989 Milwaukee Art Museum Milwaukee Wisc Bibliography p 147 153 *Gunther Forg* Achim Preiss, Bund Deutscher Architekten, Galerie der Stadt Stuttgart, 1993 *Günther Förg* Günther Förg, Thomas Groetz, Siegfried Gohr, 2004 Edited by Thomas Groetz Essay by Siegfried Gohr Günther Förg. You can make something out of nothing Some of the current batch of watercolours were originated on partially sullied sheets of paper on sheets that had been used either as an underlay for the painting of other watercolours or one that were to hand during this process in order that the artist could dab his brush now and then or test the value of a particular colour Such literal working papers now form the basis for watercolours and paintings which cover the whole range from cheery fields of paint blots to an intensive encounter between different principles of form It is self evident that the quasi self originating beginnings of this new pictorial language also deal with the phenomenon of horror vacui which on the one hand equivocally demands that the emptiness the pure white of the canvas should be done away with and yet in so doing simultaneously induces a high degree of anxiety rendering any composition a sheer impossibility We can forge a connection to French Impressionism which was quite literally thrown back upon the essence of the blot in its quest for that true visual insight and depiction of the world as we also could see in these paintings the contemporary answer for that depiction Exhibition Fuhrwerkswaage Cologne 25 3 22 4 2007 **The Museum as Muse** Kynaston McShine, 1999 Published on the occasion of the exhibition of the same name held at the Museum of Modern Art New York March 14 June 1 1999 **Günther Förg**
