Gurdjieff Reconsidered Roger Lipsey, 2019-02-05 From a master biographer and longtime Gurdjieff practitioner a brilliant new exploration of the quintessential Western esoteric teacher of the twentieth century The Greek Armenian teacher G I Gurdjieff was one of the most original and provocative spiritual teachers in the twentieth century West Whereas much work on Gurdjieff has been either fawning or blindly critical acclaimed scholar and writer Roger Lipsey balances sympathetic interest in Gurdjieff and his Fourth Way teachings with a historian s sense of context and a biographer s feel for personality and relationships Using a wide range of published and unpublished sources Lipsey explores Gurdjieff s formative travels in Central Asia his famed teaching institution in France the development of the Gurdjieff Movements and music and above all Gurdjieff s fascinating continuous evolution as a teacher Published on the 70th anniversary of Gurdjieff s death Gurdjieff Reconsidered delves deeply into Gurdjieff s writings and those of his most important students including P D Ouspensky and Jeanne de Salzmann Lipsey s comprehensive approach and unerring sense of the subject make this a must read for anyone with a serious intention to explore Gurdjieff s life teachings and reputation

Gurdjieff's Mission William Patrick Patterson, Henry Korman, Arete Communications, 2007-06-01 Details Gurdjieff s struggle to establish the ancient teaching of the Fourth Way in the West Portrays Gurdjieff s relationship with P D Ouspensky J G Bennett and his work with A R Orage editor and friend of T S Eliot George Bernard Shaw and Ezra Pound Shot on site in St Petersburg Moscow Constantinople London Paris and New York the 80 minute color documentary follows Gurdjieff from his arrival in Russia in 1912 through to 1924

Gurdjieff and the Fourth Way Stephen A. Grant, 2024-08-20 A profound new look at Gurdjieff s life teaching and role as a spiritual leader through the lens of esotericism Gurdjieff warned against taking anything literally or on faith and he advised accepting only experience that could be lived oneself He also said that one has to find out how to know and that understanding higher knowledge depends on one s level of being The aim of the Fourth Way is toward a change of being from the level of man number one two and three to that of man number four Stephen Grant offers a fundamental reassessment of Gurdjieff as a spiritual leader and the Fourth Way as an esoteric teaching This includes recognizing the Fourth Way as esoteric Buddhism This book outlines Gurdjieff s early life and view of ancient history followed by the itinerant course of his teaching from Russia in 1915 to his death in Paris in 1949 The discussion then focuses on his esoteric mission to bring the Fourth Way to the West and its three major stages 1 introducing the system of ideas to and through P D Ouspensky 2 writing his own theory of the teaching principally in Beelzebub s Tales and 3 passing on the practical teaching to and through Jeanne de Salzmann The last five chapters deal with Gurdjieff s relationship with his closest pupils his system of ideas his hidden doctrine in Beelzebub s Tales and the practical knowledge revealed by Mme de Salzmann

The Teachers of Gurdjieff Rafael Lefort, 1979 *The Teachers of Gurdjieff* Rafael LEFORT, 1966 **Gurdjieff** Joseph Azize, 2019-12-10 The Armenian born mystic philosopher and spiritual teacher G I Gurdjieff c 1866 1949 is an enigmatic figure the subject of a great deal of interest and speculation but not easily fitting into any of the common categories of esoteric occult or New Age Scholars have for the most part passed over in silence the contemplative exercises presented in Gurdjieff's writings Although Gurdjieff had intended them to be confidential some of the most important exercises were published posthumously in 1950 and in 1975 Arguing that an understanding of these exercises is necessary to fully appreciate Gurdjieff's contribution to modern esotericism Joseph Azize offers the first complete study of the exercises and their theoretical foundation *The Gurdjieff Movements* Wim van Dullemen, 2018-05-17 Scores of books exist about the life and teachings of the Russian spiritual visionary G I Gurdjieff 1866 1949 yet few devote significant coverage to the Gurdjieff Movements These several hundred precise and mostly asymmetrical gestures arranged into detailed choreographies for groups of practitioners were designed by Gurdjieff himself This new book reconsiders the eminent role of the Movements revealing them as a vital yet often neglected component in the transmission of Gurdjieff's legacy Van Dullemen whose first Movements teacher received her instruction from Gurdjieff himself is in a unique position to offer background theory and first hand experience about this subject He is a professional musician and a long time practitioner of the Gurdjieff work who trained in these Movements and served as a master accompanist for the practice for over thirty years No book can teach the Movements the author clearly asserts And he makes no such attempt here Far from an instruction manual *The Gurdjieff Movements A Communication of Ancient Wisdom* offers invaluable insight into and greater understanding of the whys and wherefores of this fourth arm of the vast teaching that comprises Gurdjieff's complete communication his books his oral teachings his music and finally his Movements Along with fascinating stories of his own journey of discovery van Dullemen has skillfully integrated autobiographical descriptions of the master Gurdjieff interviews with direct pupils of Gurdjieff diligent research within a wide range of firsthand sources descriptions of the scientific cultural and social climate during Gurdjieff's time and the relationship between these and his teaching The book is also a rare accomplishment While highly authoritative it is nonetheless written in a direct style with clear language making it accessible to the public at large who may have interest but little background in this esoteric science and practice **The Work Life** Beryl Pogson, 1994-01-01 The esoteric teaching known as the Work was introduced to the West by Gurdjieff early in this century Pogson studied the Work for many years with Dr Maurice Nicoll Here she gives an account of how the principles of fully applying one's knowledge to one's daily life can be put into action *Georgi Ivanovitch Gurdjieff* Arete Communications, 2017-10 *In Search of Being* G. I. Gurdjieff, 2013-02-13 Are we able to say that life is governed by a group of conscious people Where are they Who are they We see exactly the opposite that life is governed by those who are the least conscious by those who are

most asleep Provocative ideas such as these have attracted generations of thoughtful people to the methods of self study and inner work devised by Gurdjieff one of the most radical spiritual teachers of modern times According to Gurdjieff the wars raging at this very moment are nothing more than millions of sleeping people trying to annihilate millions of other sleeping people Contrary to popular belief there is no such as thing as progress and evolution as long as humanity remains asleep Two hundred conscious people could change the whole of life on the earth Gurdjieff says If we want to become those conscious people we must learn how to change ourselves With the help of self knowledge and an understanding of our relation to the universe we can awaken to a higher level of being if we wish to change ourselves All of Gurdjieff s fundamental principles and methods of transforming the intellect emotions and body in the system known as the Fourth Way are presented in this book in his own clear precise words preserved by his closest pupils Arranged in an orderly sequence of passages drawn from two primary source books P D Ouspensky s *In Search of the Miraculous* and *Views from the Real World* edited by Mme Jeanne de Salzmann this material is an indispensable introduction for those determined to undertake the efforts and practices necessary for awakening consciousness All the basic concepts and methods are covered including man is asleep we have no unified I the need for self knowledge functions of the human machine states of consciousness levels of being three centers moving emotional and thinking personality and essence the possibility of self development self observation remembering oneself conscious evolution the law of three forces the ray of creation the law of octaves the Enneagram a universal symbol the variety of spiritual ways esoteric Christianity working in groups the necessity of schools
