Gurps Mage The Ascension:

GURPS Mage Robert M. Schroeck, Stewart Wieck, 1994-08 Based on the top selling World of Darkness games from White Wolf Introduces a new and different magic system to GURPS **War Games** Philip Hammond, Holger Pötzsch, 2019-12-12 Many of today's most commercially successful videogames from Call of Duty to Company of Heroes are war themed titles that play out in what are framed as authentic real world settings inspired by recent news headlines or drawn from history While such games are marketed as authentic representations of war they often provide a selective form of realism that eschews problematic yet salient aspects of war In addition changes in the way Western states wage and frame actual wars makes contemporary conflicts increasingly resemble videogames when perceived from the vantage point of Western audiences This interdisciplinary volume brings together scholars from games studies media and cultural studies politics and international relations and related fields to examine the complex relationships between military themed videogames and real world conflict and to consider how videogames might deal with history memory and conflict in alternative ways It asks What is the role of videogames in the formation and negotiation of cultural memory of past wars How do game narratives and designs position the gaming subject in relation to history war and militarism And how far do critical anti war peace games offer an alternative or challenge to mainstream commercial titles Detritus Jason Everett, 2003-10 If you have to be told why you should read this book then you shouldn't read this book *The Encyclopedia of Fantasy* John Clute, John Grant, 1999-03-15 Like its companion volume *The Encyclopedia of Science Fiction* this massive reference of 4 000 entries covers all aspects of fantasy from literature to art Playing Harry Potter Lisa S.
