**Uncommon Readers** Christopher J. Knight,2003-01-01 Impressive in scope and erudition Christopher Knight s Uncommon Readers focuses on three critics whose voices mixing eloquence with pugnacity stand out as among the most notable independent critics working during the last half century The critics are Denis Donoghue Frank Kermode and George Steiner and their independence a striking characteristic in a time of corporate criticism is reflective of both their backgrounds Donoghue s Catholic upbringing in Protestant ruled Northern Ireland Kermode s Manx beginnings and Steiner s Jewish upbringing in pre Holocaust Europe and their temperaments Each represents a party of one a fact that has on the one hand made them the object of the occasional vituperative dismissal and on the other contributed to their influence and remarkable longevity Since the 1950s Steiner Donoghue and Kermode have each maintained a highly public profile regularly contributing to such influential publications as Encounter New Yorker New York Review of Books Times Literary Supplement and the London Review of Books This aspect of their work receives particular attention in Uncommon Readers for it illustrates a renewed interest in the role of the public critic especially in relation to the genre of the literary review essay and signals a sustained conversation with an educated public namely the common reader Knight makes the argument for the review essay as a serious and still viable genre and he examines the three critics in light of this assumption He expounds upon the critics separate interests Kermode s identification with discussions of canonicity Steiner s with cultural politics and Donoghue s with the persistent claims of the imagination while

also revealing the ways in which their work often reflects theological interests Lastly he attempts to adjudicate some of the conflicts that have arisen between these critics and other literary theorists especially the post structuralists and to discuss the question of whether it is still possible for critics to work independently Original and deliberative Uncommon Readers presents a renewed defense of the tradition of the common reader Counter-Revolution of the Word (Volume 3 of 3) (EasyRead Super Large 20pt Edition) , **Tributes** Bradford Morrow,Martine Bellen, Lee Smith, 2014-01-21 Rick Moody on John Cheever Ben Marcus on Dr Seuss Mona Simpson on Henry James Forty five essays by great writers about great writers For Tributes Conjunctions invited a number of contemporary writers to pay homage to American literary masters who made something possible for them whether that was the act of writing itself writing a certain book writing in a particular manner or living in a way that was consonant with the act of writing This is an anthology of personal enthusiasms a colloquium Whitman might have seen as a progress of vistas John Sayles offers an appreciation of Nelson Algren Robert Creeley of Edwin Arlington Robinson Nathaniel Mackey on Walt Whitman And then there s Rick Moody on John Cheever Ben Marcus on Dr Seuss Mona Simpson on Henry James Ana Castillo on Ana s Nin Anne Waldman on Jack Kerouac Lydia Davis on Edward Dahlberg All in all forty five authors share compelling tales of their adopted literary parentage New Directions 19 James Laughlin, **Herbert Read and Selected Works** Herbert Read, 2022-07-30 Herbert Read and Selected Works includes four of Herbert Read s most seminal works A Coat of Many Colours Occasional Essays The English Vision An Anthology The Tenth Muse Essays in Criticism and The Politics of the Unpolitical This collection also includes the title Herbert Read A Memorial Symposium a collection of essays that illustrates the many different aspects and achievements of Read s career
