Effective Partnering A Report To Congress On Federal Technology Partnerships:

Effective Partnering, 1996 *Effective Partnering* Richard J. Brody, 1996-06-01 Advocates continued emphasis on federal government partnering with the private sector in developing and deploying new commercial technologies that fulfill mission objectives and enhance U S industry s market strength Programs and policies analyzed include licensing of federal patents competitive research and development agreements the Small Business Innovative Research program the Advanced Technology Program and the Manufacturing Extension Partnership Includes recommendations for further improving the effectiveness of present and future public private partnerships **Public Sector Entrepreneurship** Dennis Patrick Leyden, Albert N. Link, 2015-01-06 Public sector entrepreneurship refers to innovative public policy initiatives that generate greater economic prosperity These initiatives can transform a status quo economic environment into one that is more conducive to economic units engaging in creative and innovative activities in the face of uncertainty Public Sector Entrepreneurship traces the historical development of the concepts of private and public sector entrepreneurship and their connection to the separate notions of risk and uncertainty Based on a formal conceptualization of these notions the book illustrates throughout public sector entrepreneurship in practice using examples from U S technology and innovation policy Technology policy policy to enhance the application of new knowledge learned through science to some known problem and innovation policy policy to enhance the commercialization of a technology are quintessential examples of the public sector recognizing and exploiting opportunities to bring about change and efficiency Using this concept of public sector entrepreneurship as the lens to view the Bayh Dole Act of 1980 the Stevenson Wydler Act of 1980 the R E Tax Credit of 1981 Small Business Innovation Development Act of 1982 the National Cooperative Research Act of 1984 and the Omnibus Trade and Competitiveness Act of 1988 affords us the ability to find elements of commonality among these policies and to discuss their impact on the U S economy from the perspective of entrepreneurial action **Government Laboratory Technology Transfer** Sally Rood, 2018-02-06 This title was first published in 2000 Due to budget cuts and competitiveness pressures determining the outcome of technology transfer from government R D laboratories to private industry and entrepreneurial start ups is of increasing interest This book presents a series of case studies of successful technology transfer by examining the same list of topics for each case It presents a format for analyzing the cases topic by topic a methodology that could be used by any R D laboratory The book also goes one step further and compares the cases that took place prior to national technology transfer legislation with those cases that took place after passage of such legislation An additional feature is the summary of existing attempts to measure and evaluate technology transfer This follows a background section on the technology policy context The analysis finds that there is a significant commercial impact from government laboratory transfer using this approach *Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1997* United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of

Commerce, Justice, and State, the Judiciary, and Related Agencies,1996 Justification of the budget estimates, Department of Commerce United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies,1997 *Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations Fiscal Year 1997, 104th Congress, Second Session, H.R. 3814* United States. Congress. Senate. Committee on Appropriations. Subcommittee on Commerce, Justice, State, the Judiciary, and Related Agencies,1997 Distributed to some depository libraries in microfiche **Public-Private Partnerships in the USA** Tony Wall,2013-03-05 Broadly a Public Private Partnership or PPP is any collaboration between the public and private sector but research in the UK has tended to focus on those that have been used for major infrastructure projects such as roads schools and hospitals This book compares and contrasts PPP research in the UK with that of cases in the USA including interviews with some of the key stakeholders decision makers in the public sector contractors and users of PPPs in North America and observations of PPPs in action such as schools and roads No prior major studies have compared the UK and USA when it comes to the development and operation of PPPs and this book fills a gap in the literature addressing a number of key questions including Is the private sector viewed with less suspicion in the USA when it comes to projects that would normally fall under the aegis of the public sector How do politics affect PPPs How do key players in the PPP process define project success determine the merits and drawbacks of the initiative and deal with controversial elements of the scheme such as value for money and risk transfer The result is a volume that offers practical advice for the future development of PPPs in the UK *Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1998* United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies,1997 **Public-private Policy Partnerships** Pauline Vaillancourt Rosenau,2000 The first book to evaluate public private partnerships in a broad range of policy areas **Public/private Partnerships** ,1998 This report provides an assessment of public private partnerships the challenges they face and their potential within the nation s transportation system Included are examples that highlight activities in various transportation modes and the lessons they demonstrate The report draws the following conclusions Public private partnerships in transportation have had modest success as compared to other public policy agendas The success of these partnerships is limited by factors such as divergent motivations limited resources evolving legal constraints and changing agendas among participants Preventive strategies that minimize the impact of these challenges are needed In order for transportation related partnerships to achieve a fuller potential additional efforts are needed to leverage existing research and development investments and build new ones possibly as part of the overall R D investment environment This report will support decision makers in the public private non profit and academic sectors as they examine and develop opportunities for public private partnership in transportation and other related fields Bibliography web links acronyms **Investing in Innovation** Lewis M. Branscomb,James H. Keller,1999 Shortly after

taking office in 1993 President Bill Clinton and Vice President Al Gore called for a shift in American technology policy toward an expansion of public investments in partnerships with private industry The authors of this volume were invited by the Clinton administration to take a hard nonpartisan look at how successful the new policies have been and to propose ways to make their programs more effective The first summary report of the team's recommendations was called the hottest technology policy property on Capitol Hill This book an expansion of that report offers a new set of technology policy principles The authors use the principles to evaluate many federal research programs and to make recommendations for change This volume will set the terms of the debate over the national research and innovation policy for years to come

Government, Innovation and Technology Policy Sunil Mani, 2002 This volume offers a comprehensive analysis of the changing role of government with respect to domestic technology development in eight countries in both the developed and the developing world The author distinguishes between those countries which can be classed as creators of new technologies Japan Korea and Israel and those which possess the potential to create new technologies Singapore Malaysia India South Africa and Brazil

America Inc.? Linda Weiss, 2014-04-01 For more than half a century the United States has led the world in developing major technologies that drive the modern economy and underpin its prosperity In *America Inc* Linda Weiss attributes the U S capacity for transformative innovation to the strength of its national security state a complex of agencies programs and hybrid arrangements that has developed around the institution of permanent defense preparedness and the pursuit of technological supremacy She examines how that complex emerged and how it has evolved in response to changing geopolitical threats and domestic political constraints from the Cold War period to the post 9 11 era Weiss focuses on state funded venture capital funds new forms of technology procurement by defense and security related agencies and innovation in robotics nanotechnology and renewable energy since the 1980s Weiss argues that the national security state has been the crucible for breakthrough innovations a catalyst for entrepreneurship and the formation of new firms and a collaborative network coordinator for private sector initiatives Her book appraises persistent myths about the military commercial relationship at the core of the National Security State Weiss also discusses the implications for understanding U S capitalism the American state and the future of American primacy as financialized corporations curtail investment in manufacturing and innovation

Public Procurement Policy Gustavo Piga, Tunde Tatrai, 2015-07-24 Appropriate laws and regulations are an essential tool to direct the action of procurers toward the public good and avoid corruption and misallocation of resources Common laws and regulations across regions nations and continents potentially allow for the further opening of markets and ventures to newcomers and new ideas to satisfy public demand This book collects original contributions from both economists and lawyers related to the new European Union Directives just approved in 2014 by the EU Parliament Uniquely this book combines juridical and technical expertise so as to find a common terrain and language to debate the specific issues that a Public Administration in need of advancing and modernizing has to face This format features for each section an

introductory exchange between two experts of different disciplines made of a series of sequential interactions between an economist and a lawyer that write and follow up on one another This is to enrich the liveliness of the debate and improve the mutual understanding between the two professions There are four sections characterized in this book supporting social considerations via public procurement green public procurement innovation through innovative partnerships and Lots the Economic and Legal Challenges of Centralized Procurement This book will be of interest to policy makers practitioners working in the field of EU public procurement as well as academics

Global Technology Transfer John Chumack, 2002 Governments the world over fret continuously about the low level of transfer of technology especially within their own countries The general problem is military to industry although the variations are numerous Problems of presentation offering and support complicate an already byzantine world Yet somewhere within this dilemma lie the seeds of tomorrow's economic uptick Besides the nontrivial problems involved here the reluctance of the people having the technology to share it with someone who can profit from it stands out This book presents the issues and offers a comprehensive bibliography for easy access

Handbook of Research on Entrepreneurship Policy David B. Audretsch, Isabel Grilo, A. Roy Thurik, 2007 This book is a well written and handy source for readers Additionally it provides an overview of current issues relevant to the development of entrepreneurial policy which is based on interesting case studies across a number of nations Dessy Irawati International Journal of Entrepreneurial Behaviour and Research What is new in the world is the need to understand business dynamics the entry exit and growth of firms in the economy This dynamic firm structure as opposed to the static firm structure that dominated past thinking has spurred an outpouring of research The heart of the issue is that while many have identified the importance of business dynamics entry and exit we have only recently taken a closer look at the ecological system in which some companies must die for others to thrive Entrepreneurs are the predators of this system Public policy in an entrepreneurial economy dynamic must limit the forces that prevent firm exit and foster the forces that promote firm entry This book makes an important contribution to the debate Zoltan J Acs George Mason University US and Max Planck Institute of Economics Germany This unique Handbook provides a solid foundation for essential study in the nascent field of entrepreneurship policy research This foundation is initially developed via the exploration of two significant propositions underpinning the nature of entrepreneurship policy research The first is that entrepreneurship has emerged as a bona fide focus of public policy particularly with respect to economic growth and employment creation The second is that neither scholars nor policy makers are presently equipped to understand the public policy role for entrepreneurship The contributors experienced scholars specialist researchers and dynamic policy makers thus grapple with novel questions of considerable policy relevance that few have previously posed The Handbook therefore provides some of the first crucial systematic analyses of important issues and key questions to be raised in order to move entrepreneurship policy forward are also presented Written by academics and practitioners drawing examples from both North America and Europe this stimulating

new Handbook is a prerequisite for students scholars and practitioners in the incipient world of entrepreneurship policy

Science & Engineering Indicators ,1998 **Tech Transfer 2000: making Partnerships Work** ,2000 *Government as Entrepreneur* Albert N. Link,Jamie R. Link,2009-08-26 Interest in entrepreneurship and its impact on the economy has recently exploded and while there have been books published on various aspects of entrepreneurship literature on the role of government has been noticeably absent This book is the first broad effort to emphasize the entrepreneurial aspects of governments
