Making Technology Standards Work for You Susan Brooks-Young,2002 A step by step approach to help administrators develop and implement a vision for using educational technology more effectively

Global Action on School Library Guidelines Barbara A. Schultz-Jones,Dianne Oberg,2015-06-16 This book celebrates the new IFLA School Library Guidelines and shows how the Guidelines can be used in improving school library services Each chapter describes innovative initiatives for developing implementing and promoting school library guidelines The book provides inspiration and guidance for the creation of national school library standards and for the development and use of standards and guidelines to change school library practice to define the teaching role of school librarians to guide the initial preparation of school librarians and to advocate for school library services Contributors to the book come from around the world Australia Canada Ethiopia France Malaysia Norway Poland Portugal Spain Sweden and the United States Their work illustrates the shared commitment of school librarians around the world to teaching and learning for all as envisioned in the IFLA UNESCO School Library Manifesto

School Technology United States. General Accounting Office,1998

Rewiring Education Tony Henderson, Education is at a crossroads and it s time to rethink everything In Rewiring Education Tony Henderson challenges outdated systems and practices calling for a fundamental shift in how we teach learn and prepare for the future Drawing on cutting edge research technology and real world innovation this book offers a blueprint for redesigning education to be more adaptive inclusive and learner centered Whether you re an educator policymaker or passionate learner Rewiring Education provides inspiring ideas and practical strategies to transform schools and unlock the potential of every learner in a rapidly changing world

Planning for Technology Bruce M. Whitehead,Devon F. N. Jensen,Floyd Boschee,2013-09-04 Stay a step ahead of technological change so that every student can flourish Students and classrooms are growing more technologically savvy every semester which presents you with an essential choice Will you let these learning tools sit idle or will you unleash the power of technology for your students and

staff The first edition of Planning for Technology created leaders who empowered students to master the technological tools now required for success This second edition will prepare you for the coming decade when the pace of change will be much faster In addition to the core methods and exercises this book includes Revisions addressing essential digital developments of the past decade that school leaders must learn to utilize New content covering guidelines for addressing the new Common Core State Standards distributed leadership adult learning theory digital citizenship cybersecurity cloud computing and more A new chapter on creating a culture of technology that goes beyond user manuals to create responsible tech savvy students Technology is no longer optional it is a requirement for success in the 21st century Planning for Technology is the go to resource for ensuring your students thrive This book is about how to plan for technology promote it pay for it and take steps to ensure that it really is improving student achievement This book makes school administrators consider more thoughtfully how they are using technology for teaching and learning and why It helps the reader understand how to plan for and implement technology in a more effective way Patricia L Tucker Retired Regional Superintendent District of Columbia Public Schools DC The reflective activities at the end of every chapter prompt leaders to think about diverse areas they may have not thought about before Frances L O Reilly Assistant Professor of Educational Leadership The University of Montana Missoula

The Principal's Guide to Curriculum Leadership Richard D Sorenson, Richard D. Sorenson, Lloyd M. Goldsmith, Zulma Y. Méndez, Karen Taylor Maxwell, 2011-01-13 This guide walks headteachers through the curriculum development and renewal process with a focus on integrating standards Includes case studies activities and curriculum models *The Adoption of Artificial Intelligence and Inertia in Higher Education* James Hutson, 2025-10-01 This research monograph explores the complex resistance to integrating Artificial Intelligence AI within higher education institutions Despite the significant potential of AI to enhance education faculty adoption remains inconsistent and is often met with skepticism This book investigates key factors contributing to this resistance such as leadership deficits funding barriers cultural inertia and faculty attitudes toward technological change Drawing on qualitative and quantitative empirical data case studies from U S and international institutions and theoretical analysis the book uncovers underlying concerns about job security and professional identity It points to actionable strategies for overcoming these barriers and will be relevant for scholars researchers advanced students and educators grappling with issues navigating technological integration in academia and with interests in the sociology of education educational technology and higher education administration

Using Social Media Effectively in the Classroom Kay Kyeong-Ju Seo, 2013 Organized according to the ADDIE model contributors describe innovative strategies for incorporating social media into education as well as issues to be taken into consideration during analysis design development implementation and evaluation Provided by publisher [Positioning English for Specific Purposes in an English Language Teaching Context](#) Nadežda Stojković, 2019-01-18 With the unrelenting spread of globalization the English language has been firmly established as the Lingua Franca Now more than ever the

importance of learning English is paramount within nearly all professional and educational sectors English for Specific Purposes ESP has long been accepted as an effective method for teaching English as a foreign language In recent years it has experienced an increasing presence in secondary and tertiary education across the globe This is predominantly due to its learner centered approach that focuses on developing linguistic competence in the student s specific discipline may that be academics business or tourism for example Positioning English for Specific Purposes in an English Language Teaching Context attempts to present and define the relevance and scope of ESP within English Language teaching From mobile phones as educational tools to the language needs of medical students the contributors to this volume examine and propose different epistemological and methodological aspects of ESP teaching Its unique approach to ESP marks this volume out as an important and necessary contribution to existing ESP literature and one that will be of use to both researchers and practitioners of ESP

Digital Transformation of Learning Organizations Dirk Ifenthaler, Sandra Hofhues, Marc Egloffstein, Christian Helbig, 2021-01-05 This open access volume provides insight into how organizations change through the adoption of digital technologies Opportunities and challenges for individuals as well as the organization are addressed It features four major themes 1 Current research exploring the theoretical underpinnings of digital transformation of organizations 2 Insights into available digital technologies as well as organizational requirements for technology adoption 3 Issues and challenges for designing and implementing digital transformation in learning organizations 4 Case studies empirical research findings and examples from organizations which successfully adopted digital workplace learning

Technology for Students with Disabilities National School Boards Association, 1997 This guide presents strategies for applying technology to help students who have cognitive and physical disabilities and shows how technology is useful not only in presenting curriculum and assessing students but also in the administration and organization of special education programs Case studies and descriptions of state of the art applications illustrate how technology can help students with disabilities master complex materials and basic skills and how technology can support educators in assessing and evaluating students progress Chapter 1 describes the most common challenges associated with educating children with disabilities and discusses research validated approaches in assistive instruction and assessment technologies Chapter 2 demystifies the process of determining what technology will best meet student needs and discusses the cost effective acquisition of those technologies Chapter 3 delineates strategies necessary to ensure that technology investments produce continuous learning improvements including the establishment of a technology team and devising a long range technology plan Chapter 4 provides assistance in finding the help needed to make technology pay off It includes an extensive resource list that provides contact information and describes national state and local organizations information centers clearinghouses and research group that provide services information and demonstrations of technology An appendix includes relevant federal documents on assistive technology CR

JSL Vol 26-N2 JOURNAL OF SCHOOL LEADERSHIP, 2016-04-13 JSL invites the submission

of manuscripts that contribute to the exchange of ideas and scholarship about schools and leadership All theoretical and methodological approaches are welcome We do not advocate or practice a bias toward any mode of inquiry e g qualitative vs quantitative empirical vs conceptual discipline based vs interdisciplinary and instead operate from the assumption that all careful and methodologically sound research has the potential to contribute to our understanding of school leadership We strongly encourage authors to consider both the local and global implications of their work The journal s goal is to clearly communicate with a diverse audience including both school based and university based educators The journal embraces a broad conception of school leadership and welcomes manuscripts that reflect the diversity of ways in which this term is understood The journal is interested not only in manuscripts that focus on administrative leadership in schools and school districts but also in manuscripts that inquire about teacher student parent and community leadership

Resources in Education ,2001 *Technology, Innovation, and Educational Change* Susan Brooks-Young,Joke Voogt,2004 This book highlights the scope and variety of curricular change with educational technology Research teams from 28 countries in North America Europe Asia South America and Africa developed 174 case reports of innovative classrooms all over the globe They used classroom observations interviews with teachers and principals and focus groups of students and parents to examine trends and effects The study highlights innovative uses of technology and identifies environmental criteria that could be used in implementing technology integration strategies

Learning and Leading with Technology ,2007 **The Digital Principal** Hughes, Janette,Burke, Anne,2014-04-21 Although educational leaders do not have to be digital experts they play an important role in supporting learning communities that embrace technological innovation and promote systemic change The Digital Principal shows administrators how to apply their leadership skills to a learning environment rich in technology and provide opportunities for both students and teachers to work and learn within the digital world From the basics of digital literacy to connecting to the digital community this timely book establishes an effective framework for integrating technology into instruction and learning

The SAGE Encyclopedia of Educational Technology J. Michael Spector,2015-01-29 The SAGE Encyclopedia of Educational Technology examines information on leveraging the power of technology to support teaching and learning While using innovative technology to educate individuals is certainly not a new topic how it is approached adapted and used toward the services of achieving real gains in student performance is extremely pertinent This two volume encyclopedia explores such issues focusing on core topics and issues that will retain relevance in the face of perpetually evolving devices services and specific techniques As technology evolves and becomes even more low cost easy to use and more accessible the education sector will evolve alongside it For instance issues surrounding reasoning behind how one study has shown students retain information better in traditional print formats are a topic explored within the pages of this new encyclopedia Features A collection of 300 350 entries are organized in A to Z fashion in 2 volumes available in a choice of print or electronic formats Entries authored by key figures in the field conclude with cross references and further

readings A detailed index the Reader s Guide themes and cross references combine for search and browse in the electronic version This reference encyclopedia is a reliable and precise source on educational technology and a must have reference for all academic libraries
