The Egyptian Museum in Cairo Abeer El-Shahawy, Mathaf al-Miṣrī, 2005 Cairo's Egyptian Museum houses the largest collection of Egyptian antiquities in the world. Some 150 000 pieces are exhibited and another 30 000 are held in storerooms. Sabbahy, 2019-04-24. Written by specialists in the field of Egyptology, this book is a readable introduction to ancient Egypt covering all anticipated subjects and stressing the monuments and material culture of this remarkable ancient civilization. The rich natural resources of ancient Egypt provided a wealth of raw material for its structures, sculptures and art, while its geographic isolation helped to ensure the survival of its rich culture for centuries. While other references focus on the people and battles central to Egyptian history, this reference explores the material culture and social institutions of ancient Egypt. The book focuses on pharaonic Egypt, covering the period from roughly 5000 BCE to the beginning of the Greco-Roman Period in 320 BCE. At the front of the work, a timeline provides a quick look at the major events in Egyptian history, and an introduction surveys ancient Egypt's physical geography and history. Alphabetically arranged reference entries, written by expert contributors, then provide fundamental information about the buildings, jewelry, social practices, and other topics related to the material culture and institutions that made up the Egyptian world. Excerpts from primary source historical documents provide evidence for what we know about ancient Egyptian culture and suggestions for further reading direct users to additional sources of information. Visualizing the Afterlife in the Tombs of Graeco-Roman Egypt Marjorie Susan Venit, 2016. The author contextualizes the tombs within their social, political, and religious context and considers how the multicultural population of Graeco-Roman Egypt chose to negotiate death and the afterlife. **Artifacts from Ancient Egypt** Barbara Mendoza, 2017-10-05. Primary source documents and detailed entries reveal what ancient Egypt was like using the objects and artifacts of daily life from the period covering the Predynastic era through the Greco-Roman period, 5000 BCE to 300 CE. Historians have found that valuable knowledge about long ago civilizations can be derived from examining the simple routines of daily life. This fascinating study presents a collection of everyday objects and artifacts from ancient Egypt, shedding light on the social life and culture of ancient Egyptians. The work starts with a popular notion of ancient Egyptian beauty and gradually moves on to address various aspects of life, including home, work, communication, and transition, and afterlife. Organized by topics, the work contains the following sections: beauty, adornment,

and clothing household items furniture and games food and drink tools and weapons literacy and writing death and funerary equipment and religion ritual and magic Each object holds equal importance and dates from the Predynastic era to the Greco-Roman period of ancient Egypt 5000 BCE to 300 CE A special section provides guidance on evaluating objects and artifacts by asking questions Who created it Who used it What did it do what was its purpose When and where was it made Why was it made to help assess the historical context of the object Encyclopedia of the Archaeology of Ancient Egypt Kathryn A.
