El Cuerpo De Cristo The Hispanic Presence In The Us Catholic Church

Kathleen A. Cahalan, Gordon S. Mikoski

El Cuerpo De Cristo The Hispanic Presence In The Us Catholic Church:

El Cuerpo de Cristo Peter J. Casarella, Raúl Gómez, 1998 Interdisciplinary studies by leading Hispanic scholars investigate the religious cultural and artistic dimensions of Hispanic Latino Catholicism in the United States revealing the promise it holds for the Church of the next millennium Uncovering the riches of Hispanic Latino Catholicism the essays in this volume explore its roots in the Spanish colonial and Amerindian traditions of Latin America as well as the cultural and religious breadth of contemporary Latino faith Hispanic American Religious Cultures Miguel A. De La Torre, 2009-09-10 This encyclopedia is the first comprehensive survey of Hispanic American religiosity contextualizing the roles of Latino and Latina Americans within U S religious culture Spanning two volumes Hispanic American Religious Cultures encompasses the full diversity of faiths and spiritual beliefs practiced among Hispanic Americans It is the first comprehensive work to provide historic contexts for the many religious identities expressed among Hispanic Americans The entries of this encyclopedia cover a range of spiritual affiliations including Christian religious expressions world faiths and indigenous practices Coverage includes historical development current practices and key individuals while additional essays look at issues across various traditions By examining the distinctive Hispanic interpretations of religious traditions Hispanic American Religious Cultures explores the history of Latino and Latina Americans and the impact of living in the United States on their culture

Latino Religions and Civic Activism in the United States Gaston Espinosa, Virgilio Elizondo, Jesse Miranda, 2005-08-11 The Latino community in the United States is commonly stereotyped as Roman Catholic and politically passive *Latino Religions and Civic Activism in the United States* challenges and revises these stereotypes by demonstrating the critical influence of Latino Catholics Evangelicals Pentecostals Mainline Protestants and others on political civic and social engagement in the United States and Puerto Rico It also revises the ostensibly secular narrative of Latino history and politics The authors analyze the critical role that institutional popular and civil religion have played in Latino activism This timely book offers readers a new framework by which to understand and to interpret the central importance of religious symbols rhetoric ideology world views and leaders to Latino religions and politics over the past 150 years *Latinos and the New Immigrant*

Church David A. Badillo, 2006-06-19 Publisher Description **On Being Human** Miguel H. Díaz, 2014-06-30 Makes a significant contribution to theological anthropology done by and for a world Church Important new insights about the fundamental identity of human persons and communities emerge as the author brings the writings of Karl Rahner and U S Hispanic theologians into a creative and mutually enriching conversation **Belief in Media** Mary E. Hess, 2020-07-24 Most works on media developments and Christianity approach the subject from the perspective of the implications of new media technologies for traditional Christian practices or how churches can use new media to further their goals The common framework of analysis is a given reality of traditional institutional Christianity and how it interacts with affects and is affected by media Media are treated as a separate cultural reality This book presents in an accessible form the new directions that

approach the interaction of media and religion from a cultural perspective and illustrates these new directions by a number of international and intercultural case studies and explorations Looking at how global media are constructing cultural forms structures and processes the authors show how these have become the life out of which individual and social meaning is created and practised Examining how individuals create religious meaning by interacting with media of various kinds crossing boundaries of traditional religious cultures and contemporary media cultures this book reveals how Christian institutions are also defined in the process of living culturally within their broader media context La Vida Sacra James Empereur, Eduardo C. Fernández (s.j.), 2006-10-12 Presents an insightful approach to the sacraments from the perspective and actual practice of Latinos over the centuries This work offers a distinctive take on the belief and enculturation of the sacraments in the Latino experience and context It is suitable for theology courses as well as directors of ministerial programs and their students

Opening the Field of Practical Theology Kathleen A. Cahalan, Gordon S. Mikoski, 2014-04-10 Opening the Field of Practical Theology introduces students to practical theology through an examination of fifteen different approaches ranging from feminist to liberationist Roman Catholic to evangelical Asian American to Latino a After an introduction to the field of practical theology and its broad range of practice today the book features chapters written by leading experts in the discipline Each chapter has an identical structure to facilitate comparison covering historical context key features and figures norms and sources of authority theory practice contexts interdisciplinary considerations areas of current and future research and suggested readings Opening the Field of Practical Theology is an ideal introduction to the field highlighting the diverse ways practical theology is engaged today

The Wiley Blackwell Companion to Latino/a Theology Orlando O. Espin, 2015-08-10 Latino a Theology The one volume Companion to Latino a Theology presents a systematic survey of the past present and future of Latino a theology introducing readers to this significant US theological movement Contributors to the Companion include many established scholars of the highest caliber together with some new and exciting voices within the various theological disciplines A mixture of Catholic Protestant and Evangelical scholars they discuss the publications and contributions of theologians who reflect from and participate in the faith and realities of US Latino a communities Providing unparalleled breadth and depth in the discussion of the key issues each chapter begins with a summary of the theological publications and thought within Latino a theology and then proceeds to develop a constructive contribution on the topic This invaluable and unique Companion edited by one of the foremost Latino theologians currently working and writing in the field is fully ecumenical comprehensive and wholly representative of the wide range of ecclesial and theological traditions It will become both an important resource for scholars and an unparalleled introduction to the entire discipline

Preaching to Latinos Michael Kueber, Michael I. Kueber, 2022-11-08 There is a wide and growing gap in the Catholic Church in the United States between the clergy who are mostly of European descent and the large percentages of Catholics who identify as Latinos While the US Church has made a concerted effort to

build Hispanic ministries many clergy and lay ministers are still ill equipped to understand the cultural background of their parishioners especially the large numbers who are foreign born Because of this disconnect the Church risks missing the Hispanic Moment in the US Church in which the faith and traditions of these newest waves of US immigration could not just exist in parallel to English language congregations but enrich and enliven the faith of the whole community while passing on the faith to subsequent generations Learning Spanish while helpful is not enough There are intercultural competencies that can only be developed through practice but it also helps already busy clergy to have a concise guide In addition to knowing the scholarly literature on cross cultural preaching and Hispanic culture Father Michael Kueber has twenty years of experience serving first generation Hispanic immigrants and their second generation children In *Preaching to Latinos* Kueber provides the readers with best practices for preaching to and leading their churches As a member of an ecumenical community he is able to speak to members of all Christian denominations

A Reader in Latina Feminist Theology María Pilar Aquino, Daisy L. Machado, Jeanette Rodríguez, 2010-01-01 Speaking for the growing community of Latina feminist theologians the editors of this volume write With the emergence and growth of the feminist theologies of liberation we no longer wait for others to define or validate our experience of life and faith We want to express in our own words our plural ways of experiencing God and our plural ways of living our faith And these ways have a liberative tone With twelve original essays by emerging and established Latina feminist theologians this first of its kind volume adds the perspectives realities struggles and spiritualities of U S Latinas to the larger feminist theological discourse The editors have gathered writings from both Roman Catholics and Protestants and from various Latino a communities The writers address a wide array of theological concerns popular religion denominational presence and attraction methodology lived experience analysis of nationhood and interpretations of life lived on a border that is not only geographic but also racial gendered linguistic and religious

Junípero Serra Rose Marie Beebe, Robert M. Senkewicz, 2015-03-11 In *Junípero Serra* California Indians and the Transformation of a Missionary Beebe and Senkewicz focus on Serra s religious identity and his relations with Native peoples They intersperse their narrative with new and accessible translations of many of Serra s letters and sermons which allows his voice to be heard in a more direct and engaging fashion

Católicos Mario T. García, 2010-01-01 Chicano Catholicism both as a popular religion and a foundation for community organizing has over the past century inspired Chicano resistance to external forces of oppression and discrimination including from other non Mexican Catholics and even the institutionalized church Chicano Catholics have also used their faith to assert their particular identity and establish a kind of cultural citizenship Based exclusively on original research and sources Mario T. García here offers the first major historical study to explore the various dimensions of the role of Catholicism in Chicano history in the twentieth century This is also one of the first significant studies in the still limited field of Chicano religious history Topics range from how early Chicano Catholic intellectuals and civil rights leaders were influenced by Catholic Social Doctrine to the role that popular religion has played

in the lives of ordinary men and women in both rural and urban areas Garcia also examines faith based Chicano community movements like Católicos Por La Raza in the 1960s and the Sanctuary movement in Los Angeles in the 1980s While Latino a history and culture has been for the most part inextricably linked with the tenets and practices of Catholicism there has been very little written until recently about Chicano Catholic history Garcia helps to fill that void and explore the impact both positive and negative that the Catholic experience has had on the Chicano community

The Cambridge Companion to American Catholicism Margaret M. McGuinness, Thomas F. Rzeznik, 2021-06-17 Provides a concise yet comprehensive guide to understanding the complexity and diversity of the American Catholic experience

American Catholics in the Protestant Imagination Michael P. Carroll, 2007-11-12 Michael P Carroll argues that the academic study of religion in the United States continues to be shaped by a Protestant imagination that has warped our perception of the American religious experience and its written history and analysis In this provocative study Carroll explores a number of historiographical puzzles that emerge from the American Catholic story as it has been understood through the Protestant tradition

Reexamining the experience of Catholicism among Irish immigrants Italian Americans Acadians and Cajuns and Hispanics Carroll debunks the myths that have informed much of this history Shedding new light on lived religion in America Carroll moves an entire academic field in new exciting directions and challenges his fellow scholars to open their minds and eyes to develop fresh interpretations of American religious history

The Oxford Handbook of the Incas Sonia Alconini, R. Alan Covey, 2018-04-02 When Spaniards invaded their realm in 1532 the Incas ruled the largest empire of the pre Columbian Americas Just over a century earlier military campaigns began to extend power across a broad swath of the Andean region bringing local societies into new relationships with colonists and officials who represented the Inca state With Cuzco as its capital the Inca empire encompassed a multitude of peoples of diverse geographic origins and cultural traditions dwelling in the outlying provinces and frontier regions Bringing together an international group of well established scholars and emerging researchers this handbook is dedicated to revealing the origins of this empire as well as its evolution and aftermath Chapters break new ground using innovative multidisciplinary research from the areas of archaeology ethnohistory and art history The scope of this handbook is comprehensive It places the century of Inca imperial expansion within a broader historical and archaeological context and then turns from Inca origins to the imperial political economy and institutions that facilitated expansion Provincial and frontier case studies explore the negotiation and implementation of state policies and institutions and their effects on the communities and individuals that made up the bulk of the population Several chapters describe religious power in the Andes as well as the special statuses that staffed the state religion maintained records served royal households and produced fine craft goods to support state activities The Incas did not disappear in 1532 and the volume continues into the Colonial and later periods exploring not only the effects of the Spanish conquest on the lives of the indigenous populations but also the cultural continuities and discontinuities Moving into the present the volume ends with an

overview of the ways in which the image of the Inca and the pre Columbian past is memorialized and reinterpreted by contemporary Andeans

Evangelizing America Thomas P. Rausch, 2004 Evangelizing America probes the interdependence of culture and faith surveys different approaches to evangelization among contemporary Catholics and looks at what evangelization means in a parish context BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Religion in the Contemporary South Corrie Norman (E.), Donald S. Armentrout, 2005 Religion has always been crucial to the cultural identity of the South The field of southern religious studies is quite young however and most scholarship has focused on the kinds of evangelical fundamentalist activity for which the phrase Bible Belt was coined Religion in the Contemporary South is the first book to fully address the emerging religious pluralism in the South today Featuring an introduction by Samuel S Hill Religion in the Contemporary South brings together fourteen essays by both established and emerging scholars that deal with a spectrum of topics These topics include religious identities in the South that weave in and out of the past new religious expressions in the South and the shifting position of old minority traditions and a microcosmic look at the Episcopal Church The collection comes at a time of sweeping change in the South as the 150 year stronghold of evangelical Protestantism the Baptist Methodist hegemony gives way to a more diverse religious tradition one that includes leadership by women decreasing marginalization for Roman Catholicism and Judaism and the growing presence of so called alien religious traditions Buddhism Hinduism and Islam In his essay A Crumbling Empire Bill J Leonard talks about the future of the Baptist denomination which grows more uncertain as moderates break ties with the fundamentalist leaders of the Southern Baptist Convention In Our Lady of Guadeloupe Visits the Confederate Memorial Thomas Tweed notes the growth of Hindu Buddhist and Muslim traditions in the South Susan Ridgely Bales examines the state of southern Catholicism in Sweet Tea and Rosary Beads and in Quiet Revolutionaries D Jonathan Grieser Corrie E Norman and Don S Armentrout discuss the ways in which women priests in the Southern Episcopal Church construct their lives and callings These and other offerings are varied comprehensive and provocative As the South changes and its religious life evolves so must scholarship Religion in the Contemporary South is a guide to the new southern religions more diverse sometimes controversial but as vital to the region as ever

Local Worship, Global Church Mark R. Francis, 2014-02-06 How would the history of Roman Catholic worship look if it were viewed first from the perspective of the people in the pews rather than through the deliberations of popes and church councils or the writings of theologians How did the common people down through the ages understand what they were doing when they came together in worship and was this understanding always the same as the official interpretation of the church authorities In Local Worship Global Church Mark Francis explores the history of the liturgy from the bottom up rather than from the top down and comes to conclusions that complement our understanding of the history of the liturgy and its relationship to faithful Christians from the first century CE to our own time

Christ Our Companion Roberto S. Goizueta, 2009 How the lives of the companions of Jesus become the canvas upon

which God paints a picture of liberation Goizueta unites this book around the disjuncture between the Christian claim that Christ's life, death, and resurrection are the key to universal human meaning and our increased consciousness of the diverse pluralistic world in which we live. How can a Christian proclaim his message when the rationales for so much of the violence we see around us are grounded in religious principles? The credibility of Christ's claims rests on the evidence presented by those persons who have lived out those claims.
