El Greco ,1999 *El Greco* El Greco,1999 **El Greco** ,1999 **El Greco** Jose Alvarez Lopera,1999 El Greco ,1999 **The Pictorial Art of El Greco** Livia Stoenescu,2025-10-01 The Pictorial Art of El Greco Transmaterialities Temporalities and Media investigates El Greco s pictorial art as foundational to the globalising trends manifested in the visual culture of early modernity It also exposes the figurative semantic and allegorical senses that El Greco created to challenge an Italian Renaissance centered discourse Even though he was guided by the unprecedented burgeoning of devotional art in the post Tridentine decades and by the expressive possibilities of earlier religious artifacts especially those inherited from the apostolic past the author demonstrates that El Greco forged his own independent trajectory While his paintings have been studied in relation to the Italian and Spanish school traditions his pictorial art in a global Mediterranean context continues to receive scant attention Taking a global perspective as its focus the book sheds new light on El Greco s highly original contribution to early Mediterranean and multi institutional configurations of the Christian faith in Byzantium Venice Rome Toledo and Madrid **El Greco - The Cretan Years** Nikolaos M. Panagiotakes,translated by John C. Davis,2016-12-05 Exploring all the available sources this study which until now was only available in Greek presents us with an account of El Greco s life up to the time he left Crete for Italy in 1567 at the age of twenty six already an accomplished professional painter Nikolaos Panagiotakes provides a thorough assessment of earlier research on Crete of the 16th century then goes on to present new conclusions on the life of El Greco deriving from the author s firsthand reading of Venetian archive material including questions relating to his birthplace family name religious affiliation and apprenticeship as a painter The evidence indicates that El Greco was an established professional master painter earlier than had previously been thought and also that he had a family before leaving Crete thus perhaps explaining why he did not later marry Jer nima de las Cuevas with whom he had a son in Toledo This work marks a valuable contribution to El Greco scholarship particularly in its thoroughly substantiated assessment of the evidence regarding the formative years in the life of El Greco one of the greatest of all European artists **Art and the Religious Image in El Greco's Italy** Casper, Andrew R.,2014-02-04 Art and the Religious Image in El Greco s Italy is the first book length examination of the early career of one of the early modern period s most notoriously misunderstood figures Born around 1541 Domenikos Theotokopoulos began his career as an icon painter on the island of Crete He is best known under the name El Greco for the works he created while in Spain paintings that have provoked both rapt admiration and scornful disapproval since his death in 1614 But the nearly ten years he spent in Venice and Rome from 1567 to 1576 have remained underexplored until now Andrew Casper s examination of this period allows us to gain a proper understanding of El Greco s entire career and reveals much about the tumultuous environment for religious painting after the Council of Trent Art and the Religious Image in El Greco s Italy is a new book in the Art History Publication Initiative AHPI a collaborative grant from the Andrew W Mellon Foundation Thanks to the AHPI grant this book will be

The Conversos and Moriscos in Late Medieval Spain and Beyond Kevin Ingram, 2009 Converso and Morisco are the terms applied to those Jews and Muslims who converted to Christianity mostly under duress in late medieval Spain *Converso and Moriscos Studies* examines the manifold cultural implications of these mass conversions

Converso Non-Conformism in Early Modern Spain Kevin Ingram, 2018-12-06 This book examines the effects of Jewish conversions to Christianity in late medieval Spanish society Ingram focuses on these converts and their descendants known as conversos not as Judaizers but as Christian humanists mystics and evangelists who attempt to create a new society based on quietist religious practice merit and toleration His narrative takes the reader on a journey from the late fourteenth century conversions and the first blood purity laws designed to marginalize conversos through the early sixteenth century Erasmian and radical mystical movements to a Counter Reformation environment in which conversos become the advocates for pacifism and concordance His account ends at the court of Philip IV where growing intolerance towards Madrid's converso courtiers is subtly attacked by Spain's greatest painter Diego Velázquez in his work *Los Borrachos* Finally Ingram examines the historiography of early modern Spain in which he argues the converso reform phenomenon continues to be underexplored

Eccentric Renaissance Charles Barber, 2024 *Eccentric Renaissance* shows how El Greco and two other sixteenth century Cretan artists Michael Damaskenos and Georgios Klontzas actively engaged in a re-casting of the Byzantine tradition of icon painting on the Venetian colony of Crete In so doing they created art that articulated a point of view that was shaped outside of and against the hegemonic world of Vasari's account of art history Building upon their own tradition they developed a highly original understanding of the icon and explored its power to reconcile Byzantine and Renaissance styles of painting and provide a response to the growing presence of Islam

The Cambridge Companion to the Council of Trent Nelson H. Minnich, 2023-03-16 The Council of Trent was a major event in the history of Christianity It shaped Roman Catholicism's doctrine and practice for the next four hundred years and continues to do so today The literature on the Council is vast and in numerous languages This Companion written by an international group of leading researchers brings together the latest scholarship on the principal issues treated at the Council the relationship between Scripture and Tradition original sin justification the sacraments Baptism Penance Confirmation Eucharist Holy Orders Marriage and the Anointing of the Sick sacred images sacred music and its reform of religious orders the training of the clergy the provision of pastoral care in the parish setting and the implementation of its decrees The volume demonstrates that the Council unwittingly furthered the papal centralization of authority by allowing the interpretation of its decrees to be the exclusive prerogative of the Holy See and entrusting it with their implementation

[Sense Knowledge and the Challenge of Italian Renaissance Art](#) Giles Knox, 2025-10-01 Giles Knox examines how El Greco Velazquez and Rembrandt though a disparate group of artists were connected by a new self consciousness with respect to artistic tradition In particular Knox considers the relationship of these artists to the art of Renaissance Italy and sets aside nationalist art histories in order to see the period as one of fruitful exchange Across Europe during the seventeenth century

artists read Italian inspired writings on art and these texts informed how they contemplated their practice Knox demonstrates how these three artists engaged dynamically with these writings incorporating or rejecting the theoretical premises to which they were exposed Additionally this study significantly expands our understanding of how paintings can activate the sense of touch Knox discusses how Vela zquez and Rembrandt though in quite different ways sought to conjure for viewers thoughts about touching that resonated directly with the subject matter they depicted

Art and Reform in the Late Renaissance Jesse M. Locker, 2018-08-14 Drawing on recent research by established and emerging scholars of sixteenth and seventeenth century art this volume reconsiders the art and architecture produced after 1563 across the conventional geographic borders Rather than considering this period a degraded afterword to Renaissance classicism or an inchoate proto Baroque the book seeks to understand the art on its own terms By considering artists such as Federico Barocci and Stefano Maderno in Italy Hendrick Goltzius in the Netherlands Antoine Caron in France Francisco Ribalta in Spain and Bartolomeo Bitti in Peru the contributors highlight lesser known reforms of art from outside the conventional centers As the first text to cover this formative period from an international perspective this volume casts new light on the aftermath of the Renaissance and the beginnings of Baroque
