The Revolutionaries Try Again Mauro Javier Cardenas, 2016-08-15 Extravagant absurd and self aware The Revolutionaries Try Again plays out against the lost decade of Ecuador s austerity and the stymied idealism of three childhood friends an expat a bureaucrat and a playwright who are as sure about the evils of dictatorship as they are unsure of everything else including each other Everyone thinks they re the chosen ones Masha wrote on Antonio s manuscript See About Schmidt with Jack Nicholson Then she quoted from Hope Against Hope by Nadezhda Mandelstam because she was sure Antonio hadn t read her yet Can a man really be held accountable for his own actions His behavior even his character is always in the merciless grip of the age which squeezes out of him the drop of good or evil that it needs from him In San Francisco besides the accumulation of wealth what does the age ask of your so called protagonist No wonder he never returns to Ecuador Mauro Javier Cardenas grew up in Guayaquil Ecuador and graduated with a degree in Economics from Stanford University Excerpts from his first novel The Revolutionaries Try Again have appeared in Conjunctions the Antioch Review Guernica Witness and BOMB His interviews and essays on with L szl Krasznahorkai Javier Marias Horacio Castellanos Moya Juan Villoro and Antonio Lobo Antunes have appeared in Music Literature San Francisco Chronicle BOMB and the Quarterly Conversation [iCancerlandia!](#) Juan Alvarado Valdivia, 2015-09 Recounts the author s experience as a cancer patient He was diagnosed with stage 2A Hodgkin lymphoma at age 30 and was cancer free in 2010 and five years later considered in complete remission

Waiting For Snow In Havana Carlos Eire, 2012-12-11 A childhood in a privileged household in 1950s Havana was joyous and cruel like

any other but with certain differences The neighbour's monkey was liable to escape and run across your roof Surfing was conducted by driving cars across the breakwater Lizards and firecrackers made frequent contact Carlos Eire's childhood was a little different from most His father was convinced he had been Louis XVI in a past life At school classmates with fathers in the Batista government were attended by chauffeurs and bodyguards At a home crammed with artifacts and paintings portraits of Jesus spoke to him in dreams and nightmares Then in January 1959 the world changes Batista is suddenly gone a cigar smoking guerrilla has taken his place and Christmas is cancelled The echo of firing squads is everywhere And one by one the author's schoolmates begin to disappear spirited away to the United States Carlos will end up there himself without his parents never to see his father again Narrated with the urgency of a confession *WAITING FOR SNOW IN HAVANA* is both an ode to a paradise lost and an exorcism More than that it captures the terrible beauty of those times in our lives when we are certain we have died and then are somehow miraculously reborn

The Aesthetics of Melancholia Luis F. López González, 2022-12-02 This book explores the intersection between medicine and literature in medieval Iberian literature and culture Its overarching argument is that thirteenth and fourteenth century Iberian authors revalorized the interconnection between the body the mind and the soul in light of the evolving epistemology of medicine Prior to the reintroduction of classical medical treatises through Arab authors into European cultures mental disorders and bodily diseases were primarily attributed to moral corruption demonic influence and superstition The introduction of novel regimens of health as well as treatises on melancholia into academic institutions and into the cultural landscape provided the tools for newly minted authors to understand that psychosomatic illnesses stemmed from malfunctions of the body's biochemical composition This book demonstrates that the earliest books written in the Iberian vernaculars contain the seeds that effect the shift from a theocentric worldview to a humanistic one The volume features close readings of multiple texts including medical treatises

and religious writings and King Alfonso X's *Cantigas de Santa Maria* Juan Manuel's *Conde Lucanor* and Juan Ruiz's *Libro de buen amor* Even though these texts differ in literary genre rhetorical strategy and even purpose this study argues that they collectively employ humoral pathology and melancholic discourses as a means of underscoring the frailty and transience of human life by showing how somatic conditions sicken the body mind and soul unto death

A Concordance to Juan Ruiz Libro de Buen Amor Rigo Mignani, Mario A. Di Cesare, George F. Jones, 1977-06-30 This book represents the first concordance of Juan Ruiz's Book of Good Love *Libro de Buen Amor* written in the fourteenth century The volume's editors dealing with three slightly different manuscripts have chosen to meticulously integrate the language from all three editions into one thorough concordance The result is a significant work that serves as a companion to Ruiz's work that would be vital to any study of medieval Spanish linguistics In addition to the usual material to be found in a concordance this book has the following features the text appears in diplomatic transcription from the manuscripts for fidelity while the entry list of words has been partly normalized as for spelling for convenience an extensive list of homographs no omission of high frequency words frequency list at the end no reproduction of bulky and difficult computer printout The book has been photocomposed from the tape
