continual negotiation between the Cuban state and society over the meaning of socialism Mediterranean Modernism

Adam J. Goldwyn,Renée M. Silverman,2016-08-19 This book explores how Modernist movements all across the Mediterranean basin differed from those of other regions The chapters show how the political and economic turmoil of a period marked by world war revolution decolonization nationalism and the rapid advance of new technologies compelled artists writers and other intellectuals to create a new hybrid Mediterranean Modernist aesthetic which sought to balance the tensions between local and foreign tradition and innovation and colonial and postcolonial *Socialism and War* Helen Graham,1991-06-28 This book recovers the lost history of Spanish socialism during the turbulent years of the Civil War 1936 39 Just as the energy of the socialist movement had sustained the pre war Second Republic as an experiment in reform so too it underwrote the Republican war effort in the crucial years of the conflict which would determine Spain s long term future Leading Socialist Party PSOE cadres formed the bedrock of the government while thousands of Party and union militants helped bear the tremendous weight of the war effort The role of the PSOE in the construction of Republican political unity during the Civil War was pivotal Yet paradoxically previous accounts of wartime Republican politics have virtually written the PSOE out of the script by concentrating exclusively on the fierce ideological dispute between anarchists and communists But the key issues of revolution and State power marked all the forces in Republican Spain none more so than the Socialist movement As the traditional party of the working class and the only mass party in Spain as late as 1931 PSOE militants were to be found on both sides of the revolutionary reformist divide which split fatally the Republican forces during the Civil War The PSOE s disintegration was a function of that of the Republic itself but the reverse was no less true The book investigates the responses of organised socialism to the complex issues raised by the conflict as it charts the PSOE s devastating experience of political power and desperate crisis in a war it could not win **Disciplina de La Iglesia Metodista Unida**

2020/2024 ,2025-08-05 El libro de la Disciplina de la Iglesia Metodista Unida detalla el plan por el cual las personas metodistas unidas se gobiernan a s mismas y describe su comprensi n de lo que se espera del laicado y del clero a medida que buscamos ser testigos efectivos en el mundo y hacer disc pulos y disc pulas de Jesucristo Como producto de m s de 200 a os de conferencias generales de las denominaciones que forman la Iglesia Metodista Unida la Disciplina honra el pasado y mira hacia el futuro El libro de la Disciplina de la Iglesia Metodista Unida incluye Leyes y gobierno de la iglesia Nuestra constituci n Nuestra historia Nuestras normas doctrinales Nuestra tarea teol gica Palabras inspiradoras de Wesley Y mucho

m s *Madrid's Forgotten Avant-Garde* Silvina Schammah Gesser,2016-04-01 This book explores the role played by artists and intellectuals who constructed and disseminated various competing images of national identity which polarized Spanish society prior to the Civil War The convergence of modern and essentialist discourses and practices especially in literature and poetry in what is conventionally called in Spanish letters The Generation of 27 created fissures between competing views of aesthetics and ideology that cut across political affiliation Silvina Schammah exposes the paradoxes facing Madrid's cultural vanguards as they were torn by their ambition for universality cosmopolitanism and transcendence on the one hand and by the centripetal forces of nationalistic ideologies on the other Taking upon themselves roles to become the disseminators and populizers of radical positions and world views first elaborated and conducted by the young urban intelligentsia their proposed aim of incorporating diverse identities embedded in different cultural constructions and discourse was to have very real and tragic consequences as political and intellectual lines polarized in the years prior to the Spanish Civil War Essentials of Spanish Grammar Samuel Garner,1911 **Milicianas** Lisa Margaret Lines,2012-01-01 During the first few days of the Spanish Civil War women played an integral role in the spontaneous uprising that prevented the immediate success of the Nationalist coup Around one thousand of these women went on to join the militias who fought at the front Women also played an important role in the defense of cities with another several thousand forming sections of the armed rearguard Indeed women's participation in the anti fascist resistance constituted one of the greatest mass political mobilizations of women in Spain's history *Milicianas* provides a comprehensive picture of what life was like for the women who fought during the first year of the civil war focusing on how the women themselves viewed this experience It demonstrates that the significance of the miliciana phenomenon lies in the fact that these women took up arms in relatively large numbers were self motivated participated in combat equally with their male comrades and played an extensive and sophisticated military role By late 1936 attitudes towards women in combat began to change drastically and by March 1937 the majority of milicianas had been removed from their combat positions Though there existed a consensus around this issue among the male leadership of both the Republican government and left wing political groups female combatants viewed this turn of events differently The majority of the milicianas had deep reservations about their recall from the front and saw it as a retreat from the gains women had made during the war and revolution Indeed while the political leadership within the Republic presented numerous arguments for why it was necessary to remove women from combat this book argues that the reason it was initially considered acceptable for women to fight and then seen as undesirable eight months later was connected to the course of the social revolution *Teen Lives around the World* Karen Wells,2019-11-08 This two volume encyclopedia looks at the lives of teenagers around the world examining topics from a typical school day to major issues that teens face today including bullying violence sexuality and social and financial pressures Teenagers are living in a rapidly changing and increasingly interconnected yet unequal world Whether they live in Australia or Zimbabwe they have in

Brenneis, 2014-05-15 Although the boom in historical fiction and historiography about Spain's recent past has found an eager readership these texts are rarely studied as two halves of the same story With *Genre Fusion A New Approach to History Fiction and Memory in Contemporary Spain* Sara J Brenneis argues that fiction and nonfiction written by a single author and focused on the same historical moment deserve to be read side by side By proposing a literary model that examines these genres together *Genre Fusion* gives equal importance to fiction and historiography in Spain In her book Brenneis develops a new theory of genre fusion to show how authors who write both historiography and fiction produce a more accurate representation of the lived experience of Spanish history than would be possible in a single genre *Genre Fusion* opens with a straightforward overview of the relationships among history fiction and memory in contemporary culture While providing an up to date context for scholarly debates about Spain's historical memory *Genre Fusion* also expands the contours of the discussion beyond the specialized territory of Hispanic studies To demonstrate the theoretical necessity of genre fusion Brenneis analyzes pairs of interconnected texts one a work of literature the other a work of historiography written by a single author She explores how fictional and nonfictional works by Montserrat Roig Carmen Mart n Gait e Carlos Blanco Aguinaga and Javier Mar as unearth the collective memories of Spain's past Through these four authors *Genre Fusion* traces the transformation of a country once enveloped in a postwar silence to one currently consumed by its own history and memory Brenneis demonstrates that when read through the lens of genre fusion these Spanish authors shelve the country's stagnant official record of its past and unlock the collective and personal accounts of the people who constitute Spanish history
