Health and Social Care Angela Fisher,2005 The comprehensive in depth coverage makes this the only book students will need to pass this new award The authors have worked closely with OCR on the development of the course so they fully understand the OCR national requirements *Active Listening* Sue Thompson,Roy Wallace,2015 When we think of effective communication we tend to have in mind the idea of getting our message across making sure that what we have to say is received loud and clear However communication is a two way process so being an effective listener is also a key part of effective communication People are more likely to listen to you if you are listening to them so everyone benefits from effective listening But it isn t enough to listen you have to show that you are listening And that is precisely what is meant by active listening If people are not convinced that you are listening then the benefits of paying attention to what they are saying will be lost So if success in your line of work or in your life more broadly depends on effective communication then there is much to be gained from studying this short guide to active listening where you will learn not only why it is so important but also find out about the fundamentals of putting active listening into practice It is surprising how many people undermine their own effectiveness by not listening actively This e book will help to ensure that you are not one of them

Effective Listening Sorin Dumitrascu,2017-02-10 Do you have problems truly listening Do you find your mind wandering in the middle of conversations Then this series in *Effective Listening* is for you This course *Listening Basics* is the first in a series of courses to help you understand how you listen and how you can improve your listening skills This course covers the

three essential aspects for understanding how you listen The three lessons in this course are The Communication Process The Listening Process Listening as a Function of Communication According to a U S Department of Labor study Skills and the New Economy the average worker spends 55 percent of the day listening Listening activities include using the telephone engaging in conversation and listening while in meetings and presentations Unfortunately most people fail to listen effectively and only remember 25 percent of what they hear Could you listen more effectively at work In dollar terms it is extremely important for companies and employees to take listening seriously One communications analyst has estimated that business personnel receive 63 percent of their salary for listening Once you understand the listening process you can learn and then practice listening skills Training and practice can enhance your present listening skills Otherwise listening mistakes can cost your company clients and profits and can decrease production Imagine a trucking company dispatcher misunderstanding Albany New York for Albany Georgia Such a simple listening error could cost a company thousands of dollars to redirect a truck and its goods Better listening skills will prevent you from making expensive or embarrassing mistakes This course will enable you to begin improving your listening ability We need a definite purpose a specific reason for listening otherwise we don t pay attention and don t really hear or understand Robert Montgomery One of the key elements of communication is listening If you have developed good listening skills it will be easier for you to pay attention hear and understand messages You can learn to be a more effective listener by learning specific listening skills These skills can reinforce improve or change your present listening behavior in a variety of situations This course the second in the Effective Listening path focuses on getting the most information possible out of a message So how do you listen for comprehension First you should be able to identify and interpret verbal and nonverbal cues that add context to a verbal message Second you should also be able to comprehend the meaning of the speaker s verbal message Your comprehension is based on understanding what you hear and what you need to ask questions about This course covers the following lessons that will help you develop better listening skills Identifying Verbal and Nonverbal Cues Interpreting Cues Understanding What You Hear Checking Your Understanding Understanding in Special Listening Situations Because this course teaches listening skills it is important to have your audio turned on for certain sections In some instances the text that is spoken will display in the caption text box In these cases the important feature is not what is said but how it is said In these sections it would be most effective for you to turn off the captions to get the full effect of the audio In other instances audio is presented without accompanying text To complete these sections you must have your audio turned on Listening to identify and comprehend messages helps you become a more effective communicator When you can better understand what s said to you you can become a more flexible listener
