Dermer, 2016-10-11 The SAGE Encyclopedia of Marriage Family and Couples Counseling is a new all encompassing landmark work for researchers seeking to broaden their knowledge of this vast and diffuse field Marriage and family counseling programs are established at institutions worldwide yet there is no current work focused specifically on family therapy While other works have discussed various methodologies cases niche aspects of the field and some broader views of counseling in general this authoritative Encyclopedia provides readers with a fully comprehensive and accessible reference to aid in understanding the full scope and diversity of theories approaches and techniques and how they address various life events within the unique dynamics of families couples and related interpersonal relationships Key topics include Assessment Communication Coping Diversity Interventions and Techniques Life Events Transitions Sexuality Work Life Issues and more Key features include More than 500 signed articles written by key figures in the field span four comprehensive volumes Front matter includes a Reader's Guide that groups related entries thematically Back matter includes a history of the development of the field a Resource Guide to key associations websites and journals a selected Bibliography of classic publications and a detailed Index All entries conclude with Further Readings and Cross References to related entries to aid the reader in their research journey **Lifecycle Events and Their Consequences**

Kenneth A. Couch, Mary C. Daly, Julie M. Zissimopoulos, 2013-07-10 In Lifecycle Events and Their Consequences Job Loss Family Change and Declines in Health editors Kenneth A Couch Mary C Daly and Julie Zissimopoulos bring together leading scholars to study the impact of unexpected life course events on economic welfare The contributions in this volume explore how job loss the onset of health limitations and changes in household structure can have a pronounced influence on individual and household well being across the life course Although these events are typically studied in isolation they frequently co occur or are otherwise interrelated This book provides a systematic empirical overview of these sometimes uncertain events and their impact By placing them in a unified analytical framework and approaching each of them from a

similar perspective Lifecycle Events and Their Consequences illustrates the importance of a coherent approach to thinking about the inter relationships among these shifts Finally this volume aims to set the future research agenda in this important area

*Evaluating Mental Health Disability in the Workplace* Liza Gold, Daniel W. Shuman, 2009-06-23 As many as one in four adults in the workforce will suffer from psychiatric illness in a given year Such illness can have serious consequences job loss lawsuits workplace violence yet the effects of mental health issues on job functioning are rarely covered in clinical training In addition clinicians are often asked to provide opinions on an employee's fitness for work or an evaluation for disability benefits only to find themselves embroiled in complex legal and administrative conflicts A unique collaboration between a renowned clinical professor of psychiatry and a noted legal expert *Evaluating Mental Health Disability in the Workplace* approaches the topic from two distinct areas the legal context and issues relevant to disability and disability related evaluations and the interplay of factors in the relationship between work and psychiatric illness From this dual perspective the authors advocate for higher professional standards ensuring that employers evaluatees or third parties are provided with the most reliable information Key features of the book A robust assessment model of psychological disability in the workplace Practice guidelines for conducting workplace mental health disability evaluations Legal and ethical aspects of employment evaluations especially as they differ from clinical procedure Examination of the process of psychiatric disability development Issues specific to evaluations for Social Security Workers Compensation and other disability benefit programs Review of relevant administrative and case law As an introduction to these complex issues or for the further improvement of evaluation skills *Evaluating Mental Health Disability in the Workplace* is a timely reference for psychiatrists psychologists forensic mental health specialists and attorneys in this field

*Stress Between Work and Family* John Eckenrode, Susan Gore, 2013-06-29

**The Problems of Disadvantaged Youth** Jonathan Gruber, 2009-11-15 One of the most important public policy issues in the United States is how to improve the life prospects of disadvantaged youth who in their formative years face low quality school systems poor access to health care and high crime environments *The Problems of Disadvantaged Youth* includes a broad range of research examining various aspects of disadvantage and ways of increasing the ability of low income youths to improve their circumstances later in life Taking an empirical economics perspective the nine essays in this volume assess the causal impacts of disadvantage on youth outcomes and how policy interventions can alleviate those impacts Each chapter develops a framework to describe the relationship between youths and later life outcomes addressing such factors as educational opportunity health neighborhood crime rates and employment This vital book documents the serious short and long term negative consequences of childhood disadvantage and provides nuanced evidence of the impact of public policy designed to help needy children

**Handbook of Marriage and the Family** Suzanne K. Steinmetz, Marvin B. Sussman, 2013-11-11 The lucid straightforward Preface of this Handbook by the two editors and the comprehensive perspectives offered in the Introduction by one of them leave little for a Foreword to add It is

therefore limited to two relevant but not intrinsically related points vis a vis research on marriage and the family in the interval since the first Handbook Christensen 1964 appeared namely the impact on this research of the politicization of the New Right and of the Feminist Enlightenment beginning in the mid sixties about the time of the first Handbook In the late 1930s Willard Waller noted Fifty years or more ago about 1890 most people had the greatest respect for the institution called the family and wished to learn nothing whatever about it Everything that concerned the life of men and women and their children was shrouded from the light Today much of that has been changed Gone is the concealment of the way in which life begins gone the irrational sanctity of the home The aura of sentiment which once protected the family from discussion clings to it no more We want to learn as much about it as we can and to understand it as thoroughly as possible for there is a rising recognition in America that vast numbers of its families are sick from internal frustrations and from external buffeting We are engaged in the process of reconstructing our family institutions through criticism and discussion 1938 pp 3 4
