Eisenhower And Berlin 1945 The Decision To Halt At The Elbe Essays In American History:

Eisenhower and Berlin, 1945 Stephen E. Ambrose, 1967 Attempts to explain Eisenhower's decision to halt the Anglo American forces at the Elbe and leave Berlin to the Russians **The American Non-policy Towards Eastern Europe, 1943-1947** Geir Lundestad, 1978 **Anglo-American Relations in the Twentieth Century** Ritchie Ovendale, 1998-10-30 A critique of Anglo American relations in the twentieth century in the light of the most recent research It challenges many existing interpretations and argues that the basis of the Anglo American special relationship was laid by Roosevelt and Chamberlain that Roosevelt preferred Stalin to Churchill and that the origins of the Cold War should be seen as a British education of the Americans to the Soviet threat Suez is reassessed following the recent release of material in the Eisenhower Library There is a consideration of the relationship of mutual interdependence and why Wilson and Heath chose to move instead towards the European connection as well as Mrs Thatcher's reasons for preferring the Atlantic alliance **Amerika Gasshūkoku to Dainiji Sekai Taisen Bunken Mokuroku**, 1983 *German-American Relations and German Culture in America* Arthur R. Schultz, 1984 This work is organized by subject Materials are grouped under twelve main sections in the body of the work with appropriate subdivisions and subtopics within each main subject Each section is assigned a two letter designation and entries are numbered consecutively within each section This subject code system was designed to facilitate referrals from the Index to the main body of the text and to allow for cross referencing between sections Introduction **The United States and the Origins of the Cold War, 1941-1947** John Lewis Gaddis, 2000 This book moves beyond the focus on economic considerations that was central to the work of New Left historians examining the many other forces domestic politics bureaucratic inertia quirks of personality and perceptions of Soviet intentions that influenced key decision makers in Washington **Program of the ... Annual Meeting of the American Historical Association** American Historical Association. Meeting, 1968 Writings on American History, 1962-73, 1985 This book provides a comprehensive listing of the book length works published from 1962 to 1973 that are relevant to the study of American history and is organized into a subject classification system This bibliography gives access to over 50 000 works on the history the geography and the political social and economic aspects of the United States its people its government and its institutions The entries cover the entire area now within the United States or under its jurisdiction ranging from prehistoric times to 1973 Introd Beyond Combat Edward G. Longacre, Theodore J. Zeman, 2007 Contents Emancipation Black Troops A Reinterpretation of Sherman's Generalship during the 1864 March to Atlanta in Light of the Logistic Strategy by J Britt McCarley The U S Navy U S Military Attaches Col Conrad Babcock The Politics of Soldier Voting in the Elections of 1944 by C DeRosa Eisenhower as Ground Forces Commander The Brit Viewpoint by G E Murray Operation Rollup The U S Army's Rebuild Program during the Korean War by P Kindsvatter Considerations on the Weakness of Brit Imperial Power by A Lynde Weigley Bibliography **Program of the Annual Meeting - American Historical Association** American Historical Association, 1966 Some programs include

also the programs of societies meeting concurrently with the association **Choice** Richard K. Gardner, Phyllis Grumm, 1976
The British Library General Catalogue of Printed Books to 1975 British Library (London), Jim Emmett, 1981 *War Comes Again* G. S. Boritt, 1995 The Civil War and World War II stand as the two great cataclysms of American history In this insightful exploration of these epic events 11 eminent historians including three Pulitzer prize winners offer illuminating comparisons of the conflicts **The Origins of American Intervention in the First World War** Ross Gregory, 1971 From 1914 to 1917 American diplomacy was an extension of Woodrow Wilson near Preoccupation with neutrality In looking back at that critical period Ross Gregory has focused on the complex events which ultimately led to the failure of Wilson's foreign policy He carefully examines America's place in the world's economy and the inevitability of involvement regardless of policy Wilson himself is seen here as a proud and idealistic man unable to confide in his subordinates and often undermined by their ineptitude or outright insubordination Added to the problem of both German and English provocations including the well known Lusitania incident was the domestic problem an American public whose opinion was deeply split as a result of its multinational antecedents In the face of all difficulties and almost up to the actual American declaration of war Mr Gregory shows Wilson unable to accept the drift toward intervention stretching his credibility both at home and abroad with his efforts to remain nonbelligerent and to play a leading role in the formation of a Peace without victory Publisher **Andrew Jackson and the Bank War** Robert V. Remini, 1967 *Black Images of America, 1784-1870* Leonard I. Sweet, 1976 Throughout the nineteenth century most black leaders were convinced that they had a particular role to play in American history especially in testing America's commitment to freedom and equality Because of their history and suffering blacks felt they could add the moral and spiritual dimensions lacking in America This book examines what black leaders felt about themselves their identity about their relationship to America and about their involvement in American history Black leaders knew who they were they were Americans committed to the cause of emancipation elevation and equal ity They appropriated the American Revolutionary model in their abolitionist erusade and understood the Civil War as a continuation of the struggle initiated in 1776 Yet the black image of America entailed a black self image since whites excluded blacks from their vision of America To refute the white denial they first had to refute the white denial they first had to refute the negative image that whites had of them Black nationalism became an indispensable ingredient in their struggle for integration into American life Publisher *A New England Town* Kenneth A. Lockridge, 1970 *Library of Congress Catalog* Library of Congress, 1965 A cumulative list of works represented by Library of Congress printed cards **American Book Publishing Record Cumulative, 1950-1977** R.R.
