Discovering Orgasm Workbook Barbach, 1997. *Don't Stick Your Dick in a Blender* Jonathan Roseland, 2025-09-09. Women are dangerous. Good yet naive men routinely wreck their lives because they stick their dick in a blender, having sex with the wrong kinds of women. STDs, unplanned pregnancies, false accusations, mental health headaches, and divorce make chasing skirts a dangerous game. While lesser men retreat from the pursuit of women into the pixel-powered pleasure world, you have faith that your hunt for a virtuous woman will be fruitful. You can't take a time machine back to a more decent age to find a marriageable woman. You're not ready to give up on your genetic purpose and start banging sex robots, but you're tired of the transient meaningless flings with mediocre women. You're likely underestimating just how risky sex, a relationship, or marriage is with the modern woman. But you're also underestimating just how rewarding it is to win the commitment of a nice girl, a truly feminine woman, not at war with the natural order, and intertwine your essence with hers. *Don't Stick Your Dick in a Blender* is an irreverent, politically incorrect exposition of the state of dating in the current year. And a playbook of counter-intuitive approaches, advanced social dynamics, lifehacks, along with filtering strategies for avoiding the time-wasters and inglorious skanks. How to meet a nice girl.
