Ejercicios de pronunciación española Juan Rodríguez Castellano, Lorenzo Rodríguez-Castellano, 1965 *Manual de pronunciación española* Tomás Navarro Tomás, 1990 En este volumen se recogen unas normas de tipo práctico describiendo la variada pronunciación de la lengua española y las influencias del habla popular de las distintas regiones y países que se expresan en el rico y hermoso idioma castellano **Pronunciacion de la lengua Espanola para anglohablantes** Richard E. Morris, 2009-11-15 Written entirely in Spanish the book is designed to help native English speaking students improve their Spanish pronunciation Appropriate for those with two years of Spanish on up the text is ideal for lower level classes to catch bad speaking habits before they set in For upper level classes the book can serve as a tool to refine pronunciation skills The book is designed to be completed in one semester and covers specific pronunciation issues common to English speakers and solutions to these problems Side by side English and Spanish word comparisons are made to allow the student to first pronounce the English and then the Spanish words providing ear training and articulating exercises A variety of oral exercises are included which can be practiced in groups Additional resources including audio pronunciation files for select textbook exercises and a PDF only instructor's manual are available at www.hackettpublishing.com Manual de pronunciación española Tomás Navarro Tomás, 1918 **Sonido y sentido** Jorge M. Guitart, 2004 Sonido y sentido lifts the learning of Spanish pronunciation for American English speaking students to a new level with support of an accompanying CD Written in Spanish by a native speaker who is a leading figure in the field of Spanish phonology this introduction to Spanish phonetics and phonology will improve both the pronunciation and understanding of spoken Spanish by demonstrating the specific ways in which the sound pattern of Spanish differs from English Notable in that it explains the why of pronunciation with specific information on how the sounds of Spanish are organized it also highlights the most important differences among varieties within the Spanish speaking world Together the book and CD emphasize the sounds and sound combinations that are most problematic for English speakers learning Spanish In addition to a clear theoretical analysis of Spanish phonology Sonido y sentido introduces the fundamental concepts of language Spanish language and the teaching and learning of phonetics Spanish phonetics in particular Utilizing the International Phonetic Alphabet IPA throughout the text to make for more precise phonetic descriptions Guitart also discusses the relation between both the physical and psychological aspects of pronunciation Sonido y sentido contains exercises both transcription and pronunciation drills and each chapter concludes with a section Para pensar which tests comprehension of the concepts presented Answers to the Para pensar exercises appear in a separate appendix A glossary of technical terms a subject index and a basic bibliography of Spanish phonetics and phonology round out this fresh and rewarding contribution to learning the Spanish language Manual de fonética y fonología españolas J. Clegg, Willis Fails, 2017-10-06 Written entirely in Spanish Manual de fonética y fonología españolas has a comprehensive scope that touches on all aspects of phonetics and phonology including

acoustic and auditory phonetics phonotactics and suprasegmentals which most often remain untreated The book provides students with a detailed and accurate yet accessible introduction to Spanish phonetics and phonology It includes introductory chapters which place these disciplines within the general field of linguistics and which emphasize the role of sounds and their representation in human communication Key features Written by trained phoneticians and informed by the current science of phonetics No prior knowledge of linguistics assumed as a foundation is laid throughout for all linguistic terms and concepts Each chapter contains a summary a list of concepts and terminology review questions and pedagogically relevant pronunciation exercises keyed to the specific hints and suggestions provided in the chapters Chapters dealing with the physical production of sounds contain sections with Pedagogical Hints Practical Suggestions and Pronunciation Exercises to link theory to the practical aspects of improving pronunciation A wealth of graphic material to illustrate each concept clearly Models of how to pronounce the sounds sentences and exercises presented in the text are available online at routledge.com/cw/clegg Manual de fonética y fonología española is a comprehensive introduction designed to be clear and accessible to advanced students of Spanish to help them understand how to improve their pronunciation It will serve as an excellent book for graduate students as well as a valuable resource for teachers linguists and language professionals Bulletin Stanford
