This book documents Mexico's gradual transition to democracy written from a perspective which pits opposition activists post electoral conflicts against their usage of regime constructed electoral courts at the centre of the democratization process. It addresses the puzzle of why during key moments of Mexico's 27 year democratic transition opposition parties failed to use autonomous electoral courts established to mitigate the country's often violent post electoral disputes despite formal guarantees of court independence from the Party of the Institutional Revolution PRI Mexico's ruling party for 71 years preceeding the watershed 2000 presidential elections. Drawing on hundreds of author interviews throughout Mexico over a three year period and extensive archival research the author explores choices by the rightist National Action Party PAN and the leftist Party of the Democratic Revolution PRD between post electoral conflict resolution
