Excerpt from *The Naturalist in Nicaragua* In the Life and Letters of Charles Darwin edited by his son Mr Francis Darwin vol iii p 188 the following passage occurs In the spring of this year 1874 he read a book which gave him great pleasure and of which he often spoke with admiration *The Naturalist in Nicaragua* by the late Thomas Belt Mr Belt whose untimely death may well be deplored by naturalists was by profession an engineer so that all his admirable observations in natural history in Nicaragua and elsewhere were the fruit of his leisure The book is direct and vivid in style and is full of description and suggestive discussions With reference to it my father wrote to Sir J D Hooker Belt I have read and I am delighted that you like it so much it appears to me the best of all natural history journals which have ever been published Now that the book so highly recommended by such an authority is about to be introduced to a public which has hitherto only known it by hearsay it will be interesting to inquire into the reason of its appreciation by such men as Darwin and Hooker and Lyall Huxley and Wallace with other leaders of the scientific world of that day might be quoted to the same effect and to give some particulars of the author s short active life The Belts were an old family which had been established at Bossal in Yorkshire since the reign of Richard II The main line died out some twenty years ago but about the beginning of the eighteenth century a member of the family went to the Tyne to join the well known ironworks of Crawley at Winlaton He and his descendants remained with the firm for over a century and he was the great great grandfather of the grandfather of Thomas Belt born at Newcastle on Tyne on November 27 1832 Thomas was the fourth child of a family of seven His mother possessed a singularly sweet and beautiful disposition his father much given to hobbies was stern and unbending and he himself combined an almost womanly gentleness with a quiet determination that unflinchingly faced all obstacles About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an
