Indianapolis Motor Speedway- the Eddie Rickenbacker Era Denny Miller,2020-12-20 This Eddie Rickenbacker Era book is first and foremost an in depth look of his ownership of the Indianapolis Motor Speedway from 1927 1945 and not intended to be another biography of Rickenbacker's life A list of books of Eddie's military life or his ordeal about being lost 23 days in the South Pacific which I highly recommend reading follows Throughout the book I listed key dates and headlines in United States history in politics sports and entertainment that is intended to serve as a point of reference timeline throughout the Eddie Rickenbacker Era Don't cringe on certain typos I purposely capitalize the R in Race in various places as my way of showing reverence to the Indianapolis 500 Other grammar and punctuation irregularities are my humorous middle finger to those former composition 101 pros who used so much red ink correcting my themes

the award's recipients *Eastern Air Lines* David Lee Russell, 2013-09-28 Eastern Air Lines began in 1926 when aviation pioneer Harold Gatty started the first carrier air mail route from New York to Atlanta under his company Pitcairn Aviation. Clement Keys of National Air Transport bought the company in 1929, changed the name to Eastern Air Transport, and began passenger service the next year on daily round trips between New York and Richmond. The growing airline was purchased by General Motors and became Eastern Air Lines in 1934. World War I flying ace Edward V. Rickenbacker purchased the airline four years later and led it to become by the 1950s the most profitable airline in the United States. Former astronaut Frank Borman became president of Eastern in 1975 and tried to manage the airline through deregulation, labor union conflict, and heavy debt, ending with the sale of Eastern to Frank Lorenzo and Texas Air in 1986. The airline entered bankruptcy in March 1989 and ended service in less than two years. This detailed history follows Eastern from start to finish, studying such corporate decision making as aircraft purchases and route expansions, as well as the personalities that shaped the airline throughout its history.

Like A Thunderbolt: The Lafayette Escadrille And The Advent Of American Pursuit In World War I [Illustrated Edition] Roger G. Miller, 2015-11-06 Includes 29 illustrations. The advent of an American squadron or escadrille within the French air force, the Service Aeronautique, had been far from a simple process. French leaders initially held the belief common at the time that the war begun in 1914 would be a short one. The potential value of American volunteers fighting for France, both for propaganda purposes and for helping bring the power of the New World into the war on the side of the Allies, was thus irrelevant at first. By early 1915, however, the French began to accept American volunteers and assign them to escadrilles. In early 1916, the Service Aeronautique united several of these men in an elite chasse unit which quickly earned an enviable reputation for audacity, bravery, and success. The success of this unit, the Lafayette Escadrille, had three consequences. First, its existence encouraged a large number of Americans far more than needed in one escadrille to volunteer for French aviation. These individuals, identified unofficially as members of a Lafayette Flying Corps, served in numerous French air units. Second, the publicity surrounding the Lafayette Escadrille contributed to favorable press for the Allied cause, strengthened ties between France and the U.S., and ultimately helped prepare the U.S. to participate on the Allied side of the conflict. Third, the existence of a large body of experienced American pilots provided combat veterans for

the Air Service of the American Expeditionary Forces AEF in France when the U S ultimately entered the war These veterans helped instill in the U S Air Service the attitudes and practices of the Service Aeronautique an infusion especially reflected in two U S pursuit squadrons the 103rd Aero Squadron made up of Lafayette Escadrille pilots and the 94th Aero Squadron the most famous American combat squadron of the war
