

An illustration of a man in a rugged, outdoor setting. He is standing on a rocky, grassy outcrop, looking off to the right. He is wearing a dark, patterned tunic and trousers. He holds a longbow in his right hand and an arrow in his left. The background is a stylized landscape with blue and white areas representing sky and water or distant land. The overall style is reminiscent of early 20th-century pulp magazine illustrations.

*Manhood in Hollywood from Bush to Bush* David Greven, 2010-01-01 A struggle between narcissistic and masochistic modes of manhood defined Hollywood masculinity in the period between the presidencies of George H W Bush and George W Bush David Greven s contention is that a profound shift in representation occurred during the early 1990s when Hollywood was transformed by an explosion of films that foregrounded non normative gendered identity and sexualities In the years that have followed popular cinema has either emulated or evaded the representational strategies of this era especially in terms of gender and sexuality

One major focus of this study is that in a great deal of the criticism in both the fields of film theory and queer theory masochism has been positively cast as a form of male sexuality that resists the structures of normative power while narcissism has been negatively cast as either a regressive sexuality or the bastion of white male privilege Greven argues that narcissism is a potentially radical mode of male sexuality that can defy normative codes and categories of gender whereas masochism far from being radical has emerged as the default mode of a traditional normative masculinity This study combines approaches from a variety of disciplines psychoanalysis queer theory American studies men s studies and film theory as it offers fresh readings of several important films of the past twenty years including *Casualties of War* *The Silence of the Lambs* *Fight Club* *The Passion of the Christ* *Auto Focus* and *Brokeback Mountain* On the Edge of Empire Adele Perry,2001-01-01 Perry examines the efforts of a loosely connected group of reformers to transform a colonial environment into one that more closely adhered to the practices of respectable middle class European society Women's History at the Cutting Edge Karen Offen,Chen Yan,2020-06-04 This book considers the promise of women s and gender history for revolutionizing our understanding of the past while also acknowledging the current national political financial and other contextual realities that can and do constrain or promote the possibilities for researching and writing women s history The editors assert that the promise of women s and gender history is a cutting edge field of research a revolutionary development in the politics of historical scholarship essential for understanding the human past Further they argue for the inseparability of women s history and gendered analytical approaches The contributors to the volume address questions including what have been the achievements of women s and gender history over the past two decades To what extent has it succeeded in making women s history an integral part of historical study rather than an optional specialist area What impact has the study of manhood masculinities and men s gendered power had on our understanding of women s lives What is the relationship between gender studies and new critical histories of colonialism and empire contact zones cross cultural encounters and racialization How is new work on cultural geography and spatial categories impacting on our historical understandings of bodily difference This book was originally published as a special issue of the *Women s History Review* **Pop Cultures and Ecstatic States of the Body Since World War II** Kristoff Kerl,Detlef Siegfried,Robert P. Stephens,Olaf Stieglitz,2025-07-15 This book examines the many varied historical entanglements between pop cultures and ecstatic euphoric and intoxicated bodies focusing on the period between the 1950s and the 1980s Charting a new course by bringing together pop culture studies the history of bodies and the history of emotions the volume unites new historical perspectives on different forms of corporeal pleasure and offers novel methods for studying the social and cultural politics of ecstasy David Mamet and American Macho Arthur Holmberg,2012-02-02 What does it mean to be an American man Holmberg demonstrates how David Mamet s plays explore complex issues of masculinity Masculinity in American Politics Monika L. McDermott,Dan Cassino,2025-02-25 A compendium of new research on how when and why masculinity affects politics in

America at a variety of levels the general realm of politics the world of candidates and campaigns and individual attitudes and behavior among citizens and voters      Citizen Hobo Todd DePastino,2024-05-31 In the years following the Civil War a veritable army of homeless men swept across America s wageworkers frontier and forged a beguiling and bedeviling counterculture known as hobohemia Celebrating unfettered masculinity and jealously guarding the American road as the preserve of white manhood hoboes took command of downtown districts and swaggered onto center stage of the new urban culture Less obviously perhaps they also staked their own claims on the American polity claims that would in fact transform the very entitlements of American citizenship In this eye opening work of American history Todd DePastino tells the epic story of hobohemia s rise and fall and crafts a stunning new interpretation of the American century in the process Drawing on sources ranging from diaries letters and police reports to movies and memoirs Citizen Hobo breathes life into the largely forgotten world of the road but it also crucially shows how the hobo army so haunted the American body politic that it prompted the creation of an entirely new social order and political economy DePastino shows how hoboes with their reputation as dangers to civilization sexual savages and professional idlers became a cultural and political force influencing the creation of welfare state measures the promotion of mass consumption and the suburbanization of America Citizen Hobo s sweeping retelling of American nationhood in light of enduring struggles over home does more than chart the change from homelessness to houselessness In its breadth and scope the book offers nothing less than an essential new context for thinking about Americans struggles against inequality and alienation      The Publishers' Trade List Annual ,1899

*Alternative Masculinities in Feminist Speculative Fiction* Michael Pitts,2021-06-01 Alternative Masculinities in Feminist Speculative Fiction A New Man traces efforts within American feminist utopias to imagine healthier conceptions of manhood As this analysis illuminates feminist works envisioning the improved society and its attending masculinities constitute an overlooked site for mining new masculinities During the years in which such utopias gained popularity the early 1970s to the mid 2010s these novels grew more complex challenging essentialist conceptions of masculinity and female experience These texts vary in their focus but share an interest in replacing patriarchal masculinities with an alternative informed by second wave and intersectional feminism This book analyzes the centrality of alternative masculinities to these ideal societies and the ways feminist writers present new conceptions of manhood pivotal to discussions surrounding the ongoing crisis of American masculinity      **Men and Manliness on the Frontier** R. Hogg,2012-11-14 In mid nineteenth century Britain there existed a dominant discourse on what it meant to be a man denoted by the term manliness Based on the sociological work of R W Connell and others who argue that gender is performative Robert Hogg asks how British men performed manliness on the colonial frontiers of Queensland and British Columbia      **Americanist Approaches to The Book of Mormon** Elizabeth Fenton,Jared Hickman,2019-07-18 As the eponymous sacred text of a modern religious movement of global reach The Book of Mormon has undeniable historical significance That significance this volume shows is inextricable from the intricacy of its

literary form and the audacity of its historical vision This landmark collection brings together a diverse range of scholars in American literary studies and adjacent fields to definitively establish The Book of Mormon as an indispensable object of Americanist inquiry not least because it is among other things a form of Americanist inquiry in its own right a creative critical reading of America     **Boys and their Toys** Roger Horowitz, 2013-10-18 Negotiating the divide between respectable manhood and rough manhood this book explores masculinity at work and at play through provocative essays on labor unions railroads vocational training programs and NASCAR racing     **The Birth Control Review** Margaret Sanger, 1924     *Crisis and Masculinity on Contemporary Cable Television: Tracing the Western Hero in "Breaking Bad", "The Walking Dead" and "Hell on Wheels"* Dominic Schmiedl, 2015-09-08 Doctoral Thesis Dissertation from the year 2014 in the subject American Studies Culture and Applied Geography grade magna cum laude Dresden Technical University language English abstract Both the crisis of masculinity and quality TV have been popular discourses in academia in recent years Many of these contemporary quality TV series feature male anti heroes at the center of their narratives This dissertation argues that the constructions of masculinity in series such as Breaking Bad and The Walking Dead are informed by the Western hero Furthermore the dissertation links this recourse to an arguably outmoded model of masculinity to recent crisis tendencies in the USA most notably the recent economic downturn and the aftermath of September 11 2001 Moreover the return of the Western hero can be understood as a process of remasculinization in light of the crisis of masculinity
