Educated Imagination:

The Educated Imagination Northrop Frye, 2002-01-01 What good is the study of literature Does it help us think more clearly or feel more sensitively or live a better life than we could without it Written in the relaxed and frequently humorous style of his public lectures this remains of Northrop Frye s many books perhaps the easiest introduction to his theories of literature and literary education The Educated Imagination Northrop Frye, 1969 **Educated Imagination and Other Writings on Critical Theory, 1933-1962** Northrop Frye, 2006-01-01 In 1933 Northrop Frye was a recent university graduate beginning to learn his craft as a literary essayist By 1963 with the publication of *The Educated Imagination* he had become an international academic celebrity In the intervening three decades Frye wrote widely and prodigiously but it is in the papers and lectures collected in this installment of the *Collected Works of Northrop Frye* that the genesis of a distinguished literary critic can be seen Here is Frye tracing the first outlines of a literary cosmology that would culminate in *The Anatomy of Criticism* 1958 and shape *The Great Code* 1982 and *Words with Power* 1990 At the same time that Frye garnered such international acclaim he was also a working university teacher lecturing in the University of Toronto s English Language and Literature program In her lively introduction Germaine Warkentin links Frye s evolution as a critic with his love of music his passionate concern for his students and his growing professional ambition The writings included in this volume show how Frye integrated ideas into the work that would consolidate the fame that *Fearful Symmetry* 1947 had first established The Reception of Northrop Frye, 2021-08-31 The widespread opinion is that Northrop Frye s influence reached its zenith in the 1960s and 1970s after which point he became obsolete his work buried in obscurity This almost universal opinion is summed up in Terry Eagleton s 1983 rhetorical question Who now reads Frye In *The Reception of Northrop Frye* Robert D Denham catalogues what has been written about Frye books articles translations dissertations and theses and reviews in order to demonstrate that the attention Frye s work has received from the beginning has progressed at a geomantic rate Denham also explores what we can discover once we have a fairly complete record of Frye s reception in front of us such as Hayden White s theory of emplotments applied to historical writing and Byron Almon s theory of musical narrative The sheer quantity of what has been written about Frye reveals that the only valid response to Eagleton s rhetorical question is a very large and growing number the growth being not incremental but exponential Re-educating the Imagination Deanne Bogdan, 1992 *The Northrop Frye Quote Book* Northrop Frye, 2014-02-24 Here is a specialized dictionary of quotations based on the thoughts and writings of a single person It is evidence that there is a Canadian writer of whom it may be said that we as his readers can grow up inside his work without ever being aware of a circumference Educating the Imagination Alan Bewell, Neil ten Kortenaar, Germaine Warkentin, 2015-10-01 Northrop Frye s long career made him Canada s most creative public intellectual A century after his birth his many books demonstrate a powerful vision of the resources of the human imagination Frye s critical theory sought the continuities linking human creation in all spheres

of life trusting in the idea of a single human community sharing myths stories and images that express shared visions and desires The essays in *Educating the Imagination* illustrate the extraordinary range of Frye s ideas Robert Bringhurst examines how Frye mapped the mind Ian Balfour considers what belief meant for Frye and Gordon Teskey re examines two of the critic s great subjects Blake and Milton Michael Dolzani and Thomas Willard discuss Frye s symbolism and Robert Tally looks at his utopianism A strong thread running through all the essays is Frye s interest in the Romantic era as Mark Ittenson shows Three essays pair Frye with other titans of the time Fredric Jameson Paul de Man and Jacques Derrida Troni Y Grande examines a gender issue in Frye s theory of tragedy and J Edward Chamberlin concludes by relating Frye s writings to songs ceremonies of belief and the common ground that they represent across cultures Engaging with significant matters of contemporary concern *Educating the Imagination* provides a renewed understanding of Northrop Frye and the fertility of his ideas about the imagination and society Contributors include Ian Balfour York Robert Bringhurst Adam Carter Lethbridge J Edward Chamberlin Toronto Alexander Dick British Columbia Michael Dolzani Baldwin Wallace Troni Y Grande Regina Mark Ittenson Zurich Garry Sherbert Regina Robert T Tally Jr Texas State Gordon Teskey Harvard and Thomas Willard Arizona

[The Challenge of Existential Social Work Practice](#) Mark Griffiths,2017-08-29 Social work is being constantly shaped by external forces such as new information technology managerialism increased public accountability and programme risk management Although an appreciation of how these forces impact on direct service is required an exclusive focus on them can prevent social workers from genuinely embracing current practice opportunities Existentialism a philosophy that emphasises our existence in the world as free and responsible agents helping to shape our own experiences through the choices we make has influenced the development of social work almost from its origins This ground breaking text highlights social work s existential heritage and the existential threats and challenges to current social work practice and explores how existential philosophy can help direct service social workers find purpose and meaning in their daily practice in a radically uncertain and alienated twenty first century world This is a fascinating read from one of the leading scholars in existentialist social work and an essential guide for today s student and practitioner in the application of existential social work practice

The Critical Situation Robert T. Tally Jr,2023-03-14 *The Critical Situation Vexed Perspectives in Postmodern Literary Studies* comprises a selection of essays that register the situatedness of critical theory and practice amid various intellectual institutional and cultural contexts This book offers examples of situated criticism which in turn are concerned with the ways in which literary and cultural criticism are and have been situated in relation to a variety of ideological and institutional structures including those of world literature American studies spatial literary studies cultural critique globalization and postmodernity These structures influence the ways that criticism is practiced and due recognition of their continuing effects is crucial to the success of any meaningful critical practice in the twenty first century

What Is Stephen Harper Reading? Yann Martel,2009-11-03 I know you re very busy Mr Harper We re all busy But every person has

a space next to where they sleep whether a patch of pavement or a fine bedside table In that space at night a book can glow And in those moments of docile wakefulness when we begin to let go of the day then is the perfect time to pick up a book and be someone else somewhere else for a few minutes a few pages before we fall asleep From the author of Life of Pi comes a literary correspondence recommendations to Canada's Prime Minister of great short books that will inspire and delight book lovers and book club readers across our nation Every two weeks since April 16th 2007 Yann Martel has mailed Stephen Harper a book along with a letter These insightful provocative letters detailing what he hopes the Prime Minister may take from the books by such writers as Jane Austen Gabriel Garcia Marquez and Stephen Galloway are collected here together The one sided correspondence Mr Harper's office has only replied once becomes a meditation on reading and writing and the necessity to allow ourselves to expand stillness in our lives even if we're not head of government **Northrop Frye** David Rampton, 2010-10-27 More than fifty years after the publication of Anatomy of Criticism Northrop Frye remains one of Canada's most influential intellectuals This reappraisal reasserts the relevance of his work to the study of literature and illuminates its fruitful intersection with a variety of other fields including film cultural studies linguistics and feminism Many of the contributors draw upon the early essays correspondence and diaries recently published as part of the Collected Works of Northrop Frye series in order to explore the development of his extraordinary intellectual range and the implications of his imaginative syntheses They refute postmodernist arguments that Frye's literary criticism is obsolete and propose his wide ranging and non linear ways of thinking as a model for twenty first century readers searching for innovative ways of understanding literature and its relevance to contiguous disciplines The volume provides an in depth examination of Frye's work on a range of literary questions periods and genres as well as a consideration of his contributions to literary theory philosophy and theology The portrait that emerges is that of a writer who still has much to offer those interested in literature and the ways it represents and transforms our world The book's overall argument is that Frye's case for the centrality of the imagination has never been more important where understanding history reconciling science and culture or reconceptualizing social change is concerned Published in English **101 Letters to a Prime Minister** Yann Martel, 2012-10-30 A compendium of 101 book recommendations from Booker Prize winning author Yann Martel Life of Pi to Prime Minister Stephen Harper each with an accompanying letter together probing the question what sort of mind nourished by what do we want our leaders to have Politely and unfailingly every two weeks for almost four years Yann Martel sent Canadian Prime Minister Stephen Harper a book and accompanying letter He completed the project in 2011 with 101 book recommendations Now from the mailbox of the Prime Minister's Office to your bookshelf comes a list of essential reading for all Canadians This largely one sided correspondence from the loneliest book club in the world Stephen Harper never personally responded to Yann Martel's gifts is a valuable compendium for bibliophiles and those who follow the Canadian political scene Smart subversive signed sealed and now available to you even if your address is not 80 Wellington Street

Northrop Frye's Canadian Literary Criticism and Its Influence Branko Gorjup, 2009-01-01 Northrop Frye's Canadian Literary Criticism examines the impact of Frye's criticism on Canadian literary scholarship as well as the response of Frye's peers to his articulation of a Canadian criticism

Cubism and Futurism R. Bruce Elder, 2018-06-30 Cubism and futurism were closely related movements that vied with each other in the economy of renown Perception dynamism and the dynamism of perception these were the issues that passed back and forth between the two Cubism and Futurism Spiritual Machines and the Cinematic Effect shows how movement became in the traditional visual arts a central factor with the advent of the cinema gone were the days when an artwork strived merely to lift experience out the realm of change and flow The cinema at this time was understood as an electric art akin to X rays coloured light and sonic energy In this book celebrated filmmaker and author Bruce Elder connects the dynamism that the cinema made an essential feature of the new artwork to the new science of electromagnetism Cubism is a movement on the cusp of the transition from the Cartesian world of standardized Cartesian coordinates and interchangeable machine parts to a Galvanic world of continuities and flows In contrast futurism embraced completely the emerging electromagnetic view of reality Cubism and Futurism examines the similarity and differences between the two movements engagement with the new science of energy and shows that the notion of energy made central to the new artwork by the cinema assumed a spiritual dimension as the cinema itself came to be seen as a pneumatic machine

What in the World is God Doing? Lee E. Snook, 1998-12-01 Snook's engages the reader into a constructive re imagining of the Spirit in the forms of secular power

Learning to Divide the World John Willinsky, 1998 The barbarian rules by force the cultivated conqueror teaches This maxim from the age of empire hints at the usually hidden connections between education and conquest In Learning to Divide the World John Willinsky brings these correlations to light offering a balanced humane and beautifully written account of the ways that imperialism's educational legacy continues to separate us into black and

white east and west primitive and civilized **The Art of Living for A Technological Age** Ashley John Moyse, Scott A. Kirkland, 2021-02-23 The Art of Living for A Technological Age sketches the crisis of our late modern age where persons are enamored by the promises of progress and disciplined to form by the power of technology the ontology of our age Yet it also offers a response attending to those performative activities educative and transformative social practices that might allow us to live humanly and bear witness to human being becoming for a technological age As such it is an exemplary example of the goals and outcomes of the Dispatches series the individual volumes of which draw on diverse theological resources in order to offer urgent responses to contemporary crises Authors in the series introduce succinct and provocative arguments intended to provoke dialogue and exchange of ideas while setting in relief the implications of theology for political and moral life **The Voice of Nature in Ted Hughes's Writing for Children** Lorraine Kerslake, 2018-06-12 Despite the fame Ted Hughes's poetry has achieved there has been surprisingly little critical writing on his children's literature This book identifies the importance of Hughes's children's writing from an ecocritical perspective and argues that the healing function that Hughes ascribes to nature in his children's literature is closely linked to the development of his own sense of environmental responsibility This book will be the first sustained examination of Hughes's greening in relation to his writing for children providing a detailed reading of Hughes's children's literature through his poetry prose and drama as well as his critical essays and letters In addition it also explores how Hughes's children's writing is a window to the poet's own emotional struggles as well as his environmental consciousness and concern to reconnect a society that has become alienated from nature This book will be of great interest to not only those studying Ted Hughes but also students and scholars of environment and literature ecocriticism children's literature and twentieth century literature **The Encarta Book of Quotations** Bill Swainson, 2000-09-30 Here are 25 000 quotations drawn from the history politics literature religions science and popular culture of the world ranging from the earliest Chinese sages through Shakespeare to the present day
