Educating The Women Of Hainan:

Educating the Women of Hainan: The Career of Margaret Moninger in China, 1915-1942 Kathleen L. Lodwick,

Educating the Women of Hainan Kathleen L. Lodwick,1995 The Maryknoll Sisters in Hong Kong, 1921-1969 C.

Chu,2004-11-26 This book describes the adaptation of American women to cross cultural situations in Hong Kong from 1921 to 1969 The Maryknoll Sisters were first American Catholic community of women founded for overseas missionary work and were the first American sisters in Hong Kong Maryknollers were independent outgoing and joyful women who were highly educated and acted in professional capacities as teachers social workers and medical personnel The assertion of this book is that the mission provided Maryknollers what they had long desired equal employment opportunities which were only later emphasized in the women s liberation movement of the 1960s *Biographical Dictionary of Christian Missions* Gerald H. Anderson,1999 The book also features cross references throughout a bibliography accompanying each entry an elaborate appendix listing biographies according to particular categories of interest and a comprehensive index BOOK JACKET The Chinese Medical Ministries of Kang Cheng and Shi Meiyu, 1872-1937 Connie A. Shemo,2011-10-16 This is the first full length study of the medical ministries of Kang Cheng and Shi Meiyu who graduated from the medical school at the University of Michigan in 1896 and then ran dispensaries hospitals and nursing schools in China from the 1890s to the 1930s Known in English speaking countries as Drs Ida Kahn and Mary Stone they were well known both in China and in the United States in the early twentieth century but today have largely been forgotten This book gives readers today the chance to know these fascinating women whose stories shed light on many aspects of U S China relations At its broadest level this study contributes to the development of a transnational women s history deepening our understanding of how ideas about women have traveled across national boundaries **China's Lonely Revolution** Jeremy A. Murray,2017-03-27 Jeremy A Murray s study of local Communist revolutionaries in Hainan between 1926 and 1956 provides a window into the diversity and complexity of the Chinese revolution Long at the margins of the Chinese state Hainan was once known by mainlanders only for its malarial climate and fierce indigenous people In spite of efforts by the Chinese Nationalists and the Japanese to exterminate Hainan s Communists the movement survived because of an alliance with the indigenous Li For years it persevered though in complete isolation from Communist headquarters on the mainland Using Chinese language sources archival materials and interviews Murray draws a vivid picture of this movement from the Hainanese perspective and broadens our understanding of how patriotism Party loyalty and Chinese identity have been experienced and interpreted in modern China **Mixed Blessings** Judy Brink,Joan Mencher,2014-04-23 Taking a woman centered approach *Mixed Blessings* analyzes the effect of religious fundamentalism on gender roles in a variety of religions and nations It explains how some women benefit from fundamentalism gaining economic power and autonomy and portrays how others maneuver within its restrictions The scope of the book is broad ranging from Christian groups in North and South America Islamic groups in

the Middle East and China Jews in Israel Hindus in India and Buddhists in Sri Lanka The detailed descriptions of women s lives illustrate the complexity of the intersection of gender and fundamentalism The impact of fundamentalism for some women has been beneficial and has lead to greater economic power and autonomy In other areas women must maneuver within the constraints of fundamentalism to gain power and autonomy **How Christianity Came to China** Kathleen L. Lodwick,2016-12-01 The story of the foreign missionaries who served in China between 1809 and 1949 is one of fervent religious commitment and of the loss of faith of determined perseverance and of angry frustration of accepting people as they are and of cultural superiority of human kindness and of narrow prejudice of those who loved China and of those who refused to acknowledge the society in which they lived of those who spent their entire adult lives in China and of those who fled home as soon as possible and of those who admired China and of those who were driven insane by living in China In short it is a story of ordinary people with all their good qualities and all their shortcomings In all of its complexity Kathleen L Lodwick tells the story of Christianity in China It s essential reading for anyone wanting to understand the contemporary phenomena that is Christianity in China which some people predict soon will be the country with the largest Christian population in the world **The Journal of American-East Asian Relations** ,2001 Encyclopedia of Christianity in the United States George Thomas Kurian,Mark A. Lamport,2016-11-10 From the Founding Fathers through the present Christianity has exercised powerful influence in the United States from its role in shaping politics and social institutions to its hand in inspiring art and culture The Encyclopedia of Christianity in the United States outlines the myriad roles Christianity has played and continues to play This masterful five volume reference work includes biographies of major figures in the Christian church in the United States influential religious documents and Supreme Court decisions and information on theology and theologians denominations faith based organizations immigration art from decorative arts and film to music and literature evangelism and crusades the significant role of women racial issues civil religion and more The first volume opens with introductory essays that provide snapshots of Christianity in the U S from pre colonial times to the present as well as a statistical profile and a timeline of key dates and events Entries are organized from A to Z The final volume closes with essays exploring impressions of Christianity in the United States from other faiths and other parts of the world as well as a select yet comprehensive bibliography Appendices help readers locate entries by thematic section and author and a comprehensive index further aids navigation Innocents Abroad Jonathan ZIMMERMAN,2009-06-30 Until the early twentieth century teachers went abroad with assumptions of their own superiority But by the mid twentieth century they became far more self questioning about their social assumptions their educational theories and the complexity of their role in a foreign society Drawing on extensive archives of teachers letters and accounts Zimmerman s narrative explores the teachers shifting attitudes about their country and themselves in a world that was more unexpected than they could have imagined *Archival Resources of Republican China in North America* Chengzhi Wang,Su Chen,2015-12-08 North America

maintains the largest collection of archival materials relating to the Chinese Republican era 1911-1949 outside of China. Most of the archival materials are also unique and the collections contain special materials supplementing historical records in China and Taiwan. In many cases, North America's holdings represent the best and only public access to the tumultuous Republican government and society of the first half of the twentieth century. An essential guide for researchers and students of Republican China, this volume presented in both English and Chinese covers personal papers, correspondences, memoirs, diaries, photographs, moving images, and other materials held at academic and research institutions across the United States and Canada. It includes concise descriptions of the people, organizations, and events connected to each entry and notes when certain collections are closely related and when materials are digitized for online access. The book corrects common errors associated with the library records of many archives and updates or completes information on the objects of these records. More than a straightforward itemization, this book adds significant depth to any research on the history and global import of China's modern development.

Area Bibliography of China Richard T. Wang, 1997. A combination of scholarly, commercial, and popular interests has generated a large quantity of literature on every aspect of Chinese life during the past two decades. This bibliography reflects these combined interests; it is broken up into sections by subject headings and cross references refer the researcher to related topics.

A STUDY ON JAPANESE MILITARY "COMFORT WOMEN" Zhiliang Su, 2019-11-04. In the history of Asia, the disasters such as the war of aggression launched by Japan are unprecedented. The issue of comfort women has not yet become history. History is an objective reality. In the 1930s, the war of aggression launched by Japanese militarism brought great disasters to the Chinese people and the people of Asian countries, including Japan itself. No one can deny and overturn the historical facts. History is a mirror which provides people with positive and negative lessons. Whether Japan should follow the path of peaceful development or repeat the mistakes of militarism is a matter of great concern to the people of all Asian countries who were once victims of Japanese aggression. It is also a matter for far-sighted Japanese politicians to consider seriously.

Missiology, 1995. An international review.

Tiger Girls Minglu Chen, 2012-03-29. The existing scholarship on women in China suggests that gender inequality still exists against the background of the country's reform and opening in

recent years. However, the situation of women in enterprise ownership and leadership seems to indicate that despite such notions of disadvantage amongst women, some of them are playing a more active and significant role in China's economic development. Based on a series of interviews with female enterprise owners, wives of enterprise owners, and women managers conducted in diverse locations in three different provinces of China, *Tiger Girls* examines the deeper realities of women entrepreneurs in China and, by extension, the role of leading women in the workforce. By analyzing information on these women's personal experiences, careers, and families, this book investigates their status at work and at home, as well as their connections with local politics. The research results suggest that although traces of gender inequality can still be found in these women's lives, they appear to be actively engaged in the business establishment and operation and gradually casting off the leash of domestic responsibilities. This book will be of interest to students and scholars of Chinese Studies, Chinese Business, Chinese Economics, and Asian Studies. Minglu Chen is ARC Postdoctoral Fellow in the Department of Government and International Relations at Sydney University, Australia.
