Educating For Freedom The Paradox Of Pedagogy:

Educating for Freedom Donald L. Finkel, William Ray Arney, 1995 The very notion of teaching freedom suggests a paradox Ever since Rousseau the project of liberal education has been situated in the matrix of the teacher student relationship Some theorists have even seen this relationship as erotic Part one of this book explores the educational philosophies of Rousseau Freud Paolo Freire Ivan Illich and Michel Foucault All these thinkers wrestle with the paradox How can such a mutually dependent relationship foster independence The primary vehicle necessary to a liberating education the personal relationship is also the fundamental obstacle to the achievement of genuine liberation After reaching this conclusion the authors turn away from the student teacher relationship and the paradox of pedagogy to examine another type of teaching and learning where two teachers who differ in fundamental ways engage in collegial teaching with students they have in common Collegial teaching is described in its particularity based on the authors experiences at an unusual liberal arts college The Evergreen State College They find that the changed dynamics of equality and the altered structure of authority created by collegial teaching is rewarding for both teachers and students and may be a way out of the paradox of pedagogy to intellectual freedom

Paulo Freire and Multilingual Education Sandro R. Barros, Luciana C. de Oliveira, 2022-04-19 This collection celebrates the work of Paulo Freire by assembling transnational perspectives on Freirean based educational models that reconsider and reimagine language and literacy instruction especially for multilingual learners Offering an international and comparative overview of Freire s theories and critical pedagogies in relation to multilingualism this volume presents innovative analyses and applications of theories and methods and features case studies in public schools after school and community literacy programs and grassroots activism Part I features chapters that expand on Freire s concepts and ideas including critical literacies critical consciousness and liberatory teaching principles Part II features chapters that discuss empirical analyses from applied research studies that draw from these philosophical concepts making important connections to key topics on supporting students curriculum development and teaching Ideal for students and scholars in language education bilingual multilingual methods and sociology of education the volume informs teacher knowledge and practice In offering alternative paradigms to our dominant homogenized monolingual status quo the chapters present a shared vision of what multilingual literacy can offer students and how it can transform educational spaces into sites of imagination creativity and hope

Education as Freedom Noel S. Anderson, Haroon Khareem, 2009-01-16 Before the founding of the United States enslaved Africans advocated literacy as a method of emancipation During the Reconstruction period after the Civil War blacks were at the forefront of the debates on the establishment of public schools in the South In fact a wealth of ideas about the role of education in American freedom and progress emerged from African American civic political and religious communities and was informed by the complexity of the Black experience in America Education as Freedom African American Educational Thought and Activism is a groundbreaking edited text that documents and reexamines African

American empirical methodological and theoretical contributions to knowledge making teaching and learning and American education from the nineteenth through the twenty first century the most dynamic period of African American educational thought and activism African American thought and activism regarding education burgeoned from traditional academic disciplines such as philosophy and art mathematics and the natural sciences and history and psychology from the Black church as well as from grassroot political social cultural and educational activism with the desire to assess the stake of African Americans in modernity

Educating for Democracy Alan M. Olson, David M. Steiner, Irina S. Tuuli, 2004-08-04 The central conflicts of the world today are closely related to cultural traditional and religious differences between nations As we move to a globalized world these differences often become magnified entrenched and the cause of bloody conflict Growing out of a conference of distinguished scholars from the Middle East Europe and the United States this volume is a singular contribution to mutual understanding and cooperative efforts on behalf of peace The term *paideia* drawn from Greek philosophy has to do with responsible education for citizenship as a necessary precondition for effective democracy The problems discussed here are crucial but not simple How can we find shared ethical principles on which to build international consensus How can religious tolerance make inroads in societies accustomed to restrictive fundamentalism What might bring about de dogmatization of education in the Middle East as a necessary condition for free and rational inquiry and the broader vistas required by democracy All of these issues highlight the underlying question What is education really for Finally the volume confronts the promises and perils of economic globalization Noting that one third of the world's population lives in abject poverty business has become a battlefield where ethics and trust are clearly at stake

American Sociological Review Frank Hamilton Hankins, 1995 Includes sections Book reviews and Periodical literature

Rethinking Ethical-Political Education Torill Strand, 2020-07-29 This book offers a variety of outlooks and perspectives on the constitutive values and formative norms of a society reflected by discourses on ethical political education It also discusses conceptual and critical philosophical works combined with empirical studies The book is divided into three parts the first part describes contemporary youth's tangible experience of and reflections on ethical political issues while the second part explores the potential powers and pitfalls of educational philosophies old and new The third part highlights cutting edge issues within the humanities and social sciences and examines the prospects of a fruitful rethinking of ethical political education in response to today's pressing issues By addressing current dilemmas with diligence and insight the authors offer solid arguments for new theoretical and practical directions to promote philosophical clarification and advance research Intended for students teachers and researchers the book provides fresh perspectives on the many facets of ethical political education and as such is a valuable contribution to educational research and debate

A Knowledge Base for Teacher Education and Development: Programme and process of teacher education ,2002 *Philosophy of Culture as Theory, Method, and Way of Life* ,2022-05-16 The idea of culture comprises almost all human activities from science to art from music to microscopy Does anything important escape the limits of this idea The authors of this collection argue that all philosophy is really the philosophy of culture since in some way each and every discipline and subdiscipline is foremost a manifestation of our collective cultural effort Further they argue that by engaging with philosophy as a cultural activity and as a discipline to meaningfully engage with all dimensions of inter cultural life we can live more meaningful flourishing and wisely guided lives

Leaders in Philosophy of Education Leonard J. Waks,2014-11-26 In the late 1950s plans were initiated to bring a higher level of professionalism to the training of educational professionals New projects included introducing contemporary scholarship from the humanities and social sciences into colleges of education to revitalize the education knowledge base In North America and the United Kingdom analytical philosophers were recruited to inaugurate a new philosophy of education Analytical philosophy of education soon spread throughout the English speaking world By the 1980s this analytical impulse had largely subsided Philosophers trained in analytical philosophy and their students turned to more ambitious normative pursuits related to problems of social justice and democracy Meanwhile feminist philosophers opened up new issues regarding the education of women and the nature of teaching and knowing and a new wave of pragmatist philosophers turned to issues of educational policy By the 1990s Anglo American philosophers of education welcomed a dialogue with counterparts in Western Europe and the field responded to established trends in European philosophy ranging from critical theory and phenomenology to post structuralism New leaders emerged in philosophy of education representing all of these various strands This volume documents the emergence of contemporary philosophy of education as seen by those spearheading these trends

A Critical Examination of NeoMarxist and Postmodernist Theories as Applied to Education Tova Yaakoby,

The Afrocentric Praxis of Teaching for Freedom Joyce E. King, Ellen E. Swartz, 2015-08-27 The Afrocentric Praxis of Teaching for Freedom explains and illustrates how an African worldview as a platform for culture based teaching and learning helps educators to retrieve African heritage and cultural knowledge which have been historically discounted and decoupled from teaching and learning The book has three objectives To exemplify how each of the emancipatory pedagogies it delineates and demonstrates is supported by African worldview concepts and parallel knowledge general understandings values and claims that are produced by that worldview To make African Diasporan cultural connections visible in the curriculum through numerous examples of cultural continuities seen in the actions of Diasporan groups and individuals that consistently exhibit an African worldview or cultural framework To provide teachers with content drawn from Africa s legacy to humanity as a model for locating all students and the cultures and groups they represent as subjects in the curriculum and pedagogy of schooling This book expands the Afrocentric praxis presented in the authors Re membering History in Teacher and Student Learning by combining re membered democratized historical content with emancipatory pedagogies that are connected to an African cultural platform *American Book Publishing Record* ,1995 *Remixing the Classroom* Randall Everett Allsup, 2016-06-27 In a delightfully self conscious philosophical mash up Randall Everett Allsup provides alternatives for the traditional master apprentice teaching model that has characterized music education By providing examples across the arts and humanities Allsup promotes a vision of education that is open changing and adventurous at heart He contends that the imperative of growth at the core of all teaching and learning relationships is made richer though less certain when it is fused with a student s self initiated quest In this way the formal study of music turns from an education in teacher directed craft and moves into much larger and more complicated fields of exploration Through vivid stories and evocative prose Randall Everett Allsup advocates for an open quest driven teaching model that has repercussions for music education and the humanities more generally **Paulo Freire** Peter Leonard, Peter McLaren, 2002-11-01 Paulo Freire is one of the century s great thinkers on education and the politics of liberation Known mostly for his literacy campaigns in Latin America and Africa and for his seminal work Pedagogy of the Oppressed his thinking continues to be rediscovered by generations of teachers scholars community activists and cultural workers in Europe and North America While his name is synonymous with the practice of Critical Literacy and A Pedagogy of Liberation his work has been appropriated in many diverse fields of discipline and site based projects of social reform This volume represents a pathfinding analysis of Freires work and in many cases it offers an extension of his thinking in order to make it more applicable to first world contexts Peter McLaren and Peter Leonard have brought together a divergent group of scholars widely recognized for their contributions to critical theory and critical pedagogy Themes addressed include Freier s relation to feminist critique his philosophical roots and an evaluation of his ideas from postmodernist and postcolonialist perspectives The collection will be essential reading for anyone interested in the radical sociology of education and the politics of liberation **(Re)Teaching Trayvon: Education for Racial Justice**

and Human Freedom Venus E. Evans Winters, Magaela C. Bethune, 2014-12-03 The authors bring you in this edited volume a collection of essays that address the relationship between racial violence media the criminal justice system and education This book is unique in that it brings together the perspectives of university professors artists poets community activists classroom teachers and legal experts With the Trayvon Martin murder and legal proceedings at the center of reflection and analysis authors poignantly provide insight into how racial violence is institutionalized and consumed by the mass public Authors borrow from educational theory history gender studies sociology cultural studies the arts legal scholarship and personal reflection to begin the dialogue on how to move toward education for racial and social justice The book is recommended for secondary educators community organizers undergraduate and graduate social science and education courses
