Comprehensive Textbook of Community Health Nursing Including Environmental Science (Two Volume Set), First Edition - E-Book Neerja

Sood, Sakshi Chaturvedi, 2025-04-07 This book has been written with student nurses learning needs in mind and it fully covers the Indian Nursing Council's new revised syllabus for nursing degree and diploma courses. Although it primarily intends to cater to the curriculum demands of BSc Nursing and GNM students, it will also be extremely valuable for students of various other streams studying community health courses, MLHP, CCH, and MPH courses. The main principles have been conveyed in clear terms from the students' perspective. The global and national health scenario and community health nursing principles are considered while explaining the role of community health nurses. Designed to meet the curricular needs of student nurses, relevant case studies and examples included. Figures, tables, and pictures are placed in order to enhance logical thinking. Recent research work in the relevant field is included in the content. Contains short answer and long answer exam-oriented questions at the end of chapters. Provides additional multiple choice questions to help students have a firm grasp on the subject.

Handbook of Health Behavior Research IV David S. Gochman, 1997-10-31 This landmark treatise provides the first comprehensive review of basic health behavior research. In four volumes, multidisciplinary contributors critically assess every aspect of health behavior, giving special attention to the interrelationship between personal, social systems, and risk behavior. Volume 1 presents useful conceptions of health and health behavior and describes the influence of personal, family, social, and institutional factors. Each volume features extensive supplementary and integrative material prepared by the editor, the detailed index to the entire four-volume set, and a glossary of health behavior terminology.

Community Health Mr. Rohit Manglik, 2023-06-23 In this book, we will study about public health issues, preventive care, and health education in community settings. It emphasizes the role of social workers in promoting health awareness, sanitation, and disease prevention.
