Failing Law Schools Brian Z. Tamanaha, 2012-06-15 On the surface law schools today are thriving Enrollments are on the rise and their resources are often the envy of every other university department Law professors are among the highest paid and play key roles as public intellectuals advisers and government officials Yet behind the flourishing facade law schools are failing abjectly Recent front page stories have detailed widespread dubious practices including false reporting of LSAT and GPA scores misleading placement reports and the fundamental failure to prepare graduates to enter the profession Addressing all these problems and more in a ringing critique is renowned legal scholar Brian Z Tamanaha Piece by piece Tamanaha lays out the how and why of the crisis and the likely consequences if the current trend continues The out of pocket cost of obtaining a law degree at many schools now approaches 200 000 The average law school graduate s debt is around 100 000 the highest it has ever been while the legal job market is the worst in decades with the scarce jobs offering starting salaries well below what is needed to handle such a debt load At the heart of the problem Tamanaha argues are the economic demands and competitive pressures on law schools driven by competition over U S News and World Report ranking When paired with a lack of regulatory oversight the work environment of professors the limited information available to prospective students and loan based tuition financing the result is a system that is fundamentally unsustainable Growing concern with the crisis in legal education has led to high profile coverage in the Wall Street Journal and the New York Times and many observers expect it soon will be the focus of congressional scrutiny Bringing to the table his years of experience from within the legal academy Tamanaha has provided the perfect resource for assessing what s wrong with law schools and figuring out how to fix them

Chinese Teacher Compensation System of Compulsory Education Jiang Jinqiu, 2021-11-29 This book examines the compensation system for teachers in compulsory education in China and how it can be brought to bear in attracting retaining and motivating teachers while improving the quality of basic education The study first draws on theories of modern pay systems and revisits major teacher pay reforms at the national

level and their implementation at the school level thereby evaluating the characteristics and problems of pay systems A comparative analysis of different pay scales and its competitiveness in contrast to other professions then further demonstrates the limitations of existing salary structures in compulsory education schools along with a failure to offer enough incentives for high quality teachers and teaching Approaching the topic from both theoretical and empirical perspectives the author proposes a restructured pay system and advances constructive suggestions on policymaking as well as research directions in teacher pay reform The book will appeal to scholars students school officials and policymakers interested in education economics education management and administration and especially teacher pay scales and pay reforms
