## European Literature The Latin Middle:

*European Literature and the Latin Middle Ages* Ernst Robert Curtius, 1909 In this magnificent book T S Eliot Ernst Robert Curtius 1886 1956 one of the foremost literary scholars of this century examines the continuity of European literature from Homer to Goethe with particular emphasis on the Latin Middle Ages In an extensive new epilogue drawing on hitherto unpublished material Peter Godman analyzes the intellectual and political context and character of Curtius's ideas

**European Literature and the Latin Middle Ages** Ernst Robert Curtius, 2013-07-21 Published just after the Second World War *European Literature and the Latin Middle Ages* is a sweeping exploration of the remarkable continuity of European literature across time and place from the classical era up to the early nineteenth century and from the Italian peninsula to the British Isles In what T S Eliot called a magnificent book Ernst Robert Curtius establishes medieval Latin literature as the vital transition between the literature of antiquity and the vernacular literatures of later centuries The result is nothing less than a masterful synthesis of European literature from Homer to Goethe *European Literature and the Latin Middle Ages* is a monumental work of literary scholarship In a new introduction Colin Burrow provides critical insights into Curtius's life and ideas and highlights the distinctive importance of this wonderful book *European Literature and the Latin Middle Ages* Ernst Curtius, 1909

**European literature and the latin middle ages, by e. curtius** Ernest robert Curtius, 1948 *European Literature and the Latin Middle Ages ... Translated ... by Willard R. Trask* Ernst Robert CURTIUS, Willard Ropes TRASK, 1953

**European Literature and the Latin Middle Ages ; Translated from the German by Willard R. Trask** Ernst Robert Curtius, 1953 **Literary Language & Its Public in Late Latin Antiquity and in the Middle Ages** Erich Auerbach, 1993-06-06 In this his final book Erich Auerbach writes My purpose is always to write history Tracing the transformations of classical Latin rhetoric from late antiquity to the modern era he explores major concerns raised in his *Mimesis* the historical and social contexts in which writings were received and issues of aesthetics semantics stylistics and sociology that anticipate the concerns of the new historicism *European Literature and the Latin Middle Age* Ernst Robert Curtius, 1963

*Latin Literatures of Medieval and Early Modern Times in Europe and Beyond* Francesco Stella, Lucie Doležalová, Danuta Shanzer, 2024-07-15 The textual heritage of Medieval Latin is one of the greatest reservoirs of human culture Repertories list more than 16 000 authors from about 20 modern countries Until now there has been no introduction to this world in its full geographical extension Forty contributors fill this gap by adopting a new perspective making available to specialists but also to the interested public new materials and insights The project presents an overview of Medieval and post medieval Latin Literatures as a global phenomenon including both Europe and extra European regions It serves as an introduction to medieval Latin's complex and multi layered culture whose attraction has been underestimated until now Traditional overviews mostly flatten specificities yet in many countries medieval Latin literature is still studied with reference to the local history Thus the first section presents 20 regional surveys including

chapters on authors and works of Latin Literature in Eastern Central and Northern Europe Africa the Middle East Asia and the Americas Subsequent chapters highlight shared patterns of circulation adaptation and exchange and underline the appeal of medieval intermediality as evidenced in manuscripts maps scientific treatises and iconotexts and its performativity in narrations theatre sermons and music The last section deals with literary interfaces that is motifs or characters that exemplify the double sided or the long term transformations of medieval Latin mythologemes in vernacular culture both early modern and modern such as the legends about King Arthur Faust and Hamlet *A History of Anglo-Latin Literature, 1066-1422* A. G. Rigg, 1992-12-10 A comprehensive of medieval Anglo Latin literature **The Roman Self in Late**

**Antiquity** Marc Mastrangelo, 2008-01-21 The Roman Self in Late Antiquity for the first time situates Prudentius within a broad intellectual political and literary context of fourth century Rome As Marc Mastrangelo convincingly demonstrates the late fourth century poet drew on both pagan and Christian intellectual traditions especially Platonism Vergilian epic poetics and biblical exegesis to define a new vision of the self for the newly Christian Roman Empire Mastrangelo proposes an original theory of Prudentius s allegorical poetry and establishes Prudentius as a successor to Vergil Employing recent approaches to typology and biblical exegesis as well as the most current theories of allusion and intertextuality in Latin poetry he interprets the meaning and influence of Prudentius s work and positions the poet as a vital author for the transmission of the classical tradition to the early modern period This provocative study challenges the view that poetry in the fourth century played a subordinate role to patristic prose in forging Christian Roman identity It seeks to restore poetry to its rightful place as a crucial source for interpreting the rich cultural and intellectual life of the era Latin Literature Gian Biagio Conte, 1999-11-19 This history of Latin literature offers a comprehensive survey of the 1000 year period from the origins of Latin as a written language to the early Middle Ages It offers a wide ranging panorama of all major Latin authors

**Communications and Power in Medieval Europe** Karl Leyser, 1994-07-01 Karl Leyser s intuitive and imaginative historical writing drew on deep reading in the primary sources and above all on an intimate knowledge of the major historians of the period displayed in this collection of his work It was his contention that only through an understanding of the minds of such historians as Nithard Regino of Prüm Widukind of Corvey and Thietmar of Merseburg and a reconstruction of their outlook on the world can we appreciate the aristocratic worlds which these historians depicted in their works

*New Medieval Literatures 20* Kellie Robertson, Wendy Scase, Laura Ashe, Philip Knox, 2020-04-17 Cutting edge and fresh new outlooks on medieval literature emphasising the vibrancy of the field The Long Morning of Medieval Europe Jennifer R. Davis, Michael McCormick, 2008 Scholars from Europe and North America convened at Harvard University in 2004 for an interdisciplinary conference aimed at Rethinking the Early Middle Ages What are the issues and techniques of research defining the field today and what will they be tomorrow Medieval Latin Frank Anthony Carl Mantello, A.
