European Union And The Efta Countries

**Great Britain: Parliament: House of
Commons: Foreign Affairs Committee**

European Union And The Efta Countries:

European Union and the EFTA Countries Thomas Pedersen, 1994 This lucid and wide ranging volume aims to provide a valuable context to understanding the process of enlargement of the EC Whilst there are innumerable works on the origins and development of the EC in general and historical terms this is the first volume to examine in a theoretical analytical framework the origins and development of the European Economic Area one of the most significant outcomes of EC expansion

The European Union and the Nordic Countries Lee Miles, 2005-06-28 The team of authors including academics from all five main Nordic countries provides an authoritative assessment of the intricate relationship between the EU and the Nordic countries

Handbook on the European Union and Brexit John E. Fossum, Christopher Lord, 2023-01-17 Brexit has irrevocably transformed British politics yet its effects are not confined to relations between the UK and the EU Venturing beyond the already vast literature on Brexit this dynamic Handbook explores the implications of the UK's withdrawal from the EU for the EU itself single countries within and beyond Europe and the international system as well as different social groups generations and territories within the UK

how accession to the european union has affected external trade and foreign direct investment in central european economics Bartłomiej Kamiński, 2001 During the Central European countries reintegration into the world economy their proximity and accession to the European Union greatly affected first the flow of capital and then the flow of goods Countries that adopted radical liberal reform and had preferential access to EU markets have benefited most attracting foreign direct investment and drawing multinational corporations relocating their production sites

European Union Free Trade Agreements Handbook Volume 1 EU - Republic of Korea Free Trade Agreement IBP, Inc.,

The Routledge Guide to the European Union Ian Bond, Dick Leonard, Robert Taylor, 2025-06-30 Written by experts this long established and definitive guide to the workings of the European Union provides comprehensive straightforward and readable coverage of this sometimes misunderstood and complex institution This fully revised second edition explains not only what happens but why analysing the EU's strengths and weaknesses as well as opportunities for it to be more effective With the EU's very existence under pressure due to Euroscepticism continued crises with migration and borders the re emergence of the far right and renewed great power competition in Europe and the world it specifically outlines How the EU has evolved over the last 70 years How it works the institutions the mechanisms Every area of EU competence from agriculture to defence The effects of the single market a single currency and the successes and stresses of the eurozone The impact of the enlargement of the EU prospects for further enlargement and closer political integration Reforming the EU's decision making and defending the rule of law The EU's place in an ever more disorderly world The Routledge Guide to the European Union is well established as the clearest and most comprehensive guide to how the EU operates This new edition brings you up to date at a crucial stage in its history at a time when it has never been under greater internal and external threat but conversely is perhaps more important than ever

The Political

Economy of Joining the European Union Magnus Bjarnason, 2010 Iceland can consider its participation in the European Economic Area EEA as an associate membership of the European Union EU Under the EEA agreement Iceland participates in the EU free movement of capital persons services and industrial goods along with cooperation in social policy and related fields However Iceland does not participate in the EU Common Fisheries Policy CFP the EU Common Agricultural Policy CAP the European Economic and Monetary Union EMU or in the EU Customs Union This dissertation studies the effects of full EU membership on Iceland's Political Economy It gives an overview of the EU EEA and the European Free Trade Association EFTA offering thorough analyses of the EMU Agricultural Policy and Fisheries Policy The dissertation also reviews the pros and cons of EU membership A decision to join the EU is in the end a question of political choice and this dissertation is intended to make such a choice as informed as possible

European Union and Environmental Governance Henrik Selin, Stacy D. VanDeveer, 2015-05-01 Over the past five decades the European Union EU has developed into the most legally and politically authoritative regional organization in the world wielding significant influence across a wide range of issue areas European Union and Environmental Governance focuses on the growing global role of EU environmental and sustainable development policies Written in a concise and accessible manner this book introduces and examines the major European and global environmental issues debates and policies and provides a critical evidence based evaluation of the achievements and shortcomings to date in EU environmental and sustainability governance Providing both an historical overview and a discussion of the major future legal political and economic challenges to the realization of EU goals related to better environmental governance the authors offer a comprehensive introduction to this key issue This book will be useful reading for students of global environmental politics comparative environmental politics and policy international organizations European politics and environmental studies

The European Union and the Return of the Nation State Antonina Bakardjieva Engelbrekt, Karin Leijon, Anna Michalski, Lars Oxelheim, 2020-01-22 This book explores the complex and ever changing relationship between the European Union and its member states The recent surge in tension in this relationship has been prompted by the actions of some member state governments as they question fundamental EU values and principles and refuse to implement common decisions seemingly on the basis of narrowly defined national interests Furthermore Brexit forces the EU for the first time to face the prospect of a major member state preparing to leave the Union Are these developments heralding the return of the nation state and if so in what form Is the national revival a lasting phenomenon that will affect the EU for a long time to come or is it a transitory trend This book takes an interdisciplinary approach to answer these questions It brings together scholars from economics law and political science to provide insights into the multifaceted relations between the Union and its member states from different perspectives All chapters are based on up to date research findings succinct assessments of the current state of affairs and ongoing debates about the direction of European integration The book concludes by offering policy recommendations at European and national levels

Money

Laundering Counter-measures in the European Union Valsamis Mitsilegas, 2003-01-01 The past fifteen years witnessed the emergence globally of a plethora of legislative measures aimed at countering money laundering These developments have been inextricably linked with the growing international focus on newly perceived and or prioritised global security threats such as organised crime and terrorism with money laundering counter measures deemed essential to counter these threats Taking these developments into account this book examines in detail the evolution and content of money laundering counter measures in the European Union These measures constitute a new paradigm of security governance achieved through three principal methods criminalisation consisting in the emergence of new criminal offences responsabilisation consisting in the mobilisation of the private sector to co operate with the authorities in the fight against money laundering and the emphasis on the administration of knowledge through the establishment of new institutions the financial intelligence units with extensive powers to administer a wide range of information provided by the private sector This paradigm may pose significant challenges to fundamental legal principles and to well established social structures and the book attempts to address this balance This up to date analysis includes the provisions of the new EU money laundering Directive which was formally adopted in December 2001

The European Union Ali El-Agraa, 2007-08-09 The European Union provides a comprehensive introduction to the economics and policies of the EU

The Nordic Countries and the European Union Caroline Grøn, Peter Nedergaard, Anders Wivel, 2015-02-20 In European policy making the Nordic countries are often viewed as a relatively coherent bloc in international and European affairs the Nordic position has traditionally been conditioned on being different from and better than Europe This book offers a coherent original and systematic comparative analysis of the relationship between the Nordic countries and the European Union over the past two decades It looks at the historical frame institutions and policy areas addressing both traditional EU areas such as agriculture and more nascent areas affecting the domestic and foreign policies of the Nordic countries In doing so it examines how the Nordic approach to European policy making has developed and explains why the Nordic countries are similar in some respects while differing in others when engaging with EU institutions In highlighting the similarities and differences between the Nordic countries it explores what lessons positive and negative may be drawn from this approach for the Nordic countries and other small states This book will be of interest to scholars students and practitioners engaged with the Nordic Countries EU politics and policy making European politics and comparative politics

The European Union in International Politics Roy H.

Ginsberg, 2001-10-03 As the world looks to Europe to take on more responsibility in international politics and security in the devastating aftermath of Bosnia and Kosovo this pathbreaking book provides the first systematic evaluation of the political impact of the European Union EU on a global scale Little is known of the EU s international political influence yet if the EU is to develop a viable Common Foreign and Security Policy other actors will have to perceive the Union as an important player Roy Ginsberg fills this vital gap by first linking the contexts and sources of EU foreign policy actions with the processes and

outputs of decisionmaking and then examining how outsiders view the EU Combining a masterly synthesis of the literature with invaluable primary interviews and case studies that document the reach of and limits to the EU's political influence Ginsberg takes the study of EU foreign policy to a new level of analysis By defining describing and explaining the different levels and degrees of external political impact the book serves as a model for the advancement of conceptual knowledge rigorous political science research and state of the art survey techniques and methodology Scholars students and practitioners alike will find this rounded and nuanced work indispensable for understanding EU involvement in international politics seen from the perspective of non EU players particularly after the war in Kosovo the enactment of the Treaty of Amsterdam the Irish no vote for the Treaty of Nice and the efforts forged by the Europeans to operationalize the new political security and military committees associated with the European Security and Defense Policy

The European Union's Non-Members Erik Oddvar Eriksen, John Erik Fossum, 2015-06-03 The EU is a supranational organization whose reach and influence extends well beyond its member states especially to the many states that have signed various forms of association agreement with it This book asks whether qualifying states who have eschewed EU membership experience negative effects on their legal and political self governing abilities or whether they manage their independence with few such effects It explores the idea that the closer the affiliation a non member state has with the EU the more susceptible to hegemony the relationship appears to be In addition the book provides an overview of the total range of agreements the EU has with non member states This text will be of key interest to scholars and students of in EU European studies Scandinavian studies European and comparative politics international relations and democratization studies

Enlargement & Integration in the European Union Christopher Preston, 1997 This accessible book examines the ways in which the European community will have to adapt to cope with a potential influx of new members into the next millennium It will be essential reading for students and practitioners of European politics

The future of the European Union Great Britain: Parliament: House of Commons: Foreign Affairs Committee, 2013-06-11 Incorporating HC 115 i iv from session 2012 13

The European Union and the Social Dimension of Globalization Jan Orbie, Lisa Tortell, 2009-01-13 Examines the nature of the EU and its external role in relation to social issues raised by globalization It explores how the EU influences both directly and indirectly the rest of the world in relation to the social component of globalization

European Free Trade System and Policy Handbook Volume 1 Integration, Policy, Regulations IBP, Inc., 2017-06-16 EFTA European Free Trade Association Trade and Investment Agreements Handbook Strategic Information and Basic Agreements

Policy-making in the European Union Helen S. Wallace, Mark A. Pollack, Alasdair R. Young, 2010 The policies of the European Union profoundly affect the lives of people in Europe and around the world The new edition of this highly successful textbook outlines how and why such decisions are made as well as the key challenges faced by policy makers in the current political and economic climate Policy Making in the European Union begins by clarifying the institutional framework of the EU and the analytical approaches used

to understand it A wide range of crucial and illustrative policies are then explored in detail by subject experts This volume includes new chapters on ways of analyzing the EU s policy process and on energy policy A central theme to the volume is how the recent expansion to twenty seven member states has affected policy making across the different policy sectors The conclusion reflects on how this challenge and the protracted constitutional stalemate have affected policy making in the EU It also explores the impact of the financial and economic crises that have struck Europe over the past several years The sixth edition is fully up to date and is the ideal text for all those with an interest in the policy making of the European Union

Enlargement of the European Union Allan F. Tatham, 2009-01-26 The development of EU enlargement has raised many thorny issues unanticipated by the framers of the EC Treaty A significant upshot of these issues is that the concept of European identity defined in terms of such factors as culture history and economics has supplanted the long dominant theme of widening and deepening particularly since the Union s expansion has become primarily eastward The major contribution of this important book lies in its analysis of the conceptualization and perception of enlargement from various points of view focusing on the concerns of stakeholders and the identity conflicts and uncertainties incurred by enlargement initiatives In the course of its presentation it details the actual pre accession Europeanization process and its complex history Among the key elements discussed are the following the conflict between widening and deepening and the effect on EU institutional reform institutional requirements on candidate countries pre accession criteria and negotiations administrative capacity judicial capacity and legal approximation in accession states capacity of the EU to absorb new Member States and EC law as part of European identity Also covered are specific historical details of particular pre accession negotiations e g Greece Spain Portugal Malta and Cyprus the still inconclusive negotiations with Turkey and the Western Balkan states and political factors involved in the non accession of Norway Iceland and Switzerland Assembling powerful evidence and applying incisive analysis the author s conclusion shows that absent further and major EU institutional reform it will be difficult for an enlarging Union to continue to deliver the goods A watershed in the continuing great debate on the fulfilment of the EC Treaty s determination to foster and promote an ever closer union of the peoples of Europe this book will prove invaluable to anybody interested in the European integration project particularly lawyers academics officials and policymakers in the EU Member States
