Excerpt from *Revolutionary Europe 1789 1815* In this volume I have endeavoured to write a history of Europe during an important period of transition I have reduced military details to the smallest possible limits and have preferred to mention rather than to describe battles and campaigns in order to have more space to devote to such questions as the Belgian revolution of 1789 the reorganisation of Prussia in 1806 12 and the Congress of Vienna I have throughout tried to describe the French Revolution in its influence on Europe and Napoleon s career as a great reformer rather than as a great conqueror The inner meaning of the period and its general results I have sketched in a short introductory chapter on which the rest of the volume is really a detailed historical commentary About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the
