architecture Conundrum Charissa Bremer-David, 2015-12-15 The whimsical imagery of four tapestries in the permanent collection of the J Paul Getty Museum and currently on display at the Getty Center is perplexing Created in France at the Beauvais manufactory between 1690 and 1730 these charming hangings unlike most French tapestries of the period appear to be purely decorative with no narrative thread no theological moral and no allegorical symbolism They belong to a series called the Grotesques inspired by ancient frescos discovered during the excavation of the Roman emperor Nero's Domus Aurea or Golden House but the origins of their mysterious subject matter have long eluded art historians Based on seven years of research *Conundrum* Puzzles in the Grotesques Tapestry Series reveals for the first time that the artist responsible for these designs Jean Baptiste Monnoyer 1636-1699 actually incorporated dozens of motifs and vignettes from a surprising range of sources antique statuary Renaissance prints Mannerist tapestry and Baroque art as well as contemporary seventeenth century urban festivals court spectacle and theater *Conundrum* illustrates the most interesting of these sources alongside full color details and overall views of the four tapestries The book's informative and engaging essay identifies and decodes the tapestries intriguing visual puzzles enlightening our understanding and appreciation of the series unexpectedly rich intellectual underpinnings *Henry VIII and the Art of Majesty* Thomas P. Campbell, 2007 Campbell sheds light on Tudor political and artistic culture and the court's response to Renaissance aesthetic ideals He challenges the predominantly text driven histories of the period and offers a fresh perspective on the life of Henry VIII OCLC **Encyclopedia of Interior Design** Joanna Banham, 1997-05-01 From ancient Greece to Frank Lloyd Wright studiola to smoking rooms chimney boards to cocktail cabinets and papier mâché to tubular steel the *Encyclopedia of Interior Design* provides a history of interior decoration and design from ancient times to the present day It includes more than 500 illustrated entries covering a variety of subjects ranging from the work of the foremost designers to the origins and function of principal rooms and furnishing types as well as surveys of interior design by period and nationality all prepared by an international team of experts in the field Entries on individuals include a biography a chronological list of principal works or career summary a primary and secondary bibliography and a signed critical essay of 800 to 1500 words on the individual's work in interior design The style and topic entries contain an identifying headnote a guide to main collections a list of secondary sources and a signed critical essay
