European Union And The Middle East:

The European Union and the Middle East Soren von Dosenrode, Anders Stubkjaer, 2002-08-06 The European Union and the Middle East presents a concise but thorough historical analysis of the relationship between the European Union and its predecessors and the Middle East from the early 1950s to the present day The authors provide a survey of the evolution of the foreign policy mechanisms of the EU and an outline of the relevant aspects of modern Middle East history They examine the relationship between the two regions from 1950 to the end of the Cold War with special emphasis on the period following the 1973 oil crisis They go on to look at the post Cold War era discussing the conflict with Iraq and examining the EU's continuing involvement in the Middle East peace process Routledge Handbook of EU-Middle East Relations Dimitris Bouris, Daniela Huber, Michelle Pace, 2021-12-30 EU Middle East relations are multifaceted varied and complex shaped by historical political economic migratory social and cultural dynamics Covering these relations from a broad perspective that captures continuities ruptures and entanglements this handbook provides a clearer understanding of trends thus contributing to a range of different turns in international relations The interdisciplinary and diverse assessments through which readers may grasp a more nuanced comprehension of the intricate entanglements in EU Middle East relations are carefully provided in these pages by leading experts in the various sub fields including academics think tankers as well as policymakers The volume offers original reflections on historical constructions theoretical approaches multilateralism and geopolitical perspectives contemporary issues peace security and conflict and development economics trade and society This handbook provides an entry point for an informed exploration of the multiple themes actors structures policies and processes that mould EU Middle East relations It is designed for policymakers academics and students of all levels interested in politics international and global studies contemporary history regionalism and area studies **Harmonizing Foreign Policy** Mesut Özcan, 2016-12-05 The change in Turkish foreign policy towards the Middle East in the post Cold War era is a highly debated issue with most experts believing that Europeanization has become the driving force behind this change This book takes the cases of Iraq and the Palestinian Israeli conflict as two important illustrations Both cases present dynamic issues of conflict in the region and are high on Turkey's agenda in terms of its policies towards the region Focusing on issues related to EU integration the study examines the formation of a common foreign policy in general and a common policy towards the Middle East in particular It also investigates decision making in Turkish foreign policy and foreign policy towards the Middle East before and after EU candidature As such it provides valuable insights into how parties interact with each other and the way in which foreign policies can be harmonized **Bound to Cooperate - Europe and the Middle East II** Christian-Peter Hanelt, Almut Möller, 2010-07-30 The Middle East is a region of crises conflicts and wars as much as it is a region of great potential and opportunity However the European Union and its member states have not yet found a viable strategic approach to meet both the challenges and opportunities in their immediate neighbourhood The Europeans have not yet developed

sufficient foreign and security policy mechanisms to pursue their interests effectively How the European Union can support economic and political transformation processes throughout the region and thus contribute to a more stable more prosperous and more democratic Middle East remains the subject of intense debate The objective of this book is to provide a platform for this debate about the European Union s future role as a player in the Middle East at a crucial moment in EU U S Middle East relations As the European Union re organizes its Mediterranean policies and the United States vote a new president into office the authors of this book discuss a wide range of topics related to European foreign policy in the Middle East the Mediterranean and the Gulf region Europe s role in the Arab Israeli conflict and the state of transformation processes in the region

Europe in the New Middle East Richard Youngs,2014-09-11 This book examines the European Union s response to the Arab spring from late 2010 to the

beginning of 2014 It investigates how far the EU changed its policies towards the Middle East and North Africa MENA region in the aftermath of the Arab spring and what impact European policies had in either helping or hindering democratization reforms during this period It also explores what impact the Arab spring had on European security and economic interests Analytically the book unpacks the factors that best explain EU policy choices in the Middle East since 2010 It highlights how the responses to the Arab spring have changed the governance dynamics of the EU Middle East relationship The book assesses how far the EU foreign policy has succeeded in meeting the challenge of the Arab spring Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war The geographical focus of the series is primarily Latin America the Caribbean Southern and Eastern Europe and relevant experiences in Africa and Asia The series editor is Laurence Whitehead Official Fellow Nuffield College University of Oxford

Resisting Europe Raffaella A. Del Sarto, Simone Tholens, 2020-10-13 *Resisting Europe* conceptualizes the foreign policies of Europe defined as the European Union and its member states toward the states in its immediate southern neighborhood as semi imperial attempts to turn these states into Europe's southern buffer zone or borderlands In these hybrid spaces different types of rules and practices coexist and overlap and negotiations over meaning and implementation take place This book examines the diverse modalities by which states in the Mediterranean Middle East and North Africa MENA reject resist challenge modify or entirely change European policies and preferences and provides rich empirical evidence of these contestation practices in the fields of migration and border control banking and finance democracy promotion and telecommunications It addresses the complex question of when and how MENA states capitalize on their leverage and interdependence in their relationships with Europe and contributes to a more comprehensive understanding of Europe Middle East relations while engaging with broader debates on power and interdependence order and contestation in international relations While a contribution on the practices of resistance and contestation of MENA states vis vis European policies and preferences in this geopolitically significant region was overdue this volume leads the way for subsequent studies that seek to overcome the constraints of exceptionalism so characteristic of research of the Middle East Europe the European Union and certainly of their relationship

The European Union and the Arab Spring Joel Peters, 2012-03 *The European Union and the Arab Spring* Promoting Democracy and Human Rights in the Middle East edited by Joel Peters analyzes the response of the European Union to recent uprisings in the Middle East The past year has witnessed a wave of popular uprisings across North Africa and the Middle East which the Western media dubbed the Arab Spring Demanding greater freedoms political reform and human rights the protesters swept away many of the region's authoritarian autocratic regimes The events of the Arab Spring have been truly historic They led to profound changes in the domestic order of Middle Eastern states and societies and impacted the international politics of the region Additionally these events necessitate a

comprehensive reappraisal by the United States and most notably by the EU in their relations with the states and peoples of the region This timely collection brings together nine leading authorities on European foreign policy and the Middle East and investigates three central questions What role did the European Union play in promoting democracy and human rights in the countries of North Africa and the Middle East How did the EU respond to the uprisings of the Arab street What challenges is Europe now facing in its relations with the region Peters The European Union and the Arab Spring is at the forefront of scholarship on this historic socio political shift in the Middle East and its wider implications for the West

Payer or Player? The Role of the European Union in the Middle East Peace Process Steffen Schulz, 2002-05-08 Inhaltsangabe

Abstract The Union s position and role Promoter of a comprehensive just and lasting peace and of prosperity for the region Key player in the political and economic process The European Union on its Middle East policy web site This way of portraying itself does not leave any doubt about the position and role of the European Union EU in the Arab Israeli conflict In practice however the EU does not appear to be very influential in the region So far all treaties and agreements concerning the Middle East peace process have been achieved under the mediation and sometimes the intervention of the United States U S Europe has usually watched these political developments from the sidelines That does not mean that in this region Europe has no role at all The EU is involved in the peace process not in the political however but in the economic part Since the Oslo agreement in 1993 European money has kept the quasi state of the Palestinians alive and thus the EU is usually perceived as payer but not as player in the Arab Israeli conflict At the moment however in which the situation in the Middle East is characterised by violent clashes between Palestinians and Israelis and in which there is the widespread assumption that the peace process is on the brink of disaster there are growing demands that Europe should also play a greater political role in the region Indeed in recent weeks Europe has appeared as a mediator between Israelis and Palestinians In the name of Europe the German foreign minister Joschka Fischer has acted twice as a mediator between both conflict parties Particularly the Arabs and Palestinians want the EU to get involved more strongly in the peace process They perceive America which is doubtlessly the most powerful actor in the conflict as biased and more in favour of Israel and therefore they hope that Europe could be a kind of counterweight to the U S Against this background it has to be asked whether the European Union would be able to play a major political role so that one could speak about Europe not only as payer but also as player in the peace process In order to answer this question it is firstly necessary to examine the main aspects that determine the capabilities and limits of the European Union in international affairs One of the main factors in this respect is doubtlessly the concept of the Common Foreign and Security Policy CFSP and the institutional framework which is

Promoting Middle East Democracy Mona Yacoubian, 2004 Since the end of the Cold War European security concerns have focused increasingly on the potential for instability on Europe s southern flank In 1995 the European Union developed a framework for cooperation with the southern Mediterranean nations These efforts have included some relatively ineffective

programs to promote democracy in the region In the aftermath of 9 11 the goal of encouraging the development of Middle East democracy has acquired greater urgency not least in the eyes of the United States which has bolstered its own efforts to spur democratic reform

Europe and the Middle East Birte Wassenberg,Giovanni Faleg,2012 At a time when momentous changes are taking place in the Middle East this volume provides a timely and critical assessment of the European Union EU foreign policy towards the region The book collects revised and updated versions of the papers presented at the third Academic Forum on European Security which took place at the Institute for European Studies IHEE in Strasbourg on March 30 31 2010 The subtitle the hour of the EU was chosen to emphasize the moment of opportunity for the EU to actively influence a peaceful resolution of the major crises affecting the Middle East Accordingly contributions to this volume show the potential and the limits of the EU s normative and soft power based diplomatic toolbox in transforming its neighbourhood focusing on four macro areas the Arab Israeli conflict the rise of Iran as a regional and perhaps nuclear power the EU s engagement in democracy promotion and EU Turkey relations Overall this book aims at providing the reader willing to learn more about EU foreign policy s achievements and weaknesses with a close up on those four critical areas

Middle East and Europe B. A. Roberson,2005-06-23 Leading commentators on Europe and the Middle East explore many of the key issues which have informed the relationship between the two regions Ranging from Europe s colonial legacies to an uncertain economic future in the region the book covers the Cold War and after the profound influence of the US the rise of political Islam case studies including Europe and the Iranian revolution France s experiences in Algeria and Turkey s position between the two regions The EU it is argued has more influence over economic strategies than security issues in the Middle East These strategies have in turn promoted stability in the form of free trade zones ensuring vital economic development between the Middle East and Europe
