*The European Union and Internal Security*

V. Mitsilegas, J. Monar, W. Rees, 2003-03-03 In the post Cold war period new security threats have arisen in Western Europe Amongst these organized crime and illegal immigration are acknowledged to represent significant security challenges The European Union and Internal Security analyses the nature of these challenges and investigates how the EU has been evolving to counter them Written by experts in the fields of political science and law this book addresses a hitherto neglected area of study Regional Convergence in the European Union Juan R. Cuadrado-Roura, Marti Parellada, 2013-03-14 The

introduction of the single currency in the European economic space constitutes without doubt the most visible step towards monetary and economic integration in the EU Those who boosted the birth of the Common Market in 1957 dreamt that this would one day come about as a logical consequence of the integration process However things have gone much more slowly than possibly imagined although if taken in an adequate historic perspective it is undeniable that the agreements that have led to European Monetary Union signify a really formidable jump in the process of political and economic integration in Europe This is something many doubted would ever happen but which is already a reality although still in need of a period of consolidation The most general economic consequences of the EMU have already been analysed in considerable depth Proof of this is the literature already available In general there is coincidence in affirming that the balance of the results expected is clearly positive Firstly as a result of the anticipated gains in efficiency a consequence of reduction of transaction costs associated to the previous existence of different currencies and of the elimination of exchange rate uncertainties

*Governing Europe* Jack Hayward, Anand Menon, 2003-03-20 *Governing Europe* is intended to be the leading advanced survey of politics in Western Europe It examines in detail all aspects of political life in Western Europe from public protest to core executives social policy to Europe's place in the world It brings together a world class team of leading scholars from the United Kingdom continental Europe and North America The contributions provide not only a sophisticated introduction to the various issues covered but also a detailed discussion of the major theoretical and empirical debates and developments in the field The book therefore provides both a comprehensive overview and a series of original contributions to scholarly debate The focus is on European core executives public administration parties and organised interests democracy and popular participation public policy and the changing European state It will be essential reading to scholars and students alike The volume is intended as a tribute to the late Vincent Wright of Nuffield College Oxford University **Agricultural Policy in**

**Europe** Alan Greer, 2005-05-20 This book provides a stimulating account of agricultural policy which goes beyond a narrow concern with the mechanisms and operation of the Common Agricultural Policy CAP and instead constructs a broader canvas developing an assessment of the relationship between national international and supranational institutions and actors in the agricultural sector Among the theses covered by the book are the different national policy styles across Europe in this sector the evolution of the CAP safety and regulation the environment and technological developments in food production such as genetic engineering **Europe's new state of welfare** Jørgen Goul Andersen, Jochen Clasen, Wim van Oorschot, Knut

Halvorsen,2002-11-27 It is often argued that European welfare states with regulated labour markets relatively generous social protection and relatively high wage equality have become counter productive in a globalised and knowledge intensive economy Using in depth comparative and interdisciplinary analysis of employment welfare and citizenship in a number of European countries this book challenges this view It provides an overview of employment and unemployment in Europe at the beginning of the 21st century a comprehensive critique of the idea of globalisation as a challenge to European welfare states detailed country chapters with new and previously inaccessible information about employment and unemployment policies written by national experts Europe s new state of welfare is essential reading for students and teachers of social policy welfare studies politics and economics      *Enforcement of European Union Environmental Law* Martin

Hedemann-Robinson,2015-05-15 Offering a detailed account of the various legal arrangements at European Union level this book is an ideal reference tool for practitioners and legal scholars As well as examining the principal sources of EU environmental law enforcement it also contributes to the legal and political debates that surround the subject Spanning three parts the author examines the practical impact of the legal arrangements at Union level that are used to uphold EU environmental norms Offering a comprehensive account of the current state of EU environmental law enforcement and the developments affecting it Martin Hedemann Robinson explores the role of the European Commission the possibilities for private law enforcement and the responsibilities of member state national authorities Key legal developments that have occurred since the first edition have been incorporated including new statutory developments and case law Particular attention is paid to the impact of the 2007 Lisbon Treaty on foundational EU treaty provisions enabling the European Commission to take legal action against EU member states infringing Union environmental law the establishment of a new legal architecture at Union level on the topic of environmental criminal policy as well as increased EU legislative intervention in the area of environmental inspections The impact of the 1998 Aarhus Convention on EU environmental law enforcement is also addressed in detail including the influence of recommendations of the Aarhus Convention s Compliance Committee
