Assessing Sex Offenders Terence W. Campbell, 2007 This book reviews the scientific evidence relevant to assessing the recidivism risk of sex offenders as well as the issues related to sex offenders in considerable detail It is not an attempt for creating sympathy for sex offenders Substantial numbers of psychologists claim they can accurately identify the recidivism risk of sex offenders Despite the very limited peer reviewed data related to these claims many psychologists insist the scientific evidence supports their efforts in this regard Too often the issues detailed in these chapters have been overlooked and or misinterpreted As

Forensic Uses of Clinical Assessment Instruments Robert P. Archer, 2013-04-15 The purpose of this book is to provide a firm basis for psychologists to understand the appropriate uses and limitations of popular clinical assessment measures as they are applied to forensic issues The instruments were selected because of their wide use and importance in both clinical and forensic settings The PCL R the PAI and MCMI II for example are typically used with adults in criminal evaluations the MMPI A is often used in evaluating adolescents in detention and correctional facilities

while the Child Behavior Checklist CBCL Achenbach 1991 Personality Inventory for Children Second Edition PIC 2 Lachar Gruber 2001 and Parenting Stress Index PSI Abidin 1995 are more commonly used in evaluating families involved in child protection and custody cases Instruments such as the MMPI 2 the Rorschach and the Halstead Reitan Neuropsychological Battery are widely used across many types of forensic evaluations although the latter category of testing is particularly related to personal injury evaluations The end result is a unique and indispensable reference a comprehensive overview within a single text of prominent clinical assessment instruments widely used for forensic purposes and designed to facilitate the optimal use of clinical assessment instruments among psychologists who have undertaken the training necessary to understand and apply psychological principles and test findings to salient legal standards or issues
