Evaluation Studies Review Annual Volume 11 1986:

The Possibility of Popular Justice Sally Engle Merry, Neil Milner, 2010-05-06 The Possibility of Popular Justice is essential reading for scholars and practitioners of community mediation and should be very high on the list of anyone seriously concerned with dispute resolution in general The book offers many rewards for the advanced student of law and society studies Law and Politics Book Review These immensely important articles fifteen in all take several academic perspectives on the San Francisco Community Boards program s diverse history impact and implications for popular justice These articles will richly inform the program polemical and political perspectives of anyone working on alternative programs of any sort IARCA Journal Few collections are so well integrated analytically penetrating or as readable as this fascinating account It is a must read for anyone interested in community mediation William M O Barr Duke University You do not have to be involved in mediation to appreciate this book The authors use the case as a launching pad to evaluate the possibilities and impossibilities of building community in complex urban areas and pursuing popular justice in the shadow of state law Deborah M Kolb Harvard Law School and Simmons College Sally Engle Merry is Professor of Anthropology Wellesley College Neal Milner is Professor of Political Science and Director of the Program on Conflict Resolution University of Hawaii Research Handbook on Program Evaluation Kathryn E. Newcomer, Steven W. Mumford, 2024-06-05 In the Research Handbook on Program Evaluation an impressive range of authors take stock of the history and current standing of key issues and debates in the evaluation field Examining current literature of program evaluation the Research Handbook assesses the field s status in a post pandemic and social justice oriented world examining today s theoretical and practical concerns and proposing how they might be resolved by future innovations This title contains one or more Open Access chapters Foundations of Program Evaluation William R. Shadish, Thomas D. Cook, Laura C. Leviton, 1991 This book looks back at the origins of program evaluation By summarizing comparing and contrasting the work of seven major theorists of program evaluation it provides an important perspective on the current state of evaluation theory and provides suggestions for improving its Methods of Educational and Social Science Research David R. Krathwohl, 2009-02-03 As the new subtitle practice indicates the book emphasizes the logic of methods to provide the student a solid basis for future methodology changes enhancing the integrated approach of the previous edition Among the author's many goals are for users to understand research's contribution to knowledge building as a social process through which findings become accepted as knowledge acquire the background to read analyze and understand research using a variety of approaches as well as the hallmarks necessary to evaluate each method and realize that the responsibility for ethical research is fundamentally theirs and that value choices are involved beginning with the choice of research problem Updates to the new edition include an extensive example of the use of the computer in the literature search and a new chapter on the reflective researcher The expanded treatment of qualitative research includes the pros and cons of using software in qualitative analysis Conceptual analysis an

important concept missing from the second edition has returned by request because of its widely employed logic in both qualitative and quantitative methods The author has acknowledged the troublesome nature of the concepts internal validity and external validity and has more clearly defined these important foundational concepts as Internal Integrity and External Generality Useful tools to facilitate learning include additional reading lists important terms and concepts tips on effective research methods and hallmarks of methods application problems and exercises a glossary and an appendix on writing a research proposal A Web site is available with auxiliary learning enhancements and updates **Evaluation and Educational** Technology Robert D. Tennyson, Ronald O. Anderson, 1990 This text has been developed over four editions with one aim to make the subject of economics exciting relevant and as clear to understand as possible **Challenge & Innovation** Mary Boulton, 2013-07-23 First published in 1994 This volume arises largely out of a meeting with the same title as part of efforts to disseminate the work of its AIDS Initiative The meeting brought together over forty British European and American researchers in the social and behavioural sciences as well as those involved in policy planning and evaluation to discuss methodological aspects of social research in relation to HIV AIDS Of relevance to those seeking insight into the contribution that social research can make to the epidemic this book is essential reading for all concerned with the social dimensions of Formation and Development for Catholic School Leaders: The principal as educational leader Maria J. health Ciriello,1998-04 Addresses seven competencies in leadership and nine in curriculum and instruction Includes more than 150 sources in the bibliography Calculated Choices in Policy-Making Michiel S. De Vries, 2016-07-27 This is a book about making choices based on the evaluation of alternatives. The outcomes of choices are often worse than people expect. This book discusses the major problems in evaluating courses of action and examines the political contexts in which decisions are made The subject matter of this book is at the crossroads of policy and research methodology How can information derived from empirical research benefit a policy maker or decision maker and how should this information be incorporated in the Health Care Financing Review ,1989 decision making process Randomistas Andrew Leigh, 2018-03-01 Randomised tests are carried out on us every day by supermarkets search engines online dating sites political parties and direct marketers But how do these tests work Are there any ethical issues And what do they reveal about our choices In Randomistas Andrew Leigh tells the stories of radical researchers who overturned conventional wisdom in medicine politics business law enforcement and more From finding the cure to scurvy to discovering what policies really improve literacy rates randomistas have shaped life as we know it but they often had to fight to conduct their trials and have their findings implemented The subject of this book could hardly be more vital are we humble enough to admit we may be wrong and do we care enough to learn Randomistas is rigorous impassioned and tremendous fun Everyone should read it Tim Harford author of The Undercover Economist A tour de force David Halpern author of Inside the Nudge Unit Reveals how data and experiments can make the world a better place Dean Karlan professor of economics at Yale **Strategies to Reduce**

Student Misbehavior Oliver Clinton Moles, 1989 Media Education Assessment Handbook William G. Christ, 2020-07-24 Assessing media education is a formidable task because both assessment and media education are complex and controversial concepts Assessment which can take place at the individual student class sequence program department or unit and university levels is questioned in terms of reliability validity relevance and cost Media education which has been challenged at a number of schools finds faculty and administrators in the midst of soul searching about how to clearly articulate its missions and purposes to a broader audience Departments are under increasing national state and institutional pressure to get assessment procedures carried out guickly but there is an obvious danger in rushing to implement assessment strategies before establishing what is essential in media education In communication education in general the what of assessment is often discussed in terms of skills attitudes affect values and knowledge People assess students to determine what they know think feel value and can do Here it is suggested that one of the places to start defining what students should learn from their media education is by identifying outcomes Outcomes can be assessed in a variety of ways but first they need to be developed and clearly articulated **DHHS Publication No. (PHS).**,1990 Cost-Effectiveness in the Nonprofit Sector Gerald L. Schmaedick, 1993-03-30 This work not only makes the case that responsible nonprofit managers must routinely utilize cost effectiveness analysis but also gives many outstanding examples of how it can be done The examples are drawn from prestigious nonprofit organizations as varied as the National Gallery of Art Girls Inc and the Nature Conservancy Drawing on TechnoServe s search for a practical methodology to measure the cost effectiveness of its own work editor Schmaedick provides a unique synthesis of the principles of cost effectiveness analysis in the opening chapter. The guidelines he provides are almost universally applicable and make cost effective management an attainable goal for all nonprofits Rather than subject the reader to arcane explanations of intricate mathematical formulae Schmaedick provides hard nosed practical directions for nonprofit managers. Those seriously interested in upgrading the management systems of their organizations to produce more results at lower costs will find this a challenging but not intimidating prescription The Oxford Handbook of Multimethod and Mixed Methods Research Inquiry Sharlene Nagy Hesse-Biber, Burke Johnson, 2015 Offering a variety of innovative methods and tools The Oxford Handbook of Multimethod and Mixed Methods Research Inquiry provides the most comprehensive and up to date presentation on multi and mixed methods research available Written in clear and concise language by leading scholars in the field it enhances and disrupts traditional ways of asking and addressing complex research questions Topics include an overview of theory paradigms and scientific inquiry a guide to conducting a multi and mixed methods research study from start to finish current uses of multi and mixed methods research across academic disciplines and research fields the latest technologies and how they can be incorporated into study design and a presentation of multiple perspectives on the key remaining debates Each chapter in the volume is structured to include state of the art research examples that cross a range of disciplines and interdisciplinary research settings In addition the Handbook offers

multiple quantitative and qualitative theoretical and interdisciplinary visions and praxis Researchers faculty graduate students and policy makers will appreciate the exceptional timely and critical coverage in this Handbook which deftly addresses the interdisciplinary and complex questions that a diverse set of research communities are facing today NIDA Research Monograph ,1976 Resources in Education ,1993 Evidence-Based Practice Manual Albert R.
