## **Evangelize A Historical Survey Of The Concept Ad 2000 Series:**

*Strategy Coordinator* R. Bruce Carlton, 2011 In 1976 the Southern Baptist Convention adopted its Bold New Thrusts in Foreign Missions with the overarching goal of sharing the gospel with every person in the world by the year 2000 The formation of Cooperative Services International CSI in 1985 and the assigning of the first non residential missionary NRM in 1987 demonstrated the Foreign Mission Board's now International Mission Board commitment to take the gospel message to countries that restricted traditional missionary presence and to people groups identified as having little or no access to the gospel Carlton traces the historical development along with an analysis of the key components of the paradigm and its significant impact on Southern Baptists missiology Dr Carlton has produced an outstanding one of a kind work addressing the influence of the non residential missionary strategy coordinator's role in Southern Baptist missions This well written scholarly text examines the twentieth century global missiological currents that influenced the leadership of the International Mission Board resulting in a new paradigm to assist in taking the gospel to the nations Dr Carlton writes as both a missiologist and a missionary This work reveals the keen eye of a scholar but also the heart of a practitioner who desires to see the multiplication of disciples leaders and churches across the globe This text is a must read for anyone longing to know more about the recent history of the International Mission Board and the theology and missiology behind the SC role and church planting movements J D Payne National Missionary North American Mission Board and Assistant Professor of Church Planting and Evangelism The Southern Baptist Theological Seminary I have enjoyed friendship and partnership in the gospel with Bruce Carlton in different capacities When I served as the Strategy Coordinator for a South Asian city Bruce was my supervisor He helped me understand what I was trying to do and how I should be doing it Since my return to pastoral ministry in America Bruce has been a missiological dialogue partner In both capacities Bruce has been a flame stoker fanning the flames of commitment to make disciples of all nations I'm glad that Bruce has taken on the task of explaining and evaluating the development of the Nonresidential Missionary NRM and Strategy Coordinator SC paradigms He writes from three important perspectives Bruce writes as an insider In Cambodia Bruce was a practitioner of what has developed into the SC approach His work was at the wellspring of hundreds of reproducing churches After leaving Cambodia Bruce taught and mentored many men and women in methodologies for planting reproducing churches Bruce has lived through the development of these paradigms as an effective practitioner Bruce writes as an insightful researcher He asks important questions about the NRM SC and Church Planting Movement paradigms and searches for honest answers Finally Bruce writes as a respector of the relational character of missions On the front lines of gospel advance the Spirit mediates the word through people Grand strategies and paradigms also develop within relational contexts From these three perspectives Bruce helps us understand why the paradigms have developed as they have and equips us to ask key questions as we look forward E Coye Still III PhD R Bruce Carlton served in Asia from 1986 to 2007 as a church planter Strategy Coordinator and trainer

in areas and among peoples with little or no access to the gospel He is the author of Acts 29 Practical Training for Facilitating Church Planting Movements Among the Neglected Harvest Fields a manual for training Strategy Coordinators that has been translated into seventeen different languages Presently Carlton serves as the Associate Professor of Missions at Boyce College a school of Southern Baptist Theological Seminary in Louisville Kentucky USA Evangelism for Non-Evangelists Mark R. Teasdale,2016-11-06 We have met evangelists and they are not us Sympathetic to the discomfort his students have about evangelism Mark Teasdale gives us this refreshing practical look at sharing the good news He opens up a nonthreatening space helping us learn how to express the gospel in a manner true to what we believe authentic to who we are and compelling to others **The Evangelistic Love of God & Neighbor** Bishop Scott J. Jones,2010-08-01 There are it seems as many definitions of the term evangelism as there are people doing the defining For some it means proclaiming the gospel to those who have not heard it To others it means making disciples of Jesus Christ To others it means working for the transformation of the world into the kingdom of God For still others it has principally to do with building vibrant healthy congregations Underlying this confusion is a fundamental inability to locate the practice of evangelism within one s overall theological convictions We will never understand the part that proclamation disciple making kingdom building and church growth play in evangelism until we first ask a more important question What does evangelism have to do with who God is What is it we know about God that makes evangelism a central part of what it means to be Christian In this comprehensive theology of evangelism Scott J Jones proposes to ground the practice of evangelism in an understanding of God s love for the world specifically as seen in the incarnation of God in Christ In Jesus God took on all of what it means to be human Because of this evangelism must be a ministry to the whole person The typical distinctions between soul winning social action and church growth evaporate individual conversion and acts of mercy are part of the same ministry of bringing persons more fully into the reign of a loving God The Call Cletus L. Hull III,2019-04-04 Join me in an adventure of moving a local church in western Pennsylvania from the traditional 1950 s style to a 21st century missions minded contemporary congregation In The Call you ll find insights into the challenges of leading a church into uncharted waters through the biblical teaching of effective evangelism and discipleship Discover how the Bible vision creativity teamwork and more relate to today s postmodern churches You are invited to share in the surprising love of God found just a few miles northeast of the city of Pittsburgh PA The Call will encourage your congregation regardless of your size The Call encourages us to build a church on the foundation of scripture and address her specific needs With resolve and perseverance we can minister successfully to REACH TOUCH and BLESS our spheres of influence for Christ **International Mission Bibliography** Norman E. Missions Gailyn Van Rheen, 2014-07-22 In a rapidly changing world the central missionary vision of the church must be constantly renewed lest its foundations become lost in the confusion of change or its practices trapped in missionary models of the past In this second edition of Missions long time missionary Gailyn Van Rheen revises and updates his classic text on Christian missions laying sound theological and strategic foundations for the missionary of today and tomorrow Van Rheen helps renew the missionary vision by discussing areas such as The history of Christian mission and how it affects where we are today Spiritual formation for God's mission The missionary cycle Cross cultural communication The character and calling of missionaries Types of missionaries Church maturation Selecting mission fields The role of money in missions Four levels of involvement in missions But Missions is more than blackboard theory Written by a long time missionary it carries the conviction and insights of one who has lived his subject Accessible to students practitioners and laypeople alike Missions provides a primary go to resource for understanding and becoming involved in the dynamic activity of world missions

Evangelism Renewed Henry H. Knight, 2025-04-08 Evangelism has entered a new day From the 1980s to the present a vast array of new forms of evangelism have emerged shaped and informed by theological reflection on the good news of Jesus Christ and the mission of God Rejecting the reduced and formulaic forms of evangelism typical of most of the twentieth century these newer approaches speak more of the reign and love of God relationship and community and both personal and social transformation They are very diverse but each has something to contribute to how we understand and practice evangelism This book is a doorway into these theologies of evangelism and their fresh and dynamic ways of sharing the good news

**Conversion of the Church** Darrell L. Guder, 2000-03-20 Western society is now a very different very difficult mission field In such a situation the mission of evangelism cannot succeed with an attitude of business as usual This volume builds a theology of evangelism that has its focus on the church itself Darrell Guder shows that the church's missionary calling requires that the theology and practice of evangelism be fundamentally rethought and redirected focused on the continuing evangelization of the church so that it can carry out its witness faithfully in today's world In Part 1 Guder explores how under the influence of reductionism and individualism the church has historically moved away from a biblical theology of evangelism Part 2 presents contemporary challenges to the church's evangelical ministry especially those challenges that illustrate the church's need for continuing conversion Part 3 discusses what a truly missional theology would mean for the church including sweeping changes in its institutional structures and practices Written for teachers church leaders and students of evangelism this volume is vital reading for everyone engaged in mission work
