Van Engen, 2009-09-01 Eighty percent of all new church members become part of a local congregation because of a previous relationship or friendship with another member of that congregation Yet in spite of a number of excellent books written concerning relational evangelism little seems to happen in actually motivating training and mobilizing church members to evangelize their neighbors friends businesses associates and family members That is until You Are My Witnesses This new book is designed to be used by small groups in local churches as an action reflection training manual for those committed to be Christ s witnesses *A Missiology of the Road* J Kevin Livingston, 2014-09-25 David Bosch 1929 1992 was one of the foremost mission theologians of the twentieth century a prolific scholar committed church leader and active participant in the global conciliar and evangelical mission movements His distinctive role in the South African church s struggle against apartheid is less well known however After reviewing Bosch s background and exploring key themes in his understanding of mission and evangelism Livingston explores Bosch s legacy from the perspective of the missionary nature of the church The church is God s kingdom community acting as a witness to and instrument of the coming reign of God The church is God s alternative community simultaneously set apart from the world but also existing for the sake of the world exemplifying the radical implications of Christ s new community It is also God s reconciled and reconciling community serving as a sign and embodiment of God s love in Christ For those acquainted with Bosch only as the author of his magisterial Transforming Mission A Missiology of the Road shows how Bosch integrated his theology and practice in a faithful contextually relevant way within South Africa and the global church **The Church and the Relentless Darkness** Robert Thornton Henderson, 2013-01-28 In a period of tumultuous transition for the church as it moves out of the Christendom era and into the unknowns of the post Christian era it is strange that so little has been written about the church s calling out of the dominion of darkness Satan and into the kingdom of Light or God s dear Son The very word ecclesia speaks of a people called out In the New Testament the theme of spiritual warfare is ubiquitous and yet is relegated to the margins in our present cultural whitewater In The Church and the Relentless Darkness Robert Henderson approaches the topic of spiritual warfare directly and focuses on its manifestation in local Christian communities Using the Letter to the Ephesian Christians as his base Henderson portrays the relentless darkness that comes with all satanic subtlety on unsuspecting communities but he brings with this a message of hope and encouraging disciplines **The Logic of Evangelism** William James Abraham, 1989 Defining evangelism as initiating people into the kingdom Abraham critiques

Shenk,2010-08-01 During the past twenty years the phenomenon of church growth especially as it has been known under the dynamic leadership of Donald McGavran and the School of World Mission Fuller Theological Seminary has resulted in an impressive array of books articles reports and theses While freely acknowledging their debut to the church growth school the contributors to this volume wish to explore further the premises principles and goals of church growth Firmly convinced that church growth is more than empirical data and effective methods and that there is nothing approaching a complete book of church growth they aim not simply to offer definitive answers but rather to open up fresh lines of inquiry historical experiential methodological and theological Thus while interacting with previous studies the authors view their work as a constructive contribution to the search for a more adequate understanding of church growth patterns Contributors to this volume include Alfred C Krass Harvie M Conn Orlando E Costas John H Yoder Harry R Boer and C Ren Padilla *Freedom of the Self* Jeffrey F. Keuss,2010-07-01 *Freedom of the Self* revitalizes the question of identity formation in a

postmodern era through a deep reading of Christian life in relation to current trends seen in the Emergent and Missional church movements By relocating deep identity formation as formed and released through a renewed appraisal of kenotic Christology coupled with readings of Continental philosophy Derrida Levinas Marion and popular culture Keuss offers a bold vision for what it means to be truly human in contemporary society as what he calls the kenotic self In addition to providing a robust reflection of philosophical and theological understanding of identity formation from Aristotle and Augustine through to contemporary thinkers Freedom of the Self suggests some tangible steps for the individual and the church in regard to how everyday concerns such as economics literature and urbanization can be part of living into the life of the kenotic self
