Ever Closer Union An Introduction To European Integration

Stephan Keukeleire, Tom Delreux

Ever Closer Union An Introduction To European Integration:

Ever Closer Union Desmond Dinan, 2005-01-01 Ever Closer Union clearly explains the complexities of European integration from the 1950s to the present This new edition retains the familiar three part structure history institutions and policies but incorporates expanded coverage of both enlargement issues and constitutional change New policy and institutional developments are thoroughly explored and an entirely new chapter examines the decisionmaking dynamics among the Commission Council and Parliament The completely revised chapter on the complicated EU U S relationship includes discussions of the Bush administration s worldview the broad repercussions of the terrorist attacks in the United States and Spain and the ongoing fallout from the war in Iraq BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Ever Closer Union?* Desmond Dinan, 1998 *Ever Closer Union?* Desmond Dinan, 1994 **The Ever-changing Union** Christian Egenhofer, Sebastian Kurpas, Louise van Schaik, 2009 *Crises and Challenges for the European Union* Mark Rhinard, Neill Nugent, William E. Paterson, 2023-10-19 The crises of the European Union extend beyond the challenges of Covid 19 Brexit the Eurozone and mass migration cutting to the core of the EU itself Taking a structural rather than event based approach this text unpacks all aspects of the EU in crisis and analyses the implications of these crises for the EU and its member states This edition argues that crises and challenges are no longer unique and discreet events facing the EU but rather they are better understood as sustained conditions that have changed the relationships between member states the functioning of institutions the nature of public engagement and the prospects for integration Chapters broach institutional issues as well as specific policy challenges covering questions of legitimacy and leadership and offering a full chapter on democracy and Euroscepticism Working within both historical and theoretical frameworks this is the perfect companion for those studying and researching contemporary challenges facing the EU European integration political crisis management and transboundary crises more broadly *The Political System of the European Union* Simon Hix, Bjørn Høyland, 2022-04-21 Starting from the observation that the European Union now possesses many of the attributes of modern political systems Hix and H yland take an innovative approach to analysing researching and teaching the EU Using the general theories of political science to understand how the EU works this text covers each of the main processes in the EU political system executive legislative and judicial politics public opinion interest groups and democracy and regulatory monetary and foreign policies introducing the key political science tools reviewing the relevant theories and applying the knowledge in detailed descriptive analysis As well as incorporating new data and the latest research this new edition examines the consequences of the dramatic political and policy developments in the EU over the past decade The methodology used in the text makes the political system of the EU accessible to political science students as a whole as well as those specifically studying and researching the EU *The Trade Policy of the European Union* Sieglinde Gstöhl, Dirk De Bièvre, 2017-11-25 This comprehensive and clearly written textbook offers a long awaited introduction to the

trade policy of the European Union the world's largest trading entity Gschl and De Bièvre provide a comprehensive assessment of the common commercial policy its relationship with other policies like development policy and of the EU's multi level policy making and international bargaining in this area As well as providing a broad overview of the nature and development of the EU's trade policy the authors analyse how relevant institutions and decision making processes are organized and how this set up fosters particular policy outcomes Gschl and De Bièvre show how the thorough and critical study of EU trade policy can be conducted from an interdisciplinary viewpoint enabling the student to tackle the ever evolving political economic and legal questions that arise Given the accessible writing this book is recommended for both undergraduate and Master's students studying the EU and Europe in their Politics International Relations Economics or Law degrees as well as those focusing on international trade policy

Emissions Trading Schemes Sanja

Bogojevic, 2013-07-04 Over the last four decades emissions trading has enjoyed a high profile in environmental law scholarship and in environmental law and policy Much of the discussion is promotional preferring emissions trading above other regulatory strategies without however engaging with legal complexities embedded in conceptualising scrutinising and managing emissions trading regimes The combined effect of these debates is to create a perception that emissions trading is a straightforward regulatory strategy imposable across various jurisdictions and environmental settings This book shows that this view is problematic for at least two reasons First emissions trading responds to distinct environmental and non environmental goals including creating profit centres substituting bureaucratic control of resources and ensuring regulatory compliance This is important as the particular purpose entrusted to a given emissions trading regime has as its corollary a particular governance structure according to which the regime may be constructed and managed and which trusts the emissions market the state and rights in emissions allowances with distinct roles Second the governance structures of emissions trading regimes are culture specific which is a significant reminder of the importance of law in understanding not only how emissions trading schemes function but also what meaning is given to them as regulatory strategies This is shown by deconstructing emissions trading discourses that is by inquiring into the assumptions about emissions trading as featuring in emissions trading scholarship and in debates involving law and policymakers and the judiciary at the EU level Ultimately this book makes a strong argument for reconfiguring the common understanding of emissions trading schemes as regulatory strategies and sets out a framework for analysis to sustain that reconfiguration

The Law of the European Union and the European Communities Pieter Jan Kuijper, Fabian Amtenbrink, Deirdre Curtin, Bruno De Witte, Alison McDonnell, 2018-09-28

The Law of the European Union is a complete reference work on all aspects of the law of the European Union including the institutional framework the Internal Market Economic and Monetary Union and external policy and action Completely revised and updated with many newly written chapters this fifth edition of the most thorough resource in its field provides the most comprehensive and systematic account available of the law of the European Union EU Written by a new team of experts in

their respective areas of European law its coverage incorporates and embraces many current controversial and emerging issues and provides detailed attention to historical development and legislative history of EU law Topics that are constantly debated in European legal analysis and practice are touched on in ways that are both fundamental and enlightening including the following powers and functions of the EU law institutions and relationship among them the principles of equality loyalty subsidiarity and proportionality free movement of persons goods services and capital mechanisms of constitutional change treaty revisions accession treaties withdrawal agreements budgetary principles and procedures State aid rules effect of Union law in national legal systems coexistence of EU European Convention of Human Rights ECHR and national fundamental rights law migration and asylum law liability of Member States for damage suffered by individuals competition law cartels abuse of dominant position merger control social policy equal pay and equal treatment environmental policy consumer protection public health cultural policy education and tourism nature of EU citizenship its acquisition and loss and law and policy of the EU s external relations The fifth edition embraces many new ongoing and emerging European legal issues As in the previous editions the presentation is notable for its attention to how the law relates to economic and political realities and how the various policy areas interact with each other and with the institutional framework The many practitioners and scholars who have relied on the predecessors of this definitive work for years will welcome this extensively revised and updated edition Those coming to the field for the first time will instantly recognize that they are in the presence of a masterwork that can always be turned to with profit and that helps in understanding the rationale underlying any EU law provision or principle

The European Union Munir Hussain, 2016-12-17 This book outlines the foreign and security policy of the European Union as envisaged under the Common Foreign and Security Policy CFSP Since establishing the CFSP in the 1990s the European Union EU has showed its enthusiasm for global leadership empowering European citizenship and developing its international standing as an economic and political supranational organization In particular the book examines the EU s peacekeeping and conflict resolution dynamics in order to analyze the political and security dimensions of the EU It argues that due to the loose collective foreign policy and inter bloc dilemmas the EU has failed to perform as an actor of substance in international politics However at the regional level the EU s peacekeeping efforts have enjoyed considerable success The book further explains the dynamics of successful regional and unsuccessful extra regional peacekeeping and conflict resolution efforts on the part of the EU with the help of a case study The case study assesses two key hypotheses that the stronger an EU member state s collective Europeanization approach is the higher the success of the EU is in inter bloc disputes and that the weaker an EU member state s execution of the CFSP on international disputes is the less successful the EU is in the context of international peacekeeping

The European Union Clive Archer, 2008-03-25 Making often complex concepts easily comprehended this book enables the reader to quickly build a solid and well rounded understanding of the EU s history and present covering key debates on Europe the ambiguous relationship with the US the EU s internal and

external activities structure and institutions future developments and new directions **The Council of Ministers** Fiona Hayes-Renshaw, Helen Wallace, 2017-09-16 The Council of Ministers provides a comprehensive analysis of the Council of Ministers how it works its varied activities functions and its relationships with the other key EU institutions and the member states It is a key legislative institution which lies at the fulcrum of decision making in the European Union The Princeton Encyclopedia of the World Economy. (Two Volume Set) Kenneth A. Reinert, Ramkishen S. Rajan, Amy Joycelyn Glass, Lewis S. Davis, 2009-01-11 Increasing economic globalization has made understanding the world economy more important than ever From trade agreements to offshore outsourcing to foreign aid this two volume encyclopedia explains the key elements of the world economy and provides a first step to further research for students and scholars in public policy international studies business and the broader social sciences as well as for economic policy professionals Written by an international team of contributors this comprehensive reference includes more than 300 up to date entries covering a wide range of topics in international trade finance production and economic development These topics include concepts and principles models and theory institutions and agreements policies and instruments analysis and tools and sectors and special issues Each entry includes cross references and a list of sources for further reading and research Complete with an index and a table of contents that groups entries by topic The Princeton Encyclopedia of the World Economy is an essential resource for anyone who needs to better understand the global economy Features More than 300 alphabetically arranged articles on topics in international trade finance production and economic development International team of contributors Annotated list of further reading with each article Topical list of entries Full index and cross references Entry categories and sample topics Concepts and principles globalization anti globalization fair trade foreign direct investment international migration economic development multinational enterprises Models and theory Heckscher Ohlin model internalization theory New Trade Theory North South trade Triffin dilemma Institutions and agreements European Union International Monetary Fund World Trade Organization World Bank Doha Round international investment agreements Policies and instruments dollar standard international aid sanctions tariffs Analysis and tools exchange rate forecasting effective protection monetary policy rules Sectors and special issues child labor corporate governance the digital divide health and globalization illegal drugs trade petroleum steel Redefining Transatlantic Security Relations Dieter Mahncke, Wyn Rees, Wayne Thompson, 2004-06-19 The transatlantic security relationship has been at the heart of cooperation since the onset of the Cold War and has been the foundation on which the stability of Europe has been built But the post Cold War period has raised major challenges for transatlantic relations as well as new security threats such as terrorism organized crime and drug trafficking These are fresh concerns in the sense that they have not been previously regarded as matters for US European cooperation Recent events such as the 1999 war in Kosovo the European Union's decision to create a Rapid Reaction Force and the US policy of proceeding with a ballistic missile defence capability have all contributed to tensions in transatlantic relations The

transatlantic relationship has entered a new and highly uncertain period This book looks at the three main facets of the transatlantic security relationship the defense of Europe global challenges and new security threats The Foreign Policy of the European Union Stephan Keukeleire, Tom Delreux, 2022-02-10 Keukeleire and Delreux demonstrate the scope and diversity of the European Union's foreign policy showing that EU foreign policy is broader than the Common Foreign and Security Policy and the Common Security and Defence Policy and that areas such as trade development environment and energy are inextricable elements of it This book offers a comprehensive and critical account of the EU's key foreign relations with its neighbourhood with the US China and Russia and with emerged powers and argues that the EU's foreign policy needs to be understood not only as a response to crises and conflicts but also as a means of shaping international structures and influencing long term processes This third edition reflects recent changes and trends in EU foreign policy as well as the international context in which it operates addressing issues such as the increasingly contested international order the conflict in Ukraine the migration and refugee crisis Brexit and Covid 19 The book not only clarifies the formal procedures in EU foreign policy making but also elucidates how it works in practice The third edition includes new sections and boxes on strategic autonomy European arms exports the EU's external representation the Brussels Effect and decentring and gender approaches to EU foreign policy Up to date jargon free and supported by its own website eufp.eu this systematic and innovative appraisal of this key policy area is suitable for undergraduate and postgraduate students as well as practitioners

Germany and the European Union Simon Bulmer, William E. Paterson, 2018-11-08 Winner of the UACES Best Book Prize 2020 The jury commented It is impossible to study or understand European integration without understanding Germany's role and place in this This book is therefore a must read This new textbook offers a path breaking interpretation of the role of the European Union's most important member state Germany Analyzing Germany's domestic politics European policy relations with partners and the resultant expressions of power within the EU the text addresses such key questions as whether Germany is becoming Europe's hegemon and if Berlin's European policy is being constrained by its internal politics The authors both leading scholars in the field situate these questions in their historical context and bring the subject up to date by considering the centrality of Germany to the liberal order of the EU over the last turbulent decade in relation to events including the Eurozone crisis and the 2017 German federal election This is the first comprehensive and accessible guide to a fascinating relationship that considers both the German impact on the EU and the EU's impact on Germany This book is the ideal companion for undergraduate and postgraduate students who are studying the European Union or German Politics from the perspectives of disciplines as wide ranging as Politics European Union Studies Area Studies Economics Business and History It is also an essential resource for all those studying or practicing EU policy making and communication

The a to Z of the European Union Joaquín Roy, Aimee Kanner, 2009 Over half a century old and continuing to grow in strength and authority the European Union consists of 25 member states with more on the waiting list and a population of

450 million people Its influence in foreign and domestic affairs and human rights and law reaches far beyond its earlier fields of trade and politics From the initial ideas about integration leading to the Treaty of Paris and the creation of the European Coal and Steel Community to the current reflection on the Treaty establishing a Constitution for Europe The A to Z of the European Union encompasses the most basic elements of the EU and the components that have emerged as a result of them Through the use of maps photographs a chronology an introductory essay a bibliography and hundreds of cross referenced dictionary entries on topics such as leaders personalities institutions enlargements member states internal policies external relations basic theories treaties and law this dictionary tells a clear and complete story about the European Union that will assist those with greater interest in understanding it

Teaching European Union Politics Viviane Gravey, Christopher Huggins, 2024-01-18 Why do we teach EU politics What should EU politics students learn What are the practical approaches and techniques to teaching EU politics In response to these questions Teaching European Union Politics analyses the interdisciplinary nature of teaching this broad subject and reflects on a wide range of educational approaches It both advances the pedagogy and practice of teaching EU politics and provides practical support for those looking to adopt innovative and learner oriented techniques

The European Parliament Ariadna Ripoll Servent, 2017-11-03 This broad ranging text examines the political dynamic of the European Parliament EP showing how the EP is a key component of the political system of the EU It looks at how and how effectively the parliament translates citizen demands into policies and in so doing contributes to wider debates around democracy and legitimacy in the EU

Britain in the European Union P. Giddings, G. Drewry, 2004-04-20 Written by the same team that produced Westminster and Europe 1996 this book reports and analyzes the major developments in the relationship between Britain and the European Union between the ratification of the Maastricht Treaty and the British General Election of 2001 Britain in the European Union focuses particularly on the EU s impact on parliamentary institutions in the UK and on law and policy in such controversial areas as employment and the social chapter foreign and security policy enlargement and governance immigration and asylum and the single currency
