Evergreen Review 16:

The Oxford Critical and Cultural History of Modernist Magazines Peter Brooker, Andrew Thacker, 2009 This volume contains 44 original essays on the role of periodicals in the United States and Canada Over 120 magazines are discussed by expert contributors completely reshaping our understanding of the construction and emergence of modernism The Cambridge Companion to Edward Albee Stephen Bottoms, 2005-07-21 Edward Albee perhaps best known for his acclaimed and infamous 1960s drama *Who's Afraid of Virginia Woolf* is one of America's greatest living playwrights Now in his seventies he is still writing challenging award winning dramas This collection of essays on Albee which includes contributions from the leading commentators on Albee's work brings fresh critical insights to bear by exploring the full scope of the playwright's career from his 1959 breakthrough with *The Zoo Story* to his recent Broadway success *The Goat or Who is Sylvia* 2002 The contributors include scholars of both theatre and English literature and the essays thus consider the plays both as literary texts and as performed drama The collection considers a number of Albee's lesser known and neglected works provides a comprehensive introduction and overview and includes an exclusive original interview with Mr Albee on topics spanning his whole career Octavio Paz: A Study of His Poetics Jason Wilson, 1979-06-21 Jason Wilson's spiritual biography of a poet thinker approaches Paz's poetics through his fertile relationship with Andr Breton the surrealist leader

Copyright Office, 1957 *Contemporary American Women Writers* Catherine Rainwater, William J. Scheick, 2014-10-17 Ann Beattie Annie Dillard Maxine Hong Kingston Toni Morrison Cynthia Ozick Grace Paley Marge Piercy Anne Redmon Anne Tyler and Alice Walker all seem to be especially concerned with narrative management The ten essays in this book raise new and intriguing questions about the ways these leading women writers appropriate and transform generic norms and ultimately revise literary tradition to make it more inclusive of female experience vision and expression The contributors to this volume discover diverse narrative strategies Beattie Dillard Paley and Redmon in divergent ways rely heavily upon narrative gaps surfaces and silences often suggesting depths which are lamentably absent from modern experience or which mysteriously elude language For Kingston and Walker verbal assertiveness is the focus of narratives depicting the gradual empowerment of female protagonists who learn to speak themselves into existence Ozick and Tyler disrupt conventional reader expectations of the anti novel and the family novel respectively Finally Morrison's and Piercy's works reveal how traditional narrative forms such as the Bildungsroman and the soap opera are adaptable to feminist purposes In examining the writings of these ten important women authors this book illuminates a significant moment in literary history when women's voices are profoundly reshaping American literary tradition Radical Ambition Dan Geary, 2009-04-14 Sociologist social

critic and political radical C Wright Mills 1916-1962 was one of the leading public intellectuals in twentieth century America. Offering an important new understanding of Mills and the times in which he lived, *Radical Ambition* challenges the captivating caricature that has prevailed of him as a lone rebel critic of 1950s complacency. Instead, it places Mills within broader trends in American politics, thought, and culture. Indeed, Daniel Geary reveals that Mills shared key assumptions about American society even with those liberal intellectuals who were his primary opponents. The book also sets Mills firmly within the history of American sociology and traces his political trajectory from committed supporter of the Old Left labor movement to influential herald of an international New Left. More than just a biography, *Radical Ambition* illuminates the career of a brilliant thinker whose life and works illustrate both the promise and the dilemmas of left-wing social thought in the United States.

Rebel Publisher Loren Glass, 2018-04-24. How Grove Press ended censorship of the printed word in America. Grove Press and its house journal *The Evergreen Review* revolutionized the publishing industry and radicalized the reading habits of the paperback generation. In telling this story, *Rebel Publisher* offers a new window onto the long 1960s from 1951 when Barney Rosset purchased the fledgling press for \$3,000 to 1970 when the multimedia corporation into which he had built the company was crippled by a strike and feminist takeover. Grove Press was not only one of the entities responsible for ending censorship of the printed word in the United States but also for bringing avant-garde literature, especially drama, into the cultural mainstream. Much of this happened thanks to Rosset, whose charismatic leadership was crucial to Grove's success. With chapters covering world literature and the Latin American boom, experimental drama such as the *Theater of the Absurd*, the *Living Theater*, and the political epics of Bertolt Brecht, pornography and obscenity including the landmark publication of the complete work of the Marquis de Sade, revolutionary writing featuring Rosset's daring pursuit of the Bolivian journals of Che Guevara, and underground film including the innovative development of the pocket filmscript, Loren Glass covers the full spectrum of Grove's remarkable achievement as a communications center for the counterculture.

Local Activism for Global Climate Justice Patricia E. Perkins, 2019-09-06. This book will inspire and spark grassroots action to address the inequitable impacts of climate change by showing how this can be tackled and the many benefits of doing so. With contributions from climate activists and engaged young authors, this volume explores the many ways in which people are proactively working to advance climate justice. The book pays special attention to Canada and the Great Lakes watershed, showing how the effects of climate change span local, regional, and global scales through the impact of extreme weather events such as floods and droughts, with related economic and social effects that cross political jurisdictions. Examining examples of local-level activism that include organizing for climate-resilient and equitable communities, the dynamic leadership of Indigenous peoples, especially women, for water and land protection, and diaspora networking, *Local Activism for Global Climate Justice* also provides theoretical perspectives on how individual action relates to broader social and political processes. Showcasing a diverse range of inspirational and thought-provoking case studies, this book will be of

great interest to students and scholars of climate justice climate change policy climate ethics and global environmental governance as well as teachers and climate activists

Samuel Beckett's Legacies in American Fiction James Baxter, 2021-11-30 Samuel Beckett's Legacies in American Fiction provides an overdue investigation into Beckett's rich influences over American writing Through in depth readings of postmodern authors such as Robert Coover Donald Barthelme Thomas Pynchon Don DeLillo Paul Auster and Lydia Davis this book situates Beckett's post war writing of exhaustion and generation in relation to the emergence of an explosive American avant garde In turn this study provides a valuable insight into the practical realities of Beckett's dissemination in America following the author's long standing relationship with the countercultural magazine Evergreen Review and its dramatic role in redrawing the possibilities of American culture in the 1960s While Beckett would be largely removed from his American context this book follows his vigorous albeit sometimes awkward reception alongside the authors and institutions central to shaping his legacies in 20th and 21st century America

A Cynthia Ozick Reader Cynthia Ozick, 1996 Ozick's range of influences is obvious in the fine selections of poems and short stories as well as essays from Art those new to Cynthia Ozick's work will revel in the discovery of a major writer

Freedom to Offend Raymond Haberski, 2007-03-16 In the postwar era the lure of controversy sold movie tickets as much as the promise of entertainment did In Freedom to Offend Raymond J Haberski Jr investigates the movie culture that emerged as official censorship declined and details how the struggle to free the screen has influenced our contemporary understanding of art and taste These conflicts over film content were fought largely in the theaters and courts of New York City in the decades following World War II Many of the regulators and religious leaders who sought to ensure that no questionable content invaded the public consciousness were headquartered in New York as were the critics exhibitors and activists who sought to expand the options available to moviegoers Despite Hollywood's dominance of film production New York proved to be not only the arena for struggles over film content but also the market where the financial fates of movies were sealed Advocates for a wider range of cinematic expression eventually prevailed against the forces of censorship but Freedom to Offend is no simple homily on the triumph of freedom from repression In his analysis of controversies surrounding films from *The Bicycle Thief* to *Deep Throat* Haberski offers a cautionary tale about the responsible use of the twin privileges of free choice and free

expression In the libertine 1970s arguments in favor of the public's right to see challenging and artistic films were twisted to provide intellectual cover for movies created solely to lure viewers with outrageous or titillating material Social critics who stood against this emerging trend were lumped in with the earlier crusaders for censorship though their criticism was usually rational rather than moralistic in nature Freedom to Offend calls attention to what was lost as well as what was gained when movie culture freed itself from the restrictions of the early postwar years Haberski exposes the unquestioning defense of the doctrine of free expression as a form of absolutism that mirrors the censorial impulse found among the postwar era's restrictive moral guardians Beginning in New York and spreading across America throughout the twentieth century the battles between these opposing worldviews set the stage for debates on the social effects of the work of artists and filmmakers

Being Watched Carrie Lambert-Beatty, 2011-02-25 How Yvonne Rainer's art shaped new ways of watching as well as performing how it connected 1960s avant garde art to politics and activism In her dance and performances of the 1960s Yvonne Rainer famously transformed the performing body stripped it of special techniques and star status traded its costumes and leotards for T-shirts and sneakers asked it to haul mattresses or recite texts rather than leap or spin Without discounting these innovations Carrie Lambert Beatty argues in *Being Watched* that the crucial site of Rainer's interventions in the 1960s was less the body of the performer than the eye of the viewer or rather the body as offered to the eye Rainer's art Lambert Beatty writes is structured by a peculiar tension between the body and its display Through close readings of Rainer's works of the 1960s from the often discussed dance *Trio A* to lesser known Vietnam war era protest dances Lambert Beatty explores how these performances embodied what Rainer called the seeing difficulty As Rainer said Dance is hard to see Viewed from this perspective Rainer's work becomes a bridge between key episodes in postwar art Lambert Beatty shows how Rainer's art and related performance work in *Happenings* *Fluxus* and *Judson Dance Theater* connects with the transformation of the subject object relation in minimalism and with emerging feminist discourse on the political implications of the objectifying gaze In a spectacle soaked era moreover when images of war played nightly on the television news Rainer's work engaged the habits of viewing formed in mass media America linking avant garde art and the wider culture of the 1960s Rainer is significant argues Lambert Beatty not only as a choreographer but as a sculptor of spectatorship

Paperbound Books in Print, 1961 *Constructing Disability after the Great War* Evan P. Sullivan, 2024-10-08 As Americans both civilians and veterans worked to determine the meanings of identity for blind veterans of World War I they bound cultural constructs of blindness to all the emotions and contingencies of mobilizing and fighting the war and healing from its traumas Sighted Americans wartime rehabilitation culture centered blind soldiers and veterans in a mix of inspirational stories Veterans worked to become productive members of society even as ableism confined their unique life experiences to a collection of cultural tropes that suggested they were either downcast wrecks of their former selves or were morally superior and relatively flawless as they overcame their disabilities and triumphantly journeyed toward successful

citizenship Sullivan investigates the rich lives of blind soldiers and veterans and their families to reveal how they confronted barriers gained an education earned a living and managed their self image while continually exposed to the public s scrutiny of their success and failures *Associate Justice William O. Douglas, Final Report by the Special Subcommittee on H.Res. 920 ... 91-2, Pursuant to H.Res. 93, September 17, 1970* United States. Congress. House. Judiciary,1970 *Venice West* John Arthur Maynard,1991 In this fascinating book John Arthur Maynard tells the story of the poets and promoters who invented the Beat Generation and who in many cases destroyed themselves in the process In this look at the least remembered but in its time most publicized beat enclave Maynard focuses on two of Venice s most newsworthy residents Lawrence Lipton and Stuart Z Perkoff Lipton began as a writer of popular detective stories and screenplays but was determined to be recognized as a poet and social critic He eventually published *The Holy Barbarians* which helped to create the enduring public image of the beatnik Stuart Perkoff was a more gifted poet with fascination and horror we follow his failed attempts to support his family his heroin addiction his first wife s courage and mental fragility his sexual entanglements his imprisonment and the development of his own writing Other characters who move in and out of the story are Kenneth Rexroth Jack Kerouac and Allen Ginsberg as well as lesser known poets artists hangers on and the many women who were rarely treated as full members of the community **The New York Times Book Review** ,1969-10

Hyperscapes in the Poetry of Frank O'Hara Hazel Smith,2000-10-01 Frank O Hara s poetry evokes a specific era and location New York in the fifties and early sixties This is a pre computer age of typewritten manuscripts small shops and lunch hours it is also an age of gay repression accelerating consumerism and race riots Hazel Smith suggests that the location and dislocation of the cityscape creates hyperscapes in the poetry of Frank O Hara The hyperscape is a postmodern site characterised by difference breaking down unified concepts of text city subject and art and remoulding them into new textual subjective and political spaces This book theorises the process of disruption and re figuration which constitutes the hyperscape and celebrates its radicality
